## Oath of Dedication and Loyalty

“I hereby pledge my undying loyalty to the WHITE RACE and to the CHURCH OF CREATIVITY: That I am a true member of the WHITE RACE and will faithfully practice RACIAL LOYALTY; and that at all times, I will practice the GOLDEN RULE, namely, to promote the best interests of the WHITE RACE.

“To the Creed of Creativity, I forever pledge my Life, my Sacred Honor and my Religious Zeal.”

## The Enemy of My Enemy is Not My Friend

### **Islam: As Much the Enemy As is its Semitic Cousin, the Jew**

Have you ever met a Muslim that is prepared to deny its own religion? That is, in Christian terms, to claim it is a lapsed Muslim? I have, and it is a malicious, deceitful creature akin to its cousin, the non-religious Jew. Just as with the Jew, the Muslim is a non-White with its own racial agenda. They may profess an outright hatred for the Jew and the Nigger, but it is you, White man, that the Muslim – religious or not – saves his, or her worst behaviour for.

A couple of years ago, I moved into a new home. My first real home since my divorce more than twenty years ago, and probably the only home I have ever liked in my nearly fifty years on this Earth. Knowing a few tradesmen in the area, I was warned about the Muslim living opposite from me; I was told he was a Jihadi that hated White people and would bully the local tradesmen with his pro-Muslim, pro-Abo, anti-White garbage as they tried to get on with their job. I listened and I did a little of my own investigating, finding that the Muslim had moved out. I thought everything was clear and I promptly moved in with a young Brother taking the spare room for the next year.

Everything appeared fine. No problems here.

Then the Jihadi's mother moved in. A babbling, ugly old, half-dressed, half-witted Palestinian Muslim who proclaimed herself to be non-religious.

Straight away she began bad-mouthing the rest of the neighbours, calling them alcoholics and drug dealers. I know that type well, so I knew she was the type that would be talking about me in the same terms as. However, if that's all she was going to do, then I wouldn't be writing this. Petty rumours don't interest me.

As I expected with the ugly old Shit-Skin, things soon began to escalate: First it began to try to push its own racial agenda, going on about the plight of Palestinians, how she is a Palestinian, how she and all Palestinians are victims of the Jew, the media was controlled by the Jew and everything written and said about Muslims is a lie. According to her, no Muslim in the history of the world has ever done anything at all wrong: It's all lies by the Jew and the Crusaders. The Shit-Skin just didn't get it that my being polite was a mere façade to keep the peace. It must have seen me as a soft target to bend to its racial and religious agenda, otherwise, why else would it keep pestering me with its Palestinian garbage whenever I walked out the front door.

Next came the Reclaim Australia Rallies – meant to reclaim Australia from Muslim extremist influences – with the mainstream media showing bloody brawls around the country between the Marxists and the Patriots and claiming that the streets are being overrun by *White Supremacists*. Note: The South Australian rallies have been more or less peaceful, with the police doing an excellent job keeping the Marxists under a measure of control ... although the media reported otherwise. Having attended a few of the Reclaim Rallies myself, I knew the truth, so when the Shit-Skin tried to lecture me about how Australia has suddenly become extremely racist; instead, it was the one that got the lecture from me about the Jewish media lying about the White Patriots as part of its own divide and conquer agenda, and that those Reclaim Rally people are so *multicultural*, they absolutely love it when Muslims whom claim to be against Islamic Extremism, as well as Sikhs and Hindus join with them. In fact, the pathetic bastards just about fall down in grateful ecstasy at the mere presence of any non-White that shows up at their rallies.

That must have left it completely dumb, because from that moment on it quit trying to push her racial and religious agenda on me and became obsequiously nice. I, in the meantime maintained the façade of politeness when I was forced to interact with her. When you have a mud as a neighbour, you don't have any other choice unless you want all hell to break loose ... and although I am prepared for anything, it has to be their choice. In other words, I gave her and her husband an opportunity to prove they can act like decent human beings – and of course they failed and resorted to type.

**According to Sharia Law:  
Muslims should engage in Taqiyya and lie to non-Muslims to advance Islam.**

And then the Paris murders occurred. There was an immediate change in attitude. I was pleased I was now able to go outside without the old Shit-Skin in its panties bending over flashing its fat ugly mud-flap arse at me. Finally there was no more need for me to keep up the façade of politeness –

and since I had nothing to say to her or her husband, it was a case of ... Shit happens. And then the reports started coming in: It was grabbing hold of everyone she could in the extended neighbourhood – White and Black – and telling them that I'm a "White Supremacist," a "Nazi," a "Racist" and that they all must do everything they could to remove me from the neighbourhood. Anyone who resisted was ordered to never have anything to do with me. It was encouraging people to commit acts of violence; it was boasting that it has me so scared of her, that I'm frightened to come out of my home, while at the same time claiming that I am so violent, she needs protection. This is the standard contradictory behaviour to expect from a non-White once it decides to play the race card, playing the victim while simultaneously acting tough, trying to start a mini race-war following their anti-White agenda.

Anyone with even a remote hint of blackness, the bloated pig gleefully informed that it's a Muslim; anyone White, it tried to pass it off that it's Italian or Greek or something else European. Although, with the nigger corn-row hair-do it had, others had already come to their own conclusions – just none guessed it was a Muslim. Another story it put out was that it was born in Bethlehem ... which always excites the Christians with their love of everything *Jewsus*.

Anyway, having been given the same report by six or seven different neighbours from the surrounding area, I was quite satisfied to fill each of them in on everything I knew about that *refugee* as it had also claimed it was ... but basically I stuck to the simple facts that the Shit-Skinned Sand-Nigger and her husband were Muslims from Palestine, both had remained extremely polite up until the murder of over a hundred White people in Paris by Muslims, when their attitude suddenly changed ... and her son is a Jihadi.

The result was that instead of the neighbourhood turning on me as planned, it is her – the deceitful Muslim that is being, it is her that hides inside her home afraid to come out. And any calls she's made to the local authorities about me have been wasted calls. People are genuinely sick of being race-baited by manipulating foreign muck and can see right through it.

As the title of this article says, the enemy of my enemy is not my friend, and I know that many of you still need to learn that lesson. So pay attention and remember that just because the Muslim speaks ill of the Jew or whatever else floats your boat does not make him – or her, your friend. Every racial group has their own agenda, and the only common goal amongst non-Whites is the total annihilation of "Western" civilisation and the ultimate extermination of all White people. A White person cannot be friends with a non-White unless the White has no self-respect at all and is willing to adorn a perpetual cloak of guilt and commit moral and intellectual suicide to appease the inevitable victim status claimed by the non-White. All you can ever do is be polite and move along.

In my neighbourhood, for the moment, all is peaceful – but experience tells me that there is only one way that this can resolve itself – extreme violence: Eventually the Muslim will con some brain-dead nutcase to take up its personal Jihad against the local Creator and they will ultimately fail,

because once they turn violent, I will have nothing to lose ... and the Islamic Jihad will meet the Bloody Racial War.

RaHoWa!

Reverend Cailen Cambeul, P.M.E.

Dear Creativity Alliance,

14 March 2016

Dear Creativity Alliance,

*I found your organisation online and I have a few questions. My best friend is black, but I am white -- is it acceptable for us to still be friends? I love her a lot, but do you think I am actually betraying my people by continuing friendship with her? Why exactly is that?*

*I was just wondering if you received my email dated 20 March. If you didn't, I would like to know whether it is acceptable for a white person to be friends with a black person. I ask because I am white myself and have a black best friend. Am I betraying the White Race by continuing this friendship? I must admit, I am a little confused.*

*I hope to hear from you soon,*

*I look forward to hearing from you soon,*

## Joining the Church

Greetings Rev. Cambeul,

*I have a membership application to mail to the church. On the most recent newsletter it mentioned that for a short time the membership fee was being waved. Is this still available? Also since I am located in the US (Massachusetts) what/who would be the best person/address to mail it off to.*

Thanks,

Sister V.  
U.S.A.

Our Reply:

The easiest way is to email your application or the details required in the application to [Admin@creativityalliance.com](mailto:Admin@creativityalliance.com).

And yes, the membership fee is still being waved. As long as Reverend Cambeul continues as Church Administrator, that's the way it will remain. When you are PM, you can set your own fees.

*To the Creativity Alliance,*

*As an older Creator with our Glorious Founder, Ben Klassen, I was disappointed to see Creativity morph into a Skinhead cult after the Glorious Founder's demise. I am honored to see that Creativity has returned to its true path and the Skinhead aberration is gone.*

*I am looking forward to once again joining the true inheritors of Ben Klassen's legacy and taking my place in the mighty battering ram that is the Church of Creativity.*

*Hails to all my White Brothers and Sisters.  
RaHoWa.*

## Nietzsche And Why He Despised Germany

From a Question by Brother Wilhelm Anthony

I agree with everything in Creativity. All with one exception ... Nietzsche.

I will be honest. I haven't read his books, taken time to learn about his beliefs etc. But I do know that he absolutely hated Germans. So I cannot fathom how we can really respect Nietzsche when he says Germans are "made up of the most extraordinary mixing and mingling of races." And he further says, "It is even part of my ambition to be considered as the despiser of the German par excellence."

I don't understand this at all!

An explanation or justification would be appreciated.

\* \* \* \* \*

## Nietzsche the Nihilist

Nietzsche was a nihilist. His idea was to tear down society and rebuild it in a vision set to his own moral and political ideals - something similar to Creativity as there is practically nothing left today that we Creators see as morally and politically worthwhile in today's society.

Regarding Nietzsche's dislike of Germans: In Nietzsche's time, Germany was a brand new nation cobbled together from Germanic states speaking a wide variation of dialects, and outlying Slavic border states.

When we think of Germany today, we see it through the post White War One eyes of former enemies become brothers. We don't see the differences that still exist to this day between the various regions and dialects that make up modern Germany. We see Germany in much the same way our grandfathers in khaki saw Germany - as a monolithic nation devoid of cultural diversity.

For comparison, most of the world sees Britain in much the same light with top-hatted poofs running the show and cheery Cockneys at the bottom, slaving away in the coal mines and the factories singing away like Disney dwarves. America, Canada, Australia, New Zealand and South Africa: We're all seen as variations on the cowboy theme with our own versions of the top-hatted poofs in charge.

Of course, none of our once White Nations can really be narrowed down to such idiotic descriptions, but that's what becomes of popular misconceptions. And it's the same for Germany and Germans.

A good example of the differences throughout Germany and Austria are the Terminator movies. Arnie being Austrian speaks absolutely perfect German, but even though he requested to dub his own dialogue in the Terminator movies into German, the studio refused and hired someone else to

do the job. The reason: To most Germans, Arnie with his Austrian accent sounds like a rustic farmer with his straw hat, smock and rubber boots, chewing on his pipe and shagging his sheep. You can just imagine how if Arnie was allowed to dub his own dialogue into German, the Terminator movies would have been Germany's most successful comedy series. When you look at it that way you can understand how the people of Nietzsche's newly united Germany felt. After all, apart from all the cultural and linguistic differences, they had been at war with each other for near a thousand years before that.

White War One created a united Germany in ours and Germans' minds in a sense that the political formation of the nation of Germany in 1873 did not. It will be victory following the Racial Holy War between White Europeans and the muds in their midst that will accomplish the same for Europe today. Perhaps then, brother, it will be your grandsons that are asking why our generations so mocked the European Union?

### News by White People for White People

#### **Creativity in the News**

This month we show that Creativity's Credo has finally reached mainstream U.S.A.

#### **Prominent Trump supporter with controversial tattoos defended**

Extract: A Fayetteville woman who volunteers at the downtown Trump campaign headquarters is not a white supremacist, her father-in-law says, even though she has what may be white power tattoos.

Pete Tilly is one of two people who head up the Gillespie Street office for the Republican presidential front-runner. Members of his family volunteer at the headquarters, including 33-year-old Grace Tilly, who is married to his son, Farron.

The Tilly family, who have been motivated to work for a political campaign for the first time, were featured as part of a PBS "NewsHour" report that was televised Tuesday. The story gives their take on why they support Trump.

But the segment has drawn criticism after Grace Tilly was shown making phone calls on behalf of Trump from the campaign office while sporting a pair of prominent tattoos associated with neo-Nazis.

They include a particular version of the Celtic Cross on her hand. The version is also known as Odin's Cross and is used to identify with white power movements, according to published accounts. Her left hand has the number 88, which symbolizes the letter H, the eighth letter of the alphabet. Back to back, the numbers signify "Heil Hitler" - the universal neo-Nazi greeting, accounts say.

The Trump campaign did not respond to emails Thursday seeking comment for this story.

Pete Tilly said he didn't think the show's producers were aware of the tattoos.

Attempts to reach Grace Tilly were unsuccessful. She has said the tattoos are tied to her family's

Celtic religious beliefs.

Farron Tilly, his son, said he was not interested in talking about his wife's tattoos. "I think it's a bunch of mudslinging," he said.

"We have said they have personal meaning to us," he said. "It's personal business."

Farron Tilly's YouTube channel - which shows up when using his username, farron666 - includes videos for "Nature's Eternal Religion" under the playlist "WhitePridelsAllRight."

"Nature's Eternal Religion" was written by the late Ben Klassen, a former Florida legislator who founded the racist, anti-Semitic Church of The Creator. The ideology of that group, now known as the CHURCH OF CREATIVITY, is classified as neo-Nazi by the Southern Poverty Law Center.

Farron Tilly declined to comment on what was posted on his YouTube space.

"I'm not going to get involved in this," he said.

According to a review on Amazon.com, the book "Nature's Eternal Religion" critiques "Christianity, Judaism and Islam alike, discusses race in history and the lessons which have to be taken for the white race to survive. Finally it lays out the basis of the religion of Creativity, which seeks to replace Christianity as the dominant religion of the Western world."

### **Stanko, Applegarth tangle with Legion**

Note: Mr Stanko is not a member of the Church of Creativity, nor does he represent Creativity.

Extract: Rudy Butch Stanko and Joseph Applegarth filed the suit March 2, asking the court to order the Chadron American Legion Post to reverse its decisions to ban Applegarth from its property and to not hire his business in the future. They are also seeking \$1 million in punitive damages.

Court documents filed by the pair allege that the American Legion is discriminating against Stanko and Applegarth for exercising their free speech rights, claiming civil rights violations. They charge that the American Legion and Marshall in his capacity as commander are violating their civil rights by banning them for exercising their First Amendment rights, by "firing" Applegarth for the same, for violating the federal "Section 1983" law, for violating their Fifth and 14th Constitutional Amendment rights without due process of law and for contacting the Chadron Police Department to notify them of the ban and the Legion's intent to press trespassing charges against them.

The incident, the documents say, has caused "great humiliation, embarrassment, and mental suffering, pain, distress and anguish."

The lawsuit stems from a letter Marshall sent to Applegarth Feb. 19 after the latter wrote a piece in Feb. 17 issue of The Stampede, an online

newspaper published by Stanko, who lives in Sheridan County. Applegarth's piece was in response to an article Stanko wrote in a January issue of his newspaper.

Stanko said in his piece that he is "sick and tired of glorifying veterans for being on the dole for fighting for an alleged freedom." He called the American flag a "flag of tyranny" and went on to say that veterans are not the "brightest light bulbs."

"I want anyone to tell me one freedom that these veteran cripples have preserved for our posterity," he wrote.

Previously, Stanko unsuccessfully sought more than \$180,000 from the Wyoming Game and Fish Department in 2004 as payment for 198 cattle he said were killed by grizzlies. In 1984, Stanko's Cattle King Meat Packing Company, based in Colorado, was caught in a scheme to sell meat rejected by inspectors, much of it slated for the National School Lunch Program. Stanko served six years in federal prison for the incident, during which time he wrote an anti-Semitic book claiming a Zionist conspiracy to destroy his business. In 2006, he was convicted of being a felon in possession of weapons; he was sentenced on the charges in 2012 and ordered back to prison for 13 months.

Stanko also successfully challenged Montana's speed limit law that only required driving in a "careful and prudent manner." However, he lost cases in Montana challenging the need for a state livestock dealer's license and in arguing that as an ordained minister for the Church of the Creator he should have been allowed to preach to inmates. The Church of the Creator is a white supremacist church.

#### UK: British Man Arrested for Asking a Muslim to Explain Brussels

Extract: Matthew Doyle, believed to work at a south London-based talent and PR agency, wrote: "I confronted a Muslim woman in Croydon in south London, England yesterday.

"I asked her to explain Brussels. She said 'nothing to do with me'. A mealy mouthed reply."

Mr Doyle was later arrested with police confirming: "A 46-year-old man was this evening arrested at his home in Croydon on suspicion of inciting racial hatred on social media. He has been taken to a south London police station" and was charged with using social media to incite racial hatred after more than a day of questioning by police.

## Muslim woman in Sydney asked about terrorism takes a stand

Extract: A YOUNG Sydney Muslim woman (Mini Elali, age 27) took a stand this week when an elderly man asked her: "How are the terrorists going?"

"I was shocked and replied, 'What?' He repeated the question. I answered, 'How would I know?'"

"It made me feel upset, he insinuated I was a terrorist. And I find that offensive ... I'm sick of being asked continuously to condemn Daesh and other similar groups ... "I only speak for myself, I am not a spokesperson for anyone. Asking me and any Muslim to condemn them implies if we don't, we condone (what they do)."

Her message is this: "Muslim women are not easy prey or a target for bigoted men ... There are many bigoted extremists in Australia, and like extremists in any community, they are the loudest."

### A Creator's Response

White people - Australians, British, Americans, Germans and every perceivable blend of European - that do not immediately condemn Hitler and the Nazi era and on demand are denounced as Nazis and blamed for the "Holocaust" and the murder of Homos. How about the DEMAND that White Australia say "Sorry" to the Abos ...? How about Muslims and their constant bickering about "Crusaders" ... about "White Supremacists" ... about "Racists" ...? How about every damned Nig-Nog demanding we White people prostrate ourselves on the ground pleading for their forgiveness because of the imagined sins of our forefathers ... or more frequently, the imagined "Racist" thoughts that every bloody Nig-Nog thinks sits fermenting in a White person's mind?

Hey you Muslim bitch, if you ever read this, we CREATORS know it's not about Islam. It is about RACE! You can drop your religion like the bad smell it is, but you cannot drop your racial-cultural instinct to hoard to your own kind in your ghettos, vying with your neighbouring multiculti Nig-Nogs for the ultimate Trophy for Victimhood, jabbering about how the privileged White Man makes it sooo difficult for you with his constant and all encompassing "racism."

Take your Europhobia and F\*ck off back to Africa.

#### In Union We Stand

From the islands to the cities, from the ports into the sea.

We are strong, we will always be

Blazing through the wreckage, burning all we see

The life we lead, committed to be free

Our union is a fortress

Together we are bound

A common bound in freedom, and in sound

So raise your voices high

For miles around to hear

Let them know, we are drawing near...

In union we stand,

As they blaze across the land

In union, we make a final stand...

A peaceful co-existence, is dropping out of sight

So band together, together we will fight

Blasting the resistance, marching to the top

They started this, we say when it stops

Strike fear within their hearts

Strike down those in your way

Let them know, that we live, today

They threw us into the flames

Did not hear our cries

But now, from the ashes we arise ...

In union we stand,

As they blaze across the land

In union, we make a final stand...
