Oath of Dedication and Loyalty

“I hereby pledge my undying loyalty to the WHITE RACE and to the CHURCH OF CREATIVITY: That I am a true member of the WHITE RACE and will faithfully practice RACIAL LOYALTY; and that at all times, I will practice the GOLDEN RULE, namely, to promote the best interests of the WHITE RACE.

“To the Creed of Creativity, I forever pledge my Life, my Sacred Honor and my Religious Zeal.”

RAHOWA!

The CREATIVITY ALLIANCE neither condones violence or unlawful activities nor do we promote or incite them, however, we demand that our unconditional right to freedom of religion be upheld by any means, and at all costs.

Democracy

The Triumph of the Great Voter Swindle

I delayed June's issue of Racial Loyalty in order to take in three separate democratic elections across three continents: The US and the Australian federal elections, and the British referendum regarding an exit from the European Union – or the Brexit at that has become colloquially known. As everyone reading this should already know that the Brexit referendum was a success and Britain is now on its way out of the EU.

I have to admit that I never believed it could ever happen. A referendum that holds to its stated democratic goals and abides by the will of the people, rather than the will of the ruling elite! Surely they must be joking? Well, the ruling elite were not joking and it has since become apparent that they had an agenda that was bad for Britain no matter what the outcome.

If Britain had remained in the EU, it would have been able to maintain a veto that could possibly put a stop to some of the worst rulings from Brussels. The Pound may have remained stable in comparison to a future Eurodollar failure, and Britain may – just may have been able to lead a coalition of EU representatives to shore up the borders and evict all of the faux refugees from European soil ... a good ole *Ship those Niggers Back!* But in all likely, the Pound would have been devalued along with the Eurodollar, and France and Germany would likely send their troops into Britain in order to facilitate the successful incursion of the masses of Third-World invaders onto the shores of the United Kingdom. The British Army under orders from Brussels would be seconded to German and French control and effectively neutered as a defence force, only to continue as a

European style paramilitary police force overseeing the civilian police and the general population. Well, that's the future Britain faced had it stayed in the EU, but now ...

Now that the Brexit has succeeded, we are looking at the eventual breakup of the United Kingdom within the next five to ten years, with Scotland, Northern Ireland and Wales all leaving in that order. England will then stand alone. Or will it?

What has been revealed in the last week is that the EU is now refusing to trade with Britain, unless Britain accepts the Eurodollar as currency, accepts the free-flow of persons across the borders and accepts every Third-World invader that Brussels foists upon it. Further, Britain will not have its veto powers of old, all previous judicial agreements are no longer valid, and the EU plans to have EU law take precedence to all formerly sovereign laws.

What they are saying is if Brussels states that saying "No!" to a Jew or a Nigger is an offence, and Britain says it is not, you will nevertheless be extradited to Brussels, where you will be tried, sentenced and virtually executed as a threat to the new social order of Euro-Jigaboos.

But Brexit was the voice of the people I hear you say.

And what of the American and Australian elections? Both countries are slowly leaving their two party system behind by either not voting (in Australia, voting is compulsory, so I voted for WHITE POWER – which is another way of saying none of the above), or voting the anti-government agenda by embracing independents and the smaller parties. In Australia this could lead to a hung parliament and another election, or backdoor deals so that one of the major parties retains power; but the future is certain in Australia at least: The twin party system is on its last legs and will soon be replaced by a mishmash of little parties working together in elastic coalitions.

And America is going the same way – although with its Hollywood style electioneering that annoys the rest of the world Americans are likely to continue their hero-worship of multi-generational political families, corrupt politicians, former actors and billionaires and vote for America's Greatest Idiot.

But if that's the will of the people ... I hear you say.

"If voting changed anything, they'd make it illegal." – Mark Twain

The only choice you have left is to refuse to partake in the sham that is democracy. Discard that faux political process for the real voice of the people – the only choice you have left:

White Revolution – It's the Only Solution.

RaHoWa!

Anything less, is cowardice and will lead to the ultimate surrender of your Racial and National Sovereignty. So, do you have what it takes to say "No!" to that Jew or to that Nigger? Then it's time to tune out, switch off and get Active: Join the Church of Creativity today for a Whiter and Brighter Future for you and the World, and together we will win this Racial Holy War.

Skinheads Ripped off Ben Klassen

Reverend Cailen,

Racist greetings and hail to you my friend and brother who fights to save our race. The bad news I am back in Oregon State Prison hole because some mud duck disrespected me.

Like you, I am also a soldier and have no remorse for any killings I have done in my past or any I do in the future – No matter what logo they wear. I am a Creator and will be one till my death, and I will always do what's right for our Church and the Alliance.

Re Skins: You know how I am, you are either a White Racist or not; and if not, I have no use for you because I love my Race – the White Race. But I remember when Ben Klassen started dealing with the Skins, and every time he got screwed. They stole money, books, etc. etc. I never trusted many of those scumbags. There are a few Skins here I like, but most are shit. Creativity is not and never was a Skin organization.

Give Nigger a pat for me.

Creativity Alliance,

Our problem in South Africa is that the churches - the Dutch reform, the Apostolic and smaller groups openly preach the mixing of the races, and the people are blind and deaf. They still stream to the churches.

*Brother LK
South Africa*

Our Reply

That is not just a problem for South Africa. It's a problem across the entire formerly all-White world. It does not matter what denomination of the Jewish cult of Christianity they claim to be, they are merely cross-bearing Marxists in priest garb preying on and fleecing their White flock for the benefit of the black wolf pack. What is happening to South Africa now will happen to the rest of the White world unless people can wake up, drop the Jewish cult of Christianity and abandon the nigger-loving, paedophile priests that infest the Christinsane world.

Racial Greetings,

I am a 37 year old male married with one child in Alabama. I have been a racist all my life, and involved with the movement for 20 years. I went through my religious phases, and stayed in Christian Identity for many years before becoming a pantheist. I have been looking into Creativity for some time now, and want to pursue it. I just have a few questions. When searching for Creativity groups I found yours, and another called the I understand the differences and may join yours soon. I am a family man, and never been into trouble. I don't

like groups with criminals and skinheads in them.

As far as "God" and the afterlife. I define "God" as the natural world so I think this is consistent with creativity. What is your opinion about reincarnation? I think we live on through our racial kin. So do you think if there is any type of "afterlife" that reincarnation is the most possible? Also do you have any chapters close to Alabama?

Thank you for your time, and I look forward to hearing back from you.

*Brother K.B.
Alabama, USA*

Our Reply

You define "God" as the natural world. Ben Klassen's methods differed from mine because he came from a Christian background as well. He always spoke of nature with some reverence, and referred to nature in print with a capital N, as if Nature was the personification of the natural world. Thinking of nature in this way is actually an unconscious part of the decoupling process from a life of spookism to one of logic and common sense. I come from an atheistic background and so have had to learn to accept the religious aspects of Creativity into my life. I am incapable of the unconscious personification of the natural world, but I do understand where you are coming from and I do tell you that you are not alone in that belief.

Regarding an afterlife, the only true afterlife is the continuation of our genes in our descendants, and in that way, we live forever. To alter those genes by injecting the alien DNA of the nigger (for example) into our genes is like injecting a virus that rewrites the DNA of our descendants thereby forever destroying any continuation of our genes. Genetic and cultural repetition over the generations ends so that there is no chance of a descendent somewhere, some-when in the future that perhaps looks and thinks like you. A person that could for all intents and purposes be described as your reincarnated

self. That is the power of genetics and the reason why the old see the dead in the faces and behaviour of the young.

Of course primitive muds do not understand genetics, so they put any genetic similarity down to magic, soul transference and the work of spooks.

That, brother, is the difference between a true afterlife with true reincarnation compared to the superstition of primitives.

We hope that you will soon become a Church Member and join with us as we win this Racial Holy War.

Article The White Man's Bible

A Book Review
By Brother Michael Jeffrey
<http://racialobserver.com>

The following review is taken from my site <http://racialobserver.com>

The White Man's Bible by Ben Klassen

The White Man's Bible was written by Ben Klassen in 1981, it is the follow up to the ground-breaking first book he wrote entitled Natures Eternal Religion. This is arguably his most popular and well-receive book of several that he has penned for his White racial movement called the World Church of the Creator, which he is the self-proclaimed Pontifex Maximus.

I read his first book about a year ago and was extremely impressed by his rationality and opinions on the subject of race, and his ideas on how we must move forward. I could immediately tell he was very much influenced by Adolf Hitler and especially Hitler's first book Mein Kampf. He separates the chapters into what he calls credos, and sets fourth his plan on how we can take the world back. This book adds a new dimension to the religion and that is Salubrious Living which later became the third book in the series. Salubrious Living takes into account health and proper diet. The author goes into many different historical events and asserts that Christianity is a suicidal religion that is crippling the White man's thinking.

I think Ben Klassen had a lot of great ideas and he had a very good perspective on the Jewish question. In my opinion I think everyone who considers themselves Pro-White or a White Nationalist should own this book and his seminal book entitled Natures Eternal Religion, These books are essential to help get our people's minds back from years and years of Jewish propoganda and brain pollution.

I have the utmost respect for Ben Klassen and what he tried to achieve by creating the first Racial Religion exclusively for White people to try to finally get the Jew off of our backs. I do not consider myself a Creator as Mr. Klassen referred to his followers in the movement, however I do agree with almost everything he has set forth in these books. If you have not read these books yet, you are really missing out and you can learn much from Mr. Klassen.

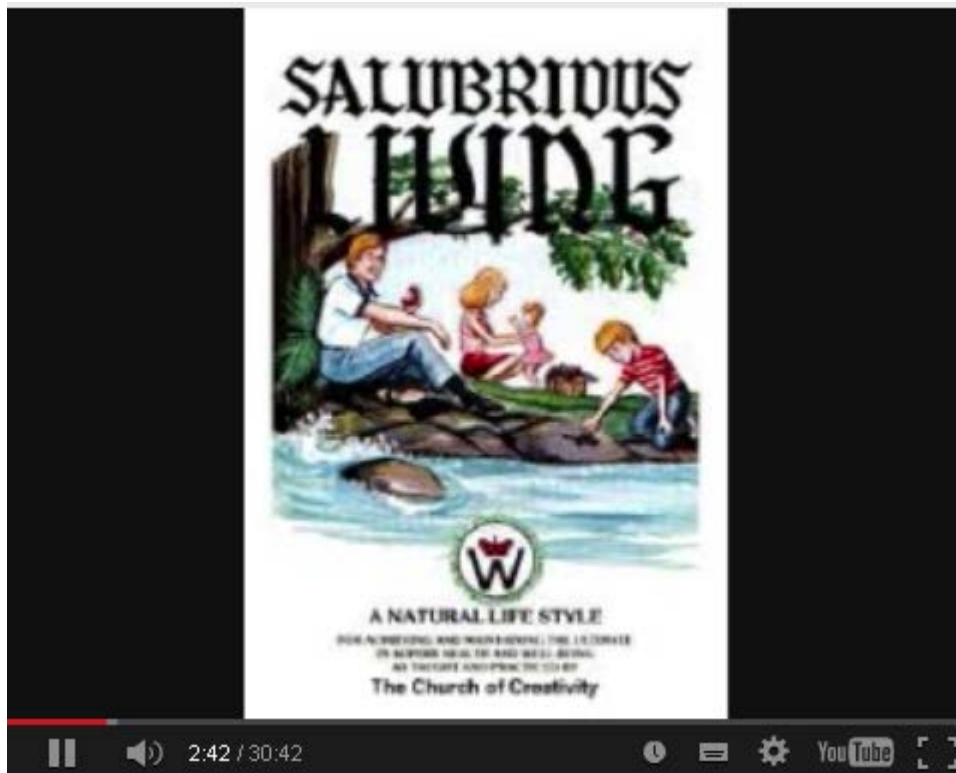

RIP Ben Klassen

When Niggers Attack

USA: For the first time in recorded history a Sand Nigger does America a favour killing Fifty Faggots

Extract: Orlando, Florida (CNN) An American-born [MUSLIM] man who'd pledged allegiance to ISIS gunned down 50 people faggots early Sunday at a gay nightclub in Orlando, the deadliest mass shooting in the United States and the nation's worst terror attack since 9/11, authorities said.

* The gunman, Omar Mateen, 29, of Fort Pierce, Florida, was interviewed by the FBI in 2013 and 2014 but was not found to be a threat, the FBI said.

* Mateen called 911 during the attack to pledge allegiance to ISIS and mentioned the Boston Marathon bombers, according to a U.S. official.

* Orlando police shot and killed Mateen.

Mateen carried an assault rifle and a pistol into the packed Pulse club about 2 a.m. Sunday and started shooting, killing 50 people and wounding at least 53, police said.

After a standoff of about three hours, while people trapped inside the club desperately called and messaged friends and relatives, police crashed into the building with an armored vehicle and stun grenades and killed Mateen.

"It appears he was organized and well-prepared," Orlando Police Chief John Mina said early Sunday. Authorities said they haven't found any accomplices.

The attacks were denounced on Sunday by numerous groups, including the Vatican, Afghan President Mohammad Ashraf Ghani and the Council on American-Islamic Relations, but cheered on by the racist and homophobic CHURCH OF CREATIVITY.

Some Humor

A Creator walks into a bar. A nigger barman asks if he would "like a Cowboy Cock Sucker."

The Creator whips out his 38, says "Suck on this Cow BOY!," and blows the nigger's head off.

The moral of this story is, why should the Muslims have all the fun?

BEING WHITE

SOME CALL IT "RACIST"

Harvard University Jewish Professor teaches freely
"Abolish the White race by any means necessary"

Imagine a Christian Professor teaching "Abolish the Jewish race", he would be fired, maybe jailed, and all the mainstream media will talk about him for six months

" Whiteness is a form of racial oppression. Treason to whiteness is loyalty to humanity. The goal of abolishing the White race is on its face so desirable that some may find it hard to believe that it could incur any opposition other than from committed White supremacists. The task is to bring this minority together in such a way that it makes it impossible for the legacy of whiteness to continue to reproduce itself. " ~ PROF. NOEL IGNATIEV

Jewish activists promote hatred against whites, indoctrinate non whites to blame whites instead of Jews for all miseries, incite for crimes, violence and discrimination against whites, indoctrinate whites that they are guilty, racist, supremacists, oppressors, evil, and therefore should welcome all the poor people of the world in their white-majority countries and become a minority
