THE JEWISH CONNECTION

THE PHONY FIGHT RUSE

A Treacherous Strategem to Ensnare the Naive and the Gullible. The Master Sneaks of all time have developed it into a deadly game.

by Ben Klassen, P. M.

The idea of Good and Evil is as old as history, and so is the supposed unending warfare between these two forces. Sometimes these forces are very real, as is the struggle between them. Many times they are artificially contrived for evil purposes and the fight between them is stage managed by the evil force to achieve devious ends.

Undoubtedly, from the view of THE CHURCH OF THE CREATOR, the most evil force in the history of mankind is the Jewish network that has plagued all White civilizations since the dawn of history, and managed to destroy every one of them. Undoubtedly, there is no other conglomerate that has become more skillful in the art of staging a phony fight and pulling in its enemies than have the Jews over the millennia of civilization.

The Jews did not invent the idea of Good and Evil, nor did they invent the idea of God and the Devil. In fact, they hardly invented anything original. But what we do have to give them credit for is that after adopting these and other ideas from their host nations, (Egypt, Babylonia or wherever) they have, as always, capitalized on this idea to the hilt, for their own benefit, and for the destruction of their enemies.

It has been said that there is nothing more deadly than an enemy inside the gates who through deviousness and deception has gained the confidence of his enemies as being a friend and benefactor. One such traitor inside the gates is said to be worth ten thousand known enemies on the outside.

Nothing is more treacherous, or more deadly than a supposed "friend", who through deceit, has gained your

confidence, but secretly is bent on your destruction. The Jews have been keenly aware of this artifice for thousands of years and they have honed their technique of this art to a fine edge. In this discussion we want to examine the Jewish artifice of concocting a fictitious enemy, then volunteering to rally to his defense in desperately trying to save him from the phony enemy they themselves have concocted.

Perhaps the prototype for this clever dodge is inherent in Genesis of the Jewish Old Testament. There we find the story of God, representing Good — (virtue, justice, love and a host of other goodies) on the one hand, and the Devil, representing Evil — (treachery, cunning, deceit, debauchery and a list of other baddies as long as your arm) on the other hand. Supposedly, they are bitter

(Continued on Page 2)

NOT LIKELY A "WHO"

We are going to talk about one of the most pervasive arguments the Christians have been able to muster over the centuries. Although the "logic" of their argument is pure deception, it has been surprisingly effective in convincing the unsuspecting yokels that their imaginary spooks, their "heaven" and "hell" are for real, that they must be for real, or how else can you explain the presence of this universe, which undoubtedly is real.

Their argument goes something like this. "There must be a God. How do you explain the presence of this world? If God didn't make it, who did?" As simple as that. They leave the average yokel nonplussed and confused. He, too, hasn't the foggiest idea as to "how it all

started". Since he doesn't have an answer, unwittingly and by default, our nonplussed yokel yields to the (supposedly) superior logic of the (even more) confused Christian.

In this dissertation we want to examine this fallacious argument, take it apart, expose it, and blow it to smithereens. Why? Because it is phony, childish and without the faintest tinge of merit. It is based on no logic, nor does it have the slightest shred of evidence to back it up. It is another case of non-sequitur. It has no more logic to it than saying since you don't live in Timbuktu, therefore you must live in London.

Let us start by looking at our vast universe, about which we know a

(Continued on Page 8)

PHONY FIGHT

(Continued from Page 1)

enemies and engage in a desperate struggle, a war to the bitter finish. This basic presumption is the bedrock of the Jewish-Christian religion that the Jew has foisted on the White Race. Like a gullible yokel the White Race has swallowed the bait and over the last nineteen centuries has stupidly clasped it to its bosom as "its very own" religion.

Let us examine how this phony fight dodge works.

Well, according to this Jewish story in the Old Testament on the very first day that mankind was "created", our "original" ancestors, Adam and Eve, who had no axe to grind with anybody, and who were as innocent as a newborn babe, unwittingly became involved in the struggle between two powerful adversaries at war. Both were telling them they were friends, had their best interests at heart and both were giving them stupid and contradictory advice. This naive couple, although supposedly adult, but only a day old, didn't have a score card to tell who the players were, and in fact, didn't even know there was a (con) game going on. They listened to one, then the other. The end result was that they were kicked out of their beautiful paradise and condemned, as were their offspring, to "earn their bread by the sweat of their brow" on the outside. So fast and effective was this involvement in someone else's "war" that before they could get their wits assembled and say "Jack Robinson" they were already on the outside looking in.

Now let us ask a few questions. Who was the loser in this fight? Well, undoubtedly, the innocent third party, Adam and Eve. They lost their nice homestead the first day of tenancy. What about the two bitter enemies, God and the Devil? They lost nothing, and are supposedly still carrying on their same feud with a Mexican stand-off after six thousand years. But are they really? If they were serious, surely there would ultimately be a conclusion, a victory or defeat. Why isn't there?

Let us probe further. Who is in charge of this show? Who staged it all? Well, since (according to the Jewish story) God is the Creator of all, since he is omnipotent, all powerful, fully in charge of heaven and earth, he must have also created Hell, the Devil and his minions and must undoubtedly be in

charge of the whole kit and kaboodle. If he didn't create it all, I ask you believing Christians, if he isn't in charge, who in the hell is? Did he or did he not create hell? Did he or did he not create the Devil? Since he knows everything forwards and backwards, didn't he know full well how it was all going to turn out? Therefore, didn't he deliberately create hell and the Devil? Didn't he deliberately con Adam and Eve to be the patsies, then blame the Devil, and worse still, blame Adam and Eve for being victims of a treacherous game of entrapment he himself had conjured up? Where in the hell was he while the Devil was conning them and when Adam and Eve needed him? Was he asleep at the switch? Would you knowingly leave your defenseless day old baby at the mercy of a fiendish molester and then blame it (the baby) for not being able to cope with the situation? Wasn't the Devil merely following the proscribed script? If God isn't in charge, who is? Are God and the Devil really at war? Or, are they merely playing an entertaining (for them) scam on us poor mortals?

* * * * *

Let us now examine the more modern version of the same con game, a con game that affects us more directly and is written by the same script writers, the same behind the scenes manipulators.

Let us move forward to the 20th Century and examine the relationship between the United States (God) and Russia (The Devil), and Israel (Hell).

Although the script for this whole comedy, or tragedy of errors, was written long before the beginning of the 20th century, its culmination is coming to a head as this century nears completion, if not earlier.

In Creative Credo No. 38 entitled, "Russia, Israel and the United States", of THE WHITE MAN'S BIBLE, I have already cited numerous historical events illustrating that the United States is not fighting Communism, that it is lying to the world and deceiving its own citizens in this gigantic ongoing fraud. Not only is it deceiving the White American taxpayers on this treacherous issue, but it is especially this group that is being robbed blind. It is particularly this group that is being inveigled, deceived, entrapped and marked for destruction. The Jews are utilizing the productivity and resources of the American worker to foot the bill for

this sinister sell out, and at the same time treacherously plotting his genocide.

Behind it all are the same Master Sneaks that wrote the Jewish-Christian bible. It is the same Jewish network that also wrote the script for Jewish Communism and are today pulling the strings in Russia, in Israel, in the United States and the rest of the world. But let us never forget that the main powerhouse of this foul conspiracy is neither in Russia, nor even in Israel. It has shifted geographically many times in the last 3,000 years, but it now sits mainly in the good old U. S. A., with New York and Washington D. C. being the prime centers of infestation and Jewish power.

Most Americans are snookered into believing that Russia is the central core of communism and its present seat of power. This is completely false, as is the fictitious concept that the Devil is the source of all evil and is trying to inveigle us all into hell.

Support the School for Gifted Boys.

We are proceeding with the plans for our school from which we feel sure will emerge the future leaders of the White Race.

We need your financial and moral support. If you don't who will?

I should know a little on this subject.

You see, I was born in Russia in 1918, at a time when the Bolshevik Reds were fighting the remnants of the dead Czar's followers, dubbed the White Army. Warfare, turmoil, anarchy and starvation swept through and over the peaceful Menonite village and settlement in which I was born. When we managed to get out of Russia in 1924 with our skins still intact, we were more fortunate than 100 relatives we left behind. Needless to say, I have not forgotten those events, nor have I neglected to study and do my homework on the growing monster as it succeeds in swallowing up country after country.

It is a long story, and I cannot recapitulate it here. Let me just briefly make a few points: (a) Communism is as Jewish as the Talmud and the Jewish-Christian bible. (b) The Russian people are not the culprits, but the victims, and they would like to get the Jewish-communist monkey off their backs

as much as anyone in the world. (c) The communist revolution in Russia was engineered by native Russian Jews in collaboration with the wealth, influence and power of the Jews in America. (d) Even after the communist take over, the communist regime in Russia would have collapsed in short order, and again several times in the course of its shabby 66 year tenure, if it had not been repeatedly supported financially, militarily and morally by the United States (God), who in turn is in the hands of the same scriptwriters that wrote the story of Job in the Old Testament.

In support of the United States-Russian (communist) collaboration charge, let me briefly list the following facts of history:

1. The basis of communism is Marxism, or Karl Marx's "Communist Manifesto" (1848) and "Das Kapital" (1867). Marx was a renegade Jew, the son of a Jewish Rabbi in Germany, but nevertheless, loyal to his race.

However, the seeds of Marxism did not begin with Karl Marx, but were already deeply imbedded in the Jewish Talmud, already 1,300 years old in Marx's day, and that creed, itself dates back in the "oral law" of the Synagogue, passed on orally by its Elders for another 1,500 years or more.

2. Russia at the time of the Czars had the largest Jewish population in the world. There were approximately six million of them, mostly of Khazar origin, and none of whose ancestors had ever set foot in Palestine. The vast majority of these swarthy Khazars hated the (Nordic) Romanov dynasty with a deadly passion, and plotted its overthrow and destruction. The Czar and the Russian government, in turn, did their best to stem this evil and alien pestilence in their midst by alternately trying appeasement and repression. In this they failed miserably and the 300 years old Romanov dynasty came to an end when a Jew shot the Czar in the back of the neck in 1917. The Czar's wife (Czarina) and their five children were also murdered at the same time.

3. Meanwhile, the Jews in the United States wholeheartedly supported the Russian revolution, morally and financially. Jacob Schiff, head of Kuhn, Loeb and Company, a powerful Jewish banking and brokerage house in New York, took the lead. Schiff himself contributed 20 million dollars in training 3,000 Jewish cutthroats (with Leon Trotsky in charge) in lower East side New York. At the

(Continued on Page 3)

PHONY FIGHT

(Continued from Page 2)

propitious moment in the middle of World War I they were shipped to Moscow. Even the Germans (who also were under the heel of the Jews) collaborated and sent Lenin through their territory in a sealed train.

Once in Moscow this trained band of Jewish revolutionaries knew exactly what to do and soon took over control of Moscow, of the government, and all of Russia.

4. It is interesting to note that before Jewish communism took over, the policy of the United States government was hostile to Czarist Russia, and morally and financially supported Japan in the Russo-Japanese War of 1904-5, but as soon as the communist Jews were in charge, the United States government did a complete flip-flop and covertly supported, encouraged and bolstered everything Russian, as we shall further see.

5. When in the 1920's the communist regime was floundering economically and was about to totter, the United States sent food and machinery to bolster that cruel and shabby regime.

6. The United States sent in engineers and supplies to drill Russia's oil fields, build her dams, her electrical works and set up her factories.

7. When the Russian economy was still faltering and her people starving in the 1930's, President Roosevelt, as one of the first acts in his regime, extended official recognition to the Bolshevik government of Stalin, and with it extended further credits. (The previous non-recognition was really a scam, such as God not recognizing the Devil).

8. When the German people under the leadership of Hitler finally recognized the Jewish menace and managed to break free of the Jewish stranglehold, the Jewish news media went hog wild in denouncing Germany and their government and the Roosevelt government fell all over itself, along with the news media, in welcoming and fawning over Jews, communists and reds.

9. The Jewish network had decided to declare war against Hitler and the German people even before Hitler came to power. When they ruthlessly managed to maneuver Germany into a position where she either had to fight or face disgrace and encirclement, the United States government was then totally hostile to Germany. It was irrevocably committed to the Jewish cause, to communist Russia, to

crush Germany. As we shall see, this is exactly what it did.

10. World War II was really a war between the Jewish bankers, in fact, the Jewish network as a whole, against the world, and the White Race in particular. Hitler, after freeing Germany from the chains of the Jewish bankers and Jewish communism had in mind, not conquering the world, but going to the heart of the communist regime in Russia and destroying this pestilence. Now you would think that if the United States was concerned about communism and fighting it, that then the United States would welcome such a move and join in and support it.

Did it do so? Hell, no. On the contrary, it first of all launched the most vicious propaganda campaign of vilification and lies against Hitler and all things German, and then joined the Bolshevik regime of Stalin to defeat the Germans in the most bloody and cruel of all wars in history. Some way to fight communism.

* * * * *

We will now temporarily leave Russia, Germany and the United States and see how the several thousand year old battle between God and the Devil is progressing, if it is progressing at all.

Let us go back to the looney bin and read the 18th chapter of the Old Testament, and look into the curious relationship between God and the Devil, who are supposed to be bitter enemies.

At the time of Job (whenever that was) a few thousand years evidently had passed since the treacherous caper the all powerful spook had pulled on Adam and Eve. Their condemned progeny had multiplied profusely, but God didn't like the masses of people, (his children, his very own creation) that he had produced and by this time he had already pulled the plug on the Great Flood and arbitrarily drowned all his beloved children like a bunch of rats. Love, love, love. He was just full of it.

Anyway, at the time of Job the Great Flood is now behind us and the world is again full of a new breed of his beloved children who are just as rotten as the ones he drowned. However, he had a few exemplary exceptions, and one of them was a man by the name of Job.

Now this fellow Job was no poor, down-trodden, meek and poor in spirit. He was a somebody. In fact, he was one of "the greatest of all men in the east", wherever that

was. He had seven thousand sheep, three thousand camels, five hundred yoke of oxen, five hundred she-asses, much land and a great household. He also had a beautiful family of seven sons and three daughters. What more could any man ask for? But that was not all. He also loved the Lord, and vice versa.

Next, we have a scenario where God calls a sort of routine business meeting of all his sons. Now we have all been under the impression that God only had one son, namely Jesus Christ. But not so. At this stage of the Jewish Mother Goose story nobody had heard of Jesus Christ (I'm only following the text of the Holy Word. Don't ask me to explain.) It says that "the sons of God came to present themselves and Satan was also among them." Not only was he among the sons, he is the only one mentioned. In fact, he is the whole star of the show and he and God engage in a bit of friendly mischief, at the expense of some other poor, tortured victim.

The patsy they chose to torture and tear apart was our friend Job. You can read the whole story in the Old Testament, or you can read part of it on Page 323 of THE WHITE MAN'S BIBLE. Anyway, in their sporting way they both treated

him with the love and affection the owner of a rooster would on entering his prize bird in a cock fight, with Job taking all the cuts and doing all the bleeding.

The significance of this story is the cozy relationship that evidently God and the Devil have with each other. After reading the chapter, we would get the impression that not only were God and the Devil not enemies, but the Devil is God's favorite son, his fair-haired boy.

The enmity is about as serious (or phony) as that between the United States and Russia (the Devil).

Anyway, at that point in history after a thousand or more years of

alleged warfare, the fight between God and the Devil was still a Mexican stand-off, no hits, no runs, no errors. No wins, no defeats. Business as usual. Only the Devil was running up a much bigger score, and more people were going to hell every day.

The question screams to high heaven. With all these people going to hell every day, why doesn't God solve the problem once and for all? Why doesn't he win the battle? Instead of putting the monkey on our back and perpetually pestering the hell out of us, why doesn't he just simply kill the Devil? Why doesn't he vaporize him in hell, free all those poor suffering victims in there now and wipe it out also, forever and for good? He created the goddam thing — why can't he undo it? Why doesn't he do it?

Ask your preacher that question. Pursue him until he gives you an intelligent answer. Don't let him off the hook with the old phony-baloney of "the ways of the Lord are higher than---etc., etc." Nor can we accept the stupid argument that he was just "testing". The question remains — if he isn't in cahoots with the Devil, why doesn't he destroy him once and for all?

We will now go back to the similar situation of the United States and communism and look at the period at the end of W W II and the period following.

* * * * *

We go back to 1945. Having, again saved communism (in Russia) at tremendous expense in money, material and manpower, at the expense of the American taxpayer, and having utterly crushed and destroyed the only serious enemy communism (and the Jews) have encountered in modern history, the United States at the end of WWII had everything going its way.

It had also destroyed the Japanese military establishment. It had by far the largest conglomerate of military forces in all history, far surpassing all the armed forces of the world combined, including Russia, China and whatever was left of the other combatants. It had the atomic bomb, exclusively and all to itself. It had all its cities intact, its factories were humming and geared to extremely high production. Financially it owned half the gold of the world, and practically all the rest of the world was up to their ears in debt to it. The United States had it all. It was God.

THE THREE BASIC BOOKS OF CREATIVITY

NATURE'S ETERNAL RELIGION

508 Pages, 49 Chapters

by Ben Klassen, P. M.
Published in 1973

This book for the first time in history sets forth the fundamentals of a basic RACIAL RELIGION for the Survival, Expansion and Advancement of the White Race. It is based on the Eternal Laws of Nature, the Experience of History, Logic and Common Sense.

It exposes the whole panorama of the dastardly worldwide Jewish conspiracy, aimed at the genocide and extermination of the White Race. It lists the five Jewish books that have had devastating influence on the thinking and course of the White Man's history.

Best of all, it not only sounds the alarm, but blueprints a specific plan and program of how to extricate the White Race from its present predicament. It presents a EUGENICS program for the future of the White Race to uplift it to the glorious heights of the Superman and beyond.

RACIAL LOYALTY

Published by the World Center of the Church of the Creator.
EDITOR — Ben Klassen, P. M.
P. O. Box 400
Otto, North Carolina 28763

A Friendly Word from Your Editor

In publishing this paper we have a multitude of purposes in mind, but there are two that predominate:

1. To inform and encourage our existing members and supporters to build the White Racial movement known as CREATIVITY, and,
2. To act as an effective flyer for mass distribution to our White Racial Comrades who have never heard of us before.

Of these two, we are placing major emphasis on the second objective. This paper is designed basically for the purpose of alerting and recruiting new members to our Cause. Whereas not every White Racial Comrade may at present be receptive to our Cause, nevertheless there are millions out there who are receptive, who are fervently looking for a solution for which we have the answer — the real answer. There are millions out there who have never heard of CREATIVITY or of the WHITE MAN'S BIBLE or any of our other publications. It is our beholden duty to reach those millions and the best way to do so is to distribute copies of RACIAL LOYALTY. It is one of the most constructive actions you can take.

Order 100 copies of either this issue, or any combination of issues. Distribute them to your friends, your relatives or anyone who is inclined to be receptive. Distribute them to places such as, laundromats, airports, colleges, shopping centers etc. You'll be doing yourself and your White Racial Comrades the biggest favor of a lifetime.

Do it now! Order 100 copies for \$15.00 or 50 copies for only \$8.50.

Remember, the future of the White Race now hangs by a thread. If you do not take action, who will? A mere 10 million White Man's Bibles in the hands of our White Racial Comrades would see us well on the road to victory, which is an extremely small price to pay in comparison to the billions of dollars the Jews loot from us each year. We have to get these first 10 million Bibles out, and the paper which you now hold in your hand is the most effective vehicle with which to do the job. **We can do it. Your sacrifice and dedication are the keys to victory. Become a mini-distribution center for our material, including RACIAL LOYALTY.**

Do You Have Any Rare, Old Books?

We have the start of a fairly good-sized library here at the Church Headquarters in North Carolina. We want to keep building it up with further select books that may come our way. Recently your editor picked up a large (832 pages) old book on the "History of Slavery" in excellent condition. It was published in 1857 and I bought it in a small Georgia antique shop for \$20.00. I understand it is worth at least \$200.00.

Anyway, with 1984 being here and the Jews trying to obliterate the White Man's rich heritage down the "memory hole", I believe it behooves us to collect as many of the old masterpieces as possible. So, if you have some good history books on Rome, Greece, Egypt, Early Western Americana, American history; old encyclopedias (complete set) especially an old Britannica circa 1911 (or any others); books on Nazi culture; or any of a variety of other subjects that you believe would be an asset to our library, and if you no longer need them, send them on to us. We will see to it that they will remain in the hands of the White Race and thereby help build a comprehensive library of the White Man's culture.

PHONY FIGHT

(Continued from Page 3)

If previously it had the excuse that Hitler's Nazi movement was a bigger threat than Russia's communist movement, it was now in a position to take care of the communist menace also and wipe it off the face of the earth once and for all. It would have had the wholehearted support of not only its newly defeated enemy, Germany, but most of Europe as well as — Rumania, Hungary, Poland Italy, etc. It also had the support of Americans at home, and the G. I.'s still in Europe.

Why didn't it do just that? For the same reason that God and the Devil after thousands of years of pretended enmity, never come to grips. The fight is a phony. Phony as hell. In fact, the same bunch of scriptwriters that wrote the fictitious "God and Devil" script also wrote the scenario for World War I, for World War II and for more than sixty some wars that have erupted since WWII, in most of which the United States has had a hand, or helped to engineer. Right now (1983) I understand there are 40 wars going on in the world and the United States is involved in 19 of them.

I repeat my question, if the United States really and seriously considers Russia and communism an enemy and a threat, why didn't it proceed to wipe out the communist enemy back in 1945 when General Patton and others, including the G. I.'s themselves were rearing to go?

Why didn't God wipe out the Devil in 1945? Why doesn't he do it today? Why doesn't the United States destroy communism today?

Well, for the same reason as God won't move on the Devil. But we are going around in circles.

* * * * *

There must be a reason God has his Devil and why the United States has its bug-a-boo, communism. Well, there IS A VERY GOOD REASON, although few Americans who foot the bill for hundreds of billions of dollars in defense appropriations understand it.

So let us explore this strange situation. Let's see what the United States did at the end of WWII and in the nearly four decades since then.

Did the United States really have any intention of destroying communism when it had a golden opportunity to do so in 1945? Hell, no. Even before the war was over, (Germany was obviously on the brink of

defeat) the United States was already propping up and fortifying Russia with domestic non-military goods — tractors, machinery, refrigerators and other goodies to the tune of 13 billion dollars on the first go around.

When Patton and other United States generals had an open run to take Berlin and all of Germany and the Russian armies in the east were still being stopped by the German armies, the word came down from on high — hold back, let the Russians have the honor of taking Berlin.

Why did the United States do such a stupid thing? Well, when we ask that question we must also remember to ask (a) who was in charge? and (b) stupid from whose point of view? The answer to both these questions is: the Jews were and are in charge, and from their point of view it made good sense: (a) It expanded the territory of communism and the peoples it could control; (b) It would allow the Russians, who are more barbaric, ruthless and brutal, to kill, rape and loot Prussia, and, in fact, all of eastern Germany to an extent that the American G. I.'s could never have been goaded to do in a hundred years. Not only were millions of Germans killed by the Russians, but their women were raped wholesale, their machinery and rolling stock, (what was left) shipped to Russia and its cities destroyed even after the end of the war. This terrorism goes on to this day and will continue indefinitely. This is completely in line with the Jews' program of kill the best (of the White Race) first. (c) Thirteen million Germans in eastern Germany were driven off their lands and driven westward, thereby drastically reducing the living space of the then remaining Germans and also crippling any future revival of the German people. This, too, is in conformity with the Jews' program of killing, shrinking and destroying the best (of the White Race). (d) It divided the Germans themselves into two hostile east and west camps, completely in line with the Jewish axiom of "divide and conquer".

No reason for the United States holding back and letting the Russians take Berlin? Plenty of reasons, if you look at it, not from the White American point of view, but from the Jewish angle. And after all who was in charge, and still is today?

* * * * *

But this still doesn't answer the main question: Why does the United States need communism as a phony enemy at all, so let me explain it once and for all.

The White people of America don't need communism any more than they need another hole in the head between the eyes. Neither do the White people of Britain, or France, or Germany, or Sweden, or any other White people in the world. But the White people don't run the world, nor are they in charge of, not only America, but also the rest of the world, including Russia. The only partial hiatus in that control was the brief 13 year span in Germany between 1933 and 1945.

Now let us analyse (a) why the Jews need a bogey-man, a Devil, communism in their demonic conspiracy, (b) how this phony fight ruse works, and (c) what it has accomplished for them over the last 100 years.

In so doing we must again remember that (a) the Jews are in charge of the world (b) they have an age old ongoing conspiracy to destroy the White Race, mongrelize them and then enslave the stupid, mud colored masses to do their bidding. Their ultimate goal is every Jew a king, every goyim a slave, with their jackboot resting on the back of the neck of their victims, pushing the goyim's face into the mud. (c) Along with an enslaved goyim, they picture themselves as owning all the gold, silver, real estate and wealth of the world. A fantastic picture? Perhaps, but don't laugh. They are almost there now.

In order to achieve the above, they have been for centuries and are today, using their most powerful weapons, which are manifold, but at the core of it all is their masterpiece — DECEIT. In order to DIVIDE AND CONQUER they have to deceive the goyim and set up a phony fight, keep the goyim in constant turmoil, confusion and warfare. In order to have warfare you must have two sides. If there is no real enemy, create a fictitious one. Set up your own dummy. That way you have a beautiful situation — an enemy who not only is predictable, but whose provocations and moves are perfectly under control and will always make the correct moves to further your interests.

Now that you have set up your own dummy enemy, you are in a beautiful position to start a phony fight, and it works wonders if skillfully handled.

A fight, any fight, attracts attention, whether it is a dog fight, a cock fight, or a couple of niggers brawling in a boxing ring. Not only does a fight attract attention, but if skillfully handled it also stirs up

emotions and inflames passions to a fever pitch as nothing else can. Going further, a small fight can rapidly escalate into a bigger fight, and into a major war. People get carried away and they choose sides. This is what the Jews need for leverage — two sides fighting each other. In such a situation the Jews soon contrive to get people (who are the real target) so emotionally embroiled they throw their brains out of the window and start killing each other.

By this time the process is for real, and such feuds that may have been artificially instigated at the beginning, are now steeped in blood. They further escalate and can go on for centuries, as witness the four hundred year old feud still going on in Ireland.

There you have it. This is the crux of the Jewish technique of "DIVIDE AND CONQUER." Start a phony fight, pull in the innocent bystander, aggravate two sides against each other, get some people killed, pour on the propaganda, then escalate it upward and onward to a full scale war.

At this stage the Jews have a perfect situation for themselves. They now have two sides (the Goyim) fighting, cutting each other to pieces. Like God and the Devil with Adam and Eve, or with Job, they have nothing to lose. It is the patsy that does all the bleeding — the third party — the formerly innocent bystander. The Jews are behind the scenes, invisible, presumably non-participants, or better still posing as poor victims (as witness the phony "Holocaust") But in reality, they are staging and managing the fight, inciting the stupid fighters, goading them on — and reaping tremendous dividends, as we shall see.

In short, the Phony Fight serves the Jews as a perfect ploy with which (a) to suck in the innocent bystander, who although he is unaware of it, is the real target for destruction, (b) to involve the third party in a fight in which they had no real interest, (c) to get them emotionally involved, to inflame them to the point where they abandon all good sense (d) to choose up sides (e) to fight their own kind (White Man against White Man, as witness the American Civil War, WWI, WWII, and on and on), (f) by clever propaganda, pose as peacemaker and negotiator for both sides, and then take control.

It has worked miracles for the Jews. The dividends it has paid

THE FATE THAT AWAITS US

SAN DOMINGO

As America sinks deeper into the Mud and Mongrelization becomes the Religious Dogma of the Federal Government, here is a forerunner of America's Future before the end of this century.

* * * * *

I've been to a Negro sidewalk camp,
And listened to the darkies chant.
They roll their dice and drink their gin,
And even eat their next of kin.
Why do they rob and kill and maim?
Why do they act as if insane?
They cannot learn — just imitate,
Like their close ancestor — the ape.

Once the Crown Jewel of the Caribbean. The westerly third of the Caribbean island of Hispaniola in the West Indies is today called Haiti. It is the only completely nigger "republic" in the Western Hemisphere. It has had independence since 1804, only about 25 years less than the United States itself. Before 1789 this small piece of real estate, under the ownership of French and other European planters, was as rich, or richer, in productivity as all the thirteen American colonies combined.

Now a Pest Hole. By 1804, fifteen years later, San Domingo, as it had been called under French rule, lay in shambles. The White population had been brutally tortured, murdered and exterminated down to the last man, woman and child. Anarchy, misery, poverty, starvation and cannibalism has been rampant ever since. It is now, and has been for over a century and three-quarters the most backward, poverty ridden "republic" in the Western Hemisphere despite its bountiful climate and once productive soil.

* * * * *

Powerful Lesson for us. It behooves us to summarily study the turbulent history of Haiti, because I believe that there, in telescopic

version, we can view the possible future destruction of the White Race in America. The same forces are at work, the same issues are at stake, and the same methods are being employed — all concentrated on the focal point of Jewish goals — the destruction of the White Race. We should (and we must) learn a powerful lesson from its history.

Year of 1789. Let us use the year of 1789 as the point of departure in the history of San Domingo.

At the time, as we have indicated, San Domingo was a thriving prosperous French colony, considered as the "Crown Jewel" of the French colonial system. It was, in fact the richest colony anywhere in the world. The population had only forty thousand Whites, mostly French, with a smattering of adventurous and hardy Dutch, Germans and other nationalities. By this time there also existed approximately 27,000 mulattos, many of whom were freed men and property owners. Add to this racial melee approximately 450,000 black African niggers, most of which were African born, and as savage and docile as their cannibal kinsmen on the Dark Continent itself.

Most Prosperous. Under the genius and direction of the White plantation owners the colony enjoyed an outstanding prosperity. In fact, despite a large proportion of this small area being mountainous,

in 1789 it was considered as undoubtedly the most prosperous of all the European colonies. Furthermore, its prosperity was increasing by leaps and bounds, the planters having doubled their investments and productivity in the three previous years. It supplied not only France, but half of Europe with sugar, coffee and cotton.

Jewish Havoc in France. We will remember that it was about this time the Jews were fomenting the French Revolution back in France itself, with cries of "Liberty, Equality and Fraternity," — Jewish catchwords, as the "Protocols" point out, with which to disarm and destroy their enemies. These Jewish ideas were soon exported to San Domingo in order to wreak havoc and destruction on that thriving and prosperous colony. They were skillfully employed to massacre the White population and turn the remaining shambles over to the savage niggers.

The new revolutionary French government in Paris did more than just export their revolutionary ideas.

Hybrid Government and Polyracial Subjects. Whereas this crown jewel of the French colonial empire enjoyed vigorous growth and prosperity, the hybrid civil and military administration called a government was a frightful mixture of tyranny and anarchy. The colonists themselves were hot with discontent. Added to this ferment was the multi-racial admixture of the population. The scarcity of White women had made illicit relations between the White colonists and the female blacks inevitable from the first. The resultant mulattos stood out as a definite caste midway between the Whites and the blacks and were known as the "free people of color." Numbering some twenty-seven thousand and possessing a considerable share of the island's wealth, they were a factor of strategic importance, although in 1789 they did not possess the right to vote.

Blacks Predominate. The most numerous by far however were the African slaves themselves, numbering, as we said, approximately 450,000. As has been stated by observers of the times, African slavery was the curse of San Domingo. They were described by a contemporary writer as "quarrelsome, boastful, given to thievery and lying." "The Africans,"

he says, "usually remained indolent and lazy" and addicted to many absurd superstitions. More than half the slave population was born in Africa, but there remained very little difference between these savages and the native born variety.

Racial Hot-bed. This was the racial hot-bed of 1789. The mulattos hated the Whites and were intensely jealous of their superiority. They also hated the niggers and looked upon them with scorn and disdain. The niggers harbored a pathological hatred for both the Whites and the mulattos. The Whites themselves (as usual) were badly divided into various factions, but were united in strictly drawing the color line. Sitting on this dangerous cauldron of rebellious savages and hostile mulattos, the Whites realized that any breach of the color line meant the destruction of themselves and their property and the White population lived in continuous fear of a black uprising.

Jewish Incendiaries. Into this prosperous but seething cauldron came the Jewish wreckers from Paris. Themselves never planters, but mostly slave traders and exploiters, they were ready to wreak havoc on this prosperous "Gem of the West Indies".

The way they did it should be a harsh but extremely valuable lesson to our White Racial Comrades of today. The policy for destruction of San Domingo was MADE IN PARIS, STEP BY STEP.

Revolution in France. When the news of the storming of the Bastille in Paris on July 14, 1789 reached San Domingo, it sent shock waves reverberating through the island. The government in the French homeland was highly precarious and the populace bent on revolution. The Jews had laid the groundwork with their various political organizations, one of which was the powerful Jacobin Club, a Jewish forerunner of today's Communist party. Another Paris organization that had an ominous bearing on the White colonists in San Domingo was an organization called "Amis des Noirs" — Friends of the Blacks.

The first move the new National Assembly in Paris made was a number of Decrees in March, 1790, which authorized each colony to formulate its future status and frame a constitution for its own government. Instead of stabilizing

the situation, it sharpened political division among Whites and plunged them into a state of rancor beyond all likelihood of reconciliation. The resultant charter satisfied no one, and back in France this colonial constitution was roundly condemned.

Vote to the Mulattos. This discord and dissension laid the groundwork for **the second step.** By the opening months of 1791 there came a turning of the tide, and the wave of revolution in Paris was rising fast. With the maneuvering and agitation of the "Amis des Noirs" and other Jewish factions, the National Assembly by the Decree of May 15, 1791, breached the color line in San Domingo and gave the vote and the right to office to mulattos. From here on out there was set in motion a series of events from which there was no turning back.

Forebodings. When the news reached the island the mulattos were ecstatic, while the Whites were steeped in forebodings of disaster. They knew this decree was only temporary and by its very language it condemned slavery and was foreshadowing its end.

Furious White Resistance. The White colonists were shocked into action and rose in a delirium of furious resistance. Governor Blanchelande was as shocked as the rest and sent word to Paris that "a frightful civil war and loss of the Colony to France may well result." "The decree is regarded as murderous to the colony" he wrote back to Paris on July 31, 1791.

Appeal for Help. On February 20, 1792 the Colonial Assembly on the island drew up an appeal for 20,000 troops from France. But the Jacobins and the "Amis des Noirs" set themselves solidly against it and prevented the dispatch of any real aid to San Domingo.

San Domingo was Doomed. A returned colonist from Bordeaux described the situation: "You may announce that it is all over with San Domingo. One of three things will follow: the Whites will exterminate the whole mulatto caste; the mulattos will destroy the Whites; or the negroes will profit by these dissensions to annihilate both the Whites and the mulattos. But in any case San Domingo should be erased from the maps of France."

Stab in the Back. The National Assembly in Paris threw further fuel on the fire. It rescinded the former decree and decreed that the colonists should decide their own requirements for franchise. This further infuriated the mulattos. Then in a sweeping Decree of April 4, 1792 it again gave the franchise to

all mulattos and free niggers as well. It went further: it sent three Civil Commissioners from Paris to enforce the decree.

When this news reached the island the White population was crushed in despair.

Niggers Revolt. It was the beginning of a long dark epoch of horror, murder and slaughter. Plantations were burned. The black niggers revolted, the mulattos took one side, then the other.

Civil War. Anarchy and destruction of a magnitude that we cannot describe followed this decree. This was soon followed by a further decree giving the franchise to all the savage African blacks, but this made little difference. Civil war, torture and extermination were unleashed and the Jewish Civil Commissioners not only did not abate the tide, but fomented the turn of the tide against the Whites for the next ten years.

Help from Napoleon. This death and destruction ensued until Napoleon Bonaparte firmly grasped the iron reins of power in France. Being resolute as well as a practical man, he determined to end this idiotic farce. He sent his brother-in-law, General Le Clerc, with two fleets and 20,000 French soldiers to restore order and save the colony. They set sail on December 14, 1801 and the first contingent arrived January 29, 1802.

The niggers by this time were running rampant over the island and had huge organized armies led by veteran leaders such as Generals Toussaint, Christophe, Dessalines and many other lesser sub-lieutenants, all dedicated to the massacre and extermination of the White Race.

Island Recaptured. When Gen. Le Clerc and his seasoned White troops arrived, they launched an aggressive and brilliant campaign to recapture the island, and restore White supremacy. In short order, they recaptured the cities, forts and strong points of the island. Black insurgents were pursued into the woods and the mountains and hunted down. The black leaders soon surrendered and allied themselves to the new French authority in servile submission, and proclaimed undying loyalty.

Troops struck by Yellow Fever. Then came spring and summer of 1802 and with it the hot, malarial climate that was the bane of unacclimated Europeans. By mid-May yellow fever struck. The horror that smote the doomed army was unparalleled in the whole history of the West Indies. "The ravages of the disease are in-

describable," wrote Gen. Le Clerc to his brother-in-law Napoleon. "At present I am losing 160 men a day." Le Clerc himself was a sick man and most of his trusted aides were dead or dying.

Situation Desperate. The black leaders who had sworn undying loyalty to the French army were now beginning to defect and planning a massacre of the deteriorating and declining French forces. The situation of the French became desperate. Le Clerc was pleading for Napoleon to send reinforcements and a replacement for himself since he knew he was a dying man. Despite the desperate situation he did what he could to juggle what strength and resources he had left to keep the explosive black savages under control.

By August 6, Le Clerc reported that four fifths of his army was dead. The balance were weak and emaciated. He begged and implored Napoleon to send 12,000 fresh, acclimated troops immediately or all would be lost.

By November 2 of the same year he had arrived, Le Clerc himself was dead. Insurrection was again raging all over the island.

More Help. Napoleon had not abandoned the colony. He sent over a new Governor General named Rochambeau and 10,000 new troops which joined up with the remnants of Le Clerc's contingent. The French position was greatly improving. Most of the first arrivals that had survived were now acclimated against the dread disease.

In any case, it was the winter season again and the disease abated.

Rochambeau now determined to recover the lost ground. It was now a war of race, black against White, and the struggle assumed a most ferocious character.

Drastic Measures.

Rochambeau and the White Colonists decided that if they could ever hope to recover the island they must take drastic measures. It must be a war of extermination. They must exterminate all the black inhabitants over 12 years of age, since, they reasoned any adult black that for 12 years had been a soldier waging war against the Whites would never again go back to work in the fields and would to the end of his days be a potential insurgent and assassin. They must be replaced by fresh slaves from Africa. The same thing applied to the women, who were more cruel than the men.

With ruthless energy Rochambeau pursued his task. Through March and April of 1803, the rebels were steadily rooted out of the open country and pursued and hunted down even into the mountain hideouts.

Rochambeau's triumph grew clearer every day. Napoleon was recruiting 15,000 fresh troops to maintain the army during the coming summer.

English Intervene, Aid Blacks. But history intervened. By May 12, 1803 the uneasy Peace of Amiens gave way to a new war with the British. The English war sounded the death-knell of San Domingo.

The English fleet not only cut off further aid to the embattled French army, but the English at once aided the black rebels and the flame of insurrection burst forth with renewed fury. Scattered French garrisons of the coast towns were overwhelmed and slaughtered by the savage black troops under the leadership of Dessalines. By November 10, 1803 Governor General Rochambeau sailed out of the harbor of Le Cap and surrendered his sword to the waiting English Admiral.

French Finished. It was all over for the French. Of the 50,000 soldiers sent over in two short years to save the colony, only a few thousand ever saw France again, and these only after years in English captivity. The 10,000 sailors dead of yellow fever were sorely missed on the day of Trafalgar.

Whites Ruthlessly Exterminated. With the destruction of French authority, the extermination of the remnant Whites proceeded with cruel rapidity. Dessalines, the acknowledged black war chief, lost no time in declaring San Domingo an independent black republic. In December of 1803, he revived the Indian name, "Haiti", to mark the complete break with the colonial past.

Black and Mulatto Warfare. For the next year a fierce struggle ensued with the other black and mulatto chiefs, but in the end Dessalines triumphed over all his enemies and in October of 1804, he proclaimed his victory by crowning himself, "Emperor", in the style of European monarchs.

Whites Invited Back. The departure of the French army was not quite the end of the White presence in San Domingo, now call Haiti. When the French army left in November of 1803, Dessalines,

in order to keep the economy from total collapse, promised protection to all White civilians who chose to remain. This favorable treatment even induced a considerable number of colonial Whites to return to the island. No sooner had Dessalines firmly established himself on the throne as Emperor when these unfortunate victims discovered the mistake of their lifetime.

Massacre of the Whites. Scarcely had the New Year of 1805 begun when orders went forth to massacre the White population. The horror, and brutality of the ensuing butchery was indescribable. The murder of the Whites that began in the first days of January was finished en masse by March 18. All deaths were executed with extreme cruelty. Men and women were hewn down by sappers, who hacked off their arms and smashed in their chests. Some were poniarded, others mutilated, others disembowelled with knives, still others stuck like pigs. All were massacred down to the last woman and child.

Black Anarchy. The White race, with the help of the Jewish traitors out of Paris, had perished utterly from the land and the French "Jewel of the West Indies" had now become a rampant anarchy, the black "Republic of Haiti."

* * * * *

We will skip most of the history of this fetid black pest-hole for the next 175 years, except to fill in a few outlines, since it embodies nothing but anarchy, terror, filth and abject poverty.

Back to Slavery. After Dessalines crowned himself "Emperor Jacques I" in October 1804, and massacred all the Whites by March 1805, there was no one on the island to make the niggers work. Dessalines decreed forced labor (slavery), far more cruel than the blacks had ever suffered under the Whites. He was so hated by his own people he was assassinated in 1806, two years after he crowned himself.

Out of the resultant anarchy two nigger states emerged: the north ruled by Henri Christophe (as "Emperor" Henri I) and the south ruled by the cruel hand of Alexandre Petion as a president for life. There was continued rivalry and warfare between the two. In 1818 Petion died or was murdered and Christophe took over.

Christophe was an unusually

vigorous nigger, having some White blood in him. He became exceedingly vain, arrogant, pompous and cruel. Resentment and insurrection flared up against him. Realizing the hopelessness of his situation, he committed suicide in 1820.

The rest of the history of Haiti to the present day is a meaningless continuation of further **anarchy, cruelty and filthy poverty, an overpopulated island of stone age savages**, unable to maintain the White Man's civilization and unable to govern themselves, and worst of all, unable to feed themselves in a productive land.

* * * * *

Lessons We Must Learn. We, the White Race, must learn some harsh and inescapable lessons from the history of Haiti, if we are to survive. In the tragedy and extermination of the White Race in this most desirable piece of real estate set in the tropical breezes of the West Indies we can see the prelude to the fate of the White Race here in America and elsewhere in the world. These lessons are:

1. No multi-racial society can long survive as a civilization.

2. In any multi-racial society, the instinctive hatred between the races is **permanent and irreconcilable**. It is unbridgeable. It only needs the opportunity to flare up into open massacre.

3. As in Egypt, as in India, as in Haiti, there is always interbreeding between the races. The resulting mulattos are the driving wedge for equality with the superior Whites. Mulattos will join with niggers to destroy the Whites, then the niggers will turn on the mulattos and destroy their superiors, in the end reducing the population down to its lowest denominator.

4. Niggers given "independence" and left to their own devices are incapable of governing themselves (except on the level of a primitive tribe) or even of feeding themselves above a starvation level.

5. Mulattos out-breed the Whites, and niggers out-breed mulattos.

6. The triumph of niggers over Whites is always and only accomplished by the treacherous conniving of the Jewish race. It is they who exploit and aggravate White divisiveness and then plan and execute the destruction of the White Race. The niggers are their most effective ploy and tool with which to accomplish this goal.

7. Slavery has been a curse for the White Race.

NOT LIKELY A "WHO"

(Continued from Page 1)

great deal, but for better or for worse, a great many mysteries still remain, and always will remain, unsolved. In fact, the number of mysteries of this vast and unfathomable universe will always outnumber those solved by our limited human mind in a ratio of a thousand to one, a million to one, or a billion to one. Who knows?

Now, the fact that the vast majority of the mysteries of this fascinating universe will forever remain unsolved does not particularly dismay me. We CREATORS are not even slightly concerned about it. Why should we be? We don't need to solve all the "mysteries of the universe" in order to function properly, lead happy and productive lives and carry on the noble role that Nature has destined for us. So why worry about the vast unknown?

Looking at this vast and fascinating universe, science has discovered (and increasingly so in recent years) that the universe is so vast that whereas it staggers the imagination, yet we are incapable of really grasping the immensity of it all, the complexity of it all, nor its beginning, (if any) or its ending (if any) nor even its primary purpose.

So let us state a simple fact. Nobody knows how it all started, or if there ever was a start. Nobody knows its ending, or if there ever will be an ending. Nobody knows the purpose of all these billions of stars, billions of galaxies, and the tremendous quantities of energy radiating back and forth through

the vastness of unlimited space. I repeat: NOBODY KNOWS. I don't, you don't, the preachers don't, the scientists don't, and least of all, the ignorant Hebrew tribesmen of ancient Palestine who wrote the Jewish-Christian Bible. In fact, these superstitious mind-scramblers were so ignorant about the universe they didn't know the earth was round, nor did they know the earth revolved on its axis, nor did they know that it travels in a yearly orbit about the sun. Today every schoolboy is aware of these elementary facts.

Today science has amassed an astounding accumulation of facts about this complex universe. Amazingly, the acceleration of the speed at which science is discovering new facts about our fascinating universe boggles the mind. Ominously, this scientific knowledge is now so far outstripping our social structure to control this vast accumulation of knowledge that it very well may spell the destruction of mankind, and what is even of more concern to us CREATORS, the survival of the White Race.

Briefly, we do know this much about our world and our universe. The earth is round. It spins about its axis daily. It moves in a slightly elliptical orbit about the sun yearly. The sun has a mass approximately a million times that of our planet earth. The sun is only one star in our saucer shaped galaxy, which consists of approximately another 200 billion similar stars. Our galaxy, which is called "The Milky Way", is only one of billions

(Continued on Page 10)

Remember — in the ruthless struggle for survival, winner takes all. Nature does not even award a booby prize for second place.

8. We never needed the niggers at any time, as is proven by the building and **Winning of the West**. In today's highly developed technology the niggers are a most useless and dangerous parasite on the backs of the White Race.

9. We must rid ourselves of the niggers in our midst and ship them post haste back to Africa.

10. Niggers are absolutely poison in the midst of a White society.

11. In order for the White Race to survive, the White Man must have a strong sense of racial con-

sciousness and must close ranks against not only the niggers, mulattos and mud races, but above all against the Jews.

12. Basic to all this is the need for the White Race to have a **racial religion** around which to polarize his racial loyalty. This the **CHURCH OF THE CREATOR** is providing in **CREATIVITY**, our religious creed. In it the White Man has the **Total Program**, the **Final Solution**, and the **Ultimate Creed**.

them are beyond the fondest imagination of the Jews themselves, and beyond the comprehension of the most astute goyim. It has been of immense benefit to the Jews in (a) implementing their strategy of "DIVIDE AND CONQUER" against the goyim. (b) It has been a tremendously effective device in helping them "kill the best" of the White Men as witness WWI, WWII, the Civil War, and every other war into which they have inveigled the White Race. (c) With the Jews always financing (with worthless paper money) both sides, it leaves the White nations broken, devastated and over their ears in debt to the Jewish bankers. (d) It leaves deep and lasting scars, unending feuds, and sows the seeds for unending future wars. (e) It does much, much more, but basically it all serves to increase the ever mounting financial, political and military stranglehold of the Jews in implementing their program for the destruction of the White Race.

* * * * *

We have already examined how the United States has consistently supported communist Russia up to, and during World War II. Let us now get back to the phony ruse of the United States "fighting communism" and briefly examine what raising this phony specter has accomplished for the Jews after World War II.

1. President Truman, after badly bungling American interests at Potsdam in 1945 and generously giving Stalin everything he wanted, then did a strange flip-flop in 1946 and instituted the Marshall Plan, a wild, give-away program, supposedly "to fight communist expansion". This is "strange" because up until now America had done everything possible to not only save communism, but help its expansion.

(An interesting side note on this is that when the newly installed President Truman met the well entrenched Marshall Stalin at Potsdam, Truman naively informed Stalin about the great American "secret", that "we" had the atomic bomb, and intended to use it on Japan. Truman couldn't understand Stalin's lack of surprise. The poor yokel didn't know that Stalin had shared that "secret" from the beginning, whereas Roosevelt had kept Truman, his own Vice President, completely in the dark, and Truman himself knew nothing about the atomic bomb until after Roosevelt was dead.)

The Marshall Plan was the opening gun and the breakthrough for

an unlimited and unending program of give-aways by America that continues to this day, almost 40 years later. Have American taxpayers ever been asked if they agree to carrying the rest of the world on their backs?

Who have been the benefactors of this idiotic program of playing Santa Claus to the world? Well, certainly not the White American taxpayer who has had to foot the bill, and that bill has been enormous and back breaking.

The benefactors, first of all, have been the Jewish bankers who control and own the Federal Reserve. As of now they have us enslaved and in debt to the tune of over one trillion, three hundred billion. This is not counting all the other debts outside of the Federal government which adds up to another 5 or 6 trillion.

The benefactors have been 126 nations of the world, who, like the parasitic Argulus, (Page 218, The White Man's Bible) now have a direct pipeline to the resources and productivity of the American taxpayer. Of these 126 countries, many of which, like Poland and Yugoslavia, are communist, there is not a single one that we can call a real friend. In fact, we are the most hated country in the world. All our billions have never bought us a single friend, but, very much like a blackmailer, the recipients keep demanding more, or else. The "or else" is they'll go communist, an idea our own government keeps promoting.

The benefactors have, by and large, been mud countries like India, Indonesia and every other type of black, brown or yellow parasite in the world. As a result their populations have been skyrocketing, while that of the working White Man is shrinking, not only in the United States, but throughout the world. This, too, is very much in line with Jewish goals, which foresee the complete extinction of the White Race.

Let me point out that without the Jews raising the phony specter of communism and how we must "contain it" (not destroy it) the United States government would be hard put in trying to explain as to why the American taxpayer must carry the rest of the world on his back, just as the preacher would have a hard time pulling victims into his church and convincing them they need "saving", if he didn't have a "devil" to conjure with. To pursue this parallel farther, the preacher, too, is only interested in "containing" the devil, and never mentions doing away with him, as this would undoubtedly ruin his racket. One

backwoods preacher put it succinctly: A religion without Hell ain't worth a damn.

2. The "threat" of communism and our urgency in fighting it has been a wonderfully persuasive excuse not only to raise the tax burden on the American working man to tyrannical levels, but it has done much more. With the heavy burden of taxation and its army of tax collectors it has been a perfect excuse to expand government controls in every direction and intrude and meddle in every phase of our every day life. What this really means is that the Jews now have the weapons not only to take our money and resources away from us, but what is even more ominous, to slowly expand their tyranny to control our every move and enslave us.

The main problem in straightening out the White Man's garbled thinking is not so much in getting him to believe that which is true, but in getting him to disbelieve that mess of garbage that isn't true.

3. Without the "threat" of communism the United States would not have a legitimate excuse for occupying Germany with a military force of 360,000 men, and teach the Germans "democracy" over the last 40 years. They are presumably there as "NATO" forces to protect Germany and Europe from being overrun by communist forces of the "Warsaw Pact" block. However, what the American forces are really there for is (a) to protect the Jews from the Germans (b) allow the Jews to again sink their tentacles deep into the German nation, (c) prevent the Germans from setting up a government of their own choice, and (d) allow the black American G. I.'s to rape the German women.

4. The "threat" of communism has enabled the United States to covertly expand its "intelligence" forces to a point where we now have a vast invisible army, the C. I. A., running rough shod all over the world, meddling in politics, governments, fomenting revolu-

tions and in general doing that very thing this discussion is all about: setting up two warring factions and instigating revolution and turmoil. What such operations generally end up with (and intentionally so) is another Cuba, North Korea, Vietnam and/or similar communist takeovers.

These operations have far-reaching ramifications: (a) They cost the taxpayer untold, uncounted and unaccounted for billions, since the budgets for "intelligence" are completely beyond the control of our visible government. Neither the president, nor Congress, is any longer in control of this rampaging band of independent gunslingers, who are a law unto themselves, beyond the pale of either accountability or restraint. (b) They are a major force in the politics, government, and economy of every country in the world, especially the so-called "emerging" countries. They create turmoil, revolution and uproar. They wreck and change governments at will. (c) They are also aggressively active within the borders of the United States itself (something they are supposedly prohibited from doing by law). They work hand and glove with the F.B.I. in suppressing any activity in the interest of the White Race. (d) They have a large number of Jews in their ranks and collaborate directly with Israel's Mossad, generously feeding them information and state "secrets" at will.

Thus the "threat" of communism has enabled the Jews to develop along with their own Mossad, a lawless, uncontrolled strong-arm brigade to roam the world at will, with little or no control by anybody except the Jews themselves, and again, totally financed and at the expense of the American taxpayer.

5. The "threat" of communism has enabled the United States "government" to set up a tremendously bloated "defense" industry. It is often referred to as the "military industrial complex" and often even attacked by segments of the Jewish press itself, mostly for the wrong reasons.

Some interesting questions arise when we peer into this vast and tremendously costly (again to the American taxpayer) wasteland. Some of these are: (a) Since "we" have been nurturing and propping up the Russian communist behemoth since its very inception, just whom are we supposed to be defending ourselves against? If it is Russia, why didn't we quash that tottering "threat" back in 1945 when all our

(Continued on

PHONY FIGHT*(Continued from page 9)*

troops were over there, all set and ready to go? Why do we keep sending millions of tons of grain to Russia now? Why do we supply her with sophisticated electronic equipment and other highly technical machinery that she is too backward to build herself? The answer, of course, is, our whole stance is a phony sham. (b) Why were we already sending high-grade refined uranium materials by air freight to Russia even before we ourselves had perfected the atomic bomb in 1943-44? (See "Major Racey Jordan's Diaries".) (c) Why does every country we go into to "save" (Vietnam, China, North Korea, etc.) end up in the communist camp? (d) Why have we, with all our overwhelming might, never really converted one single country back from "communism" to "democracy"?

There are many other questions, but there are also a few other aspects I want to touch on, and they are these: (a) Our defense budget is growing by leaps and bounds. Whereas in Lyndon Johnson's tenure I was alarmed by our TOTAL budget, including defense, when it reached a hundred billion dollars, now our defense budget alone is over two hundred and fifty billion dollars. (b) Arbitrarily taking such huge sums away from the working taxpayer and dispensing them to various "defense contractors" at the whim and caprice of government bureaucrats creates a tremendous opportunity for graft and bribery, channeling it from Jew in government to Jew in industry, making instant multi-millionaires. No wonder a piece of hardware that should cost about 65 cents often costs the government as much as \$194.50 when channelled through "defense". Why not? The Jews have a closed shop for looting the goyim, all in the name of "defense" against "communism".

6. It enables the government itself to engage in a highly dangerous and dead-end nuclear arms race. We have to "keep ahead of the Russians".

7. It enabled the government to engage in a highly wasteful and pointless "space program" in the '60's. After all, we had "to put a man on the moon before the Russians". (The Russians never did get their man on the moon.)

8. It helped get us emotionally charged to help establish the bandit state of Israel in 1948 and pour vast sums of military aid and direct subsidies to her ever since. The

argument is that after all, Israel is our only true friend in the Middle East, a true bulwark against the "communist" Arabs, and a passel of other silly lies. Actually, the Moslem Arabs were (and are) much more opposed to communism than the "democratic" United States ever was, or than Jewish Israel, the ideological fount of Jewish communism, ever will be.

This stupid blunder (Israel) has by now cost the American taxpayer more than 28 billion dollars in subsidies alone (by 1983) and there is no end in sight. This does not take into account the tremendous damage American support of Israel had done to our once friendly relationship with the Arabs, and the resulting damage of escalating oil prices received from the Middle East.

How much oil do we receive from Israel? None, of course. What benefits have we ever received from Israel? None, whatsoever. All we receive from Iseael is bad news, trouble, entanglements and demands for more aid. Over half of our foreign aid now goes to Israel and Egypt, with the bandit state receiving the biggest share of all. 9. "Fighting communism" enables us (or gives us the excuse) to invade Grenada, station our troops endlessly in Korea, in Germany, intrude in every country in Central America, have highly expensive air bases and other military installations all over the world. We have to save them from communist Russia, don't we? Or, so the story goes.

* * *

CONCLUSION. Just as God never seems to get around to ousting the Devil, so we never seem to chalk up a single victory against communism. If we are to believe the Jewish-Christian malarkey, there are now more people going to hell than there ever were before Christ was supposedly nailed to the cross to save us all from hell.

Someone will point out — aha, but we did have a small victory in Grenada recently, didn't we? I don't know that we did. Most of the Americans there were peacefully sunning themselves before 6,000 Marines burst ashore and "rescued" them. I suspect the whole caper was another piece of absolute nonsense, or else somebody in Grenada was about to set up an anti-communist regime friendly to America. I don't know and I don't care what the silly ploy was, but an anti-communist victory it was not.

If we were (and are) really serious about putting the skids to com-

NOT LIKELY A "WHO"*(Continued from Page 8)*

of other such galaxies, the total number of which is completely unknown since even with our most powerful telescopes we can only (!) see a distance of approximately 10 billion light years. What is beyond that nobody knows. Whether there is a limit to "space" nobody knows, and frankly I am not going to lose any sleep over it.

We also know that our sun and its planetary system "evolved" about 5 billion years ago, and that we are now about half way through the life span of our "sun". In another 5 billion years or so the sun will be a cold cinder and all life on this earth will undoubtedly have vanished long before that time.

So how did it all start? The Christians ask. Who made it in the first place? I have already overwhelmingly answered these questions. In saying that the vastness and complexity of this universe is completely beyond the comprehension of the limited human mind says it all. That nobody knows the answer to these or billions of other mysteries of this universe, and probably never will, is also obvious. So let us accept that, because that's the way it is.

Now let us get back to the tricky question the dishonest and deceptive Christian network uses repeatedly to confuse, entrap and swindle its gullible victims. Implied in these questions (of how did it all start and who made it all in the first place) are several implied conclusions, none of which is justified by evidence. The question of how did it all start implies that there was a

start, a period in time when there was absolutely nothing, a complete void. According to the garbled Christian story as childishly told in Genesis, this changeover when all hell broke loose, happened very recently, in fact, a mere 6,000 years ago (4,004 B.C. to be exact). This, of course, is sheer nonsense as any schoolboy with even an elementary knowledge of geography, history, astronomy or geology can testify.

Let us look at reality, rather than unsubstantiated Mother Goose type of fairy tales invented by Jewish scribblers.

Let us, for instance, stand on the edge of the Grand Canyon in Arizona where it is ten miles wide and a mile deep. After we have overcome our awe of its sheer beauty as well as its immensity, our eyes and our common sense are bound to tell us that it took a long, long time to erode such a vast gorge. It certainly wasn't done in a week, or a year, or even 6,000 years. Scientists calculate that it took at least 60 million years.

Now there is a vast difference between 6 thousand and 60 million years. The difference is in a ratio of 10,000 to 1. So the ignorant Hebrew premise of a 6,000 year old earth is pretty stupid. Now of course, the earth did not start with the cutting of the Grand Canyon, by any means. The earth was there a long, long time before the Colorado River started eroding through the rock strata. Walking down the trail on the south side of the Canyon wall, as I have done, an observer can't help but be impressed with the thousands of individual

*(Continued on Page 11)***Propagandize! Proselytize! Organize!**

munism we have had a thousand opportunities to do so, but instead have consistently supported and bolstered a sorry tyrannical Jewish program for the take over and enslavement of the world, a program that is rooted in the Jewish Talmud itself. If the United States was serious about fighting communism, why doesn't it start by ousting Castro in Cuba? That would be a much more meaningful start than unleashing 6,000 Marines on little Grenada. Or, more significant is the question, why did we put the skids to Fulgenio Batista in Cuba in 1958, to Chiang Kai-shek in China in 1946, or betray Anastasia Somosa in Nicaragua, all of whom, while not saints, were at least pro-American?

Why did we turn the tremendously strategic Panama Canal over to

a tin-horn communist dictator and even pay him to take it on a golden platter?

Good questions, and the answers are as obvious as why God never seems to be able to make any headway against the Devil, while we sinners are going to hell in a handbasket, in larger numbers every day. After all, the scenario for both was written by the same script-writers, straight out of the Talmud. Through it all there runs a common thread. It is THE JEWISH CONNECTION.

(For further expansion on this subject see Creative Credo No. 38, "Russia, Israel and the United States", and Creative Credo No. 50, "Observations about the Devil and Hell" in THE WHITE MAN'S BIBLE).

NOT LIKELY A "WHO"

strata of rock that lie one on top of the other. Each one was formed by an ocean or a body of water laying down its sediment and then receding. Most of these processes also took millions of years each. We are now looking at time spans which add up to not only millions but billions of years. All this makes the figure of 6,000 years by the Hebrews look pretty silly by now, don't you think?

Now let me ask you — if you were standing on the rim of the Grand Canyon at the place it was ten miles wide and a mile deep and you held a book in your hand which said, "The Grand Canyon at its widest is so narrow that you can step across it" — which would you believe, your eyes or the stupid book? Let me point out that the gap between 6,000 and 60,000,000 is just as wide as that between the length of one step and the reality of the 10 mile gorge across the Grand Canyon.

Now let us briefly turn to history for further exploration. The Jewish-Christian Bible says that there was a universal worldwide flood which according to Biblical scholars occurred in the year 2,348 B.C. (I have a big old Bible that actually has that date at the top of the page of the Flood story). Now any scholar of Ancient History is aware that the Egyptian civilization flourished nicely at this time, predated 2,348 B. C. many centuries, moved unnoticed through the supposed 2,348 B.C. flood and its desert sands were just as dry before, during and after this date. If anybody drowned at this time there strangely is no record of it in authentic history.

Now let us move on into the field of astronomy which had already been extensively explored by the ancient civilizations such as the Greeks and — Phoenicians. As we all know, it was vastly augmented by the invention of the telescope by Galileo in the 17th century and tremendously advanced by our more recent marvels of steel and glass. So powerful are these modern telescopes that we can now see into space and identify galaxies ten billion light years away. Imagine! These galaxies who themselves are moving away from us at half the speed of light are sending signals to us via light waves that left 10 billion years ago! When we consider the distance of the moon from the earth takes light only 1.5 seconds, to travel the distance spanned by light in 10 billion years is completely beyond our comprehension. Is 10 billion

light years the outer limits of our universe? Not likely, but we have no idea. Such is the immensity of the universe. Quite a different story from that envisioned by the ancient Hebrews to be a few twinkling lights to adorn the night for us earthlings.

Anyway, from the above, we have strong further evidence that the universe is older than a mere 6,000 years, and consists of more than a few twinkling lights adorning our nightly sky.

We can, of course, also delve into the study of paleontology, of the millions of species of life that have come and gone and left their fossil remains in the geological strata of rock. If so, volume after volume would tell us the same story — the 6,000 years beginning is a fraudulent lie.

When did it all begin? First of all, it has to be shown there was a beginning and for that neither the Christians nor anyone else has the slightest scintilla of evidence. If there was no beginning, isn't it kind of silly for somebody to ask you to explain "how it all began"?

I said earlier that in their tricky questions the Christians implied two conclusions, both of which were false. When they ask you "If God didn't make it all, who did?" there is a distinct conclusion that some "who" had to do it, as if we were pursuing some "who dunnit" in a detective story. A "who" implies a person, and they are telling you only a person with a mind like a human being could do such a complicated job. This mind, like that of a human, only much smarter, they have dubbed "God". This God, who, although not really human, supposedly is a spirit whose mind works like a human mind, only is much superior. This inverted child-like reasoning, too, has not the slightest foundation either in history, or reality, or logic.

In the first place, if, again, we look back on the geological development of the earth and the development of life on it we find roughly the following sequence. The sun started to coalesce into a fiery ball and spin off its various planets approximately five billion years ago. Life started forming about 2.7 billion years ago, beginning with the lowly one-celled amoeba. Fragments of the skeletal remains of man's primitive ancestors have been found dating back as far as 1 million to 3.5 million years, depending on what we accept as an ancestor. Man's civilization dates back no further than 10 thousand years. Now if we were to relate all this to a time scale of a 24 hour span on a clock, and we equated the existence of the earth to a 24 hour span, then man's

Cupid's Corner

There has been considerable interest among our members in taking advantage of our CUPID'S CORNER in finding an ideologically compatible life's partner for themselves, and we have received several inquiries regarding what ground rules should be followed.

In answer to these letters we offer the following brief guidelines:

1. Give most of the basic statistics — age, sex, weight, height, blonde, brunette, etc.
2. Brief details about job, hobbies, interests, talents, sports, education, etc.
3. Preferences about the partner with whom the writer would like to correspond.

These are some of the items you might wish to cover in the initial let-

ter, but it is not necessary to go into too much detail. Keep the letter short. The objective of such an inquiry is, we hope, marriage and the founding of another White family. We are not interested in publishing merely the pen pal type of letter, nor those suggesting a live-in relationship. We are interested in aiding and abetting Commandment No. 2 of our Sixteen.

Send the letter, (preferably along with a picture of yourself) addressed to Cupid's Corner, c/o RACIAL LOYALTY, P.O. Box 400, Otto, North Carolina, 28763 and we will publish it. We will then forward all (proper) responses on to you, and from there on out you are on your own. Good luck!

P.S. I believe we already have the makings of a budding romance in the offing.

(I love playing Cupid! Ed.)

existence would be equivalent only to the last 5 minutes of those 24 hours and man's civilization would occupy only the last one-tenth of a second.

So we see that thinking, civilized man as such, occupies only a fleeting instant of time in the geological time scale of the Planet Earth, and the earth itself is only a speck of dust in the vastness of our extremely complex universe. So how does this relate to a "who" similar to man that had to start it all and make it all? Well, it makes a "who" a pretty ridiculous and insignificant cog in the whole scheme of things. The very idea that an extremely smart "who" was incontrovertibly the founder, instigator and creator of this vast universe is completely unfounded and extremely ridiculous. We have it all backwards. We humans are a development and a passing phenomenon of Nature, a very small, fleeting and insignificant

Also, a tree will be planted along the Genius Trail between the church and the school. A plaque with his name will be placed next to the tree. Mr. Bailey chose to have an apricot tree planted.

phenomenon at that, when weighed against the vastness of the universe and the eternity of time.

But, say the Christians, God is not a human, he only has a human form. He is a spirit, a ghost and "with God all things are possible." A spirit? A ghost?

So let us examine further this idea of a spirit or a ghost. When you try to pin down such fictitious concepts, whether it be with a preacher or some other spook peddler, as to just what is a spirit or a ghost, the answers become strangely vague and extremely confusing. When I ask them such questions as: does a spirit have shape? their answer is, it has the shape of a human being. How do they know this? Well, they assume it. Have they ever seen one? No. Then I ask further: Does a spook have any weight? Does it have any brains?

The Importance of Race

by John Westphal (age 20)

When we think of discussing the subject of Race, we should keep in mind that Superiority is not even an issue. The real issue is difference and this should be stressed again and again.

When we look to Nature, we do not see any one species superior to each other. We see a clever fox, or a majestic eagle soaring overhead.

We see a field mouse, a rabbit. Nature tells us we are all a part of this world. The stronger will survive, the weaker will perish. But this is not a physical strength that necessarily determines survival. It is the strength of WILL of the animal to survive. Nature has endowed every animal with certain capabilities with which to survive. If the animal uses these capabilities to the fullest, and they are strong enough to insure survival, this animal will not become extinct.

With Nature we also see that the animals will stake out their own territories. Clans of coyotes have their own hunting ground. Woe be it unto other coyotes to trespass. The eagles also. Even the small ants stake out territories.

So it should be with Man. The White Man should concern himself solely with the survival of his own species, just as Nature dictates. No animal in Nature concerns itself primarily with helping another species to survive. We of the White Race should start living by Nature's laws, and do the same.

The White Man should stake out his territory. Woe be it unto anyone to invade, be they Black or Jew. When the White Race needs to expand its territory, it does. We do not consider it a crime to expand our Race — we consider it as one of Nature's Laws. We do not commit a crime by pushing the blacks out of their territory to allow room for us Whites. We are stronger, physically and mentally, and survival and expansion as prescribed by Nature, is the rule here. When the White Race was conquering America, it was perfectly correct for us to push out the Indians, for our expansion was at stake.

Now we come to the subject of hatred between races. In a natural world, this hatred would not exist. It is a Jew instigated hatred, designed to destroy us. We should look upon the black as just that — he's

black, we're White. We are DIFFERENT, we do not INTERMIX!

But in our unnatural world, we are forced into this hatred. The Jew pushes the nigger on us constantly, letting him take our jobs, destroy our society, and worst of all, destroy our BLOOD! We naturally fight back, but we attack the wrong thing.

Imagine someone with spear in hand, constantly jabbing you with it, trying to kill you. Your first reaction is to fight the spear. Fight the MAN! Eliminate the Man and the spear cannot harm you (unless you are foolish enough to use it on yourself) Eliminate the Jew, and the black is harmless to us (unless we are foolish enough to allow our blood to be poisoned).

Only by breeding a better race of people can we build a better world, and only the White Race can do it. Help build a Whiter and Brighter World.

With a sound religion (based on Nature) the White Race will then multiply and live fantastically well.

The black, in my opinion, is basically decent. They are not warring or hateful. The Jew makes them that way. Just as the Jew makes us that way.

Hence, it seems to me that if we eliminate the Jew, then Nature will be free to take its course. Like every little stream of water in the mountains will eventually work its way down to the ocean, so we will work with Nature towards a better life.

But eliminating the Jew is a problem. How could Nature give us one species that purposely sets out to destroy the others? It's a war between the Jews and the rest of the world. The Jews are winning. They are doing this by having us fight ourselves. Let us WAKE-UP, and realize what is going on. We MUST survive!

I understand that in Constantinople, after the fall of Western Rome, the problem was dealt with. The

NOT LIKELY A "WHO"

(Continued from Page 11)

Nerves? Muscles? Vocal chords? Eyes? A heart? Blood vessels? Bones? Where do they reside? What do they do throughout the centuries? Do they eat? Sleep? Fly through the air? Pass through walls? Are they composed of atoms? Molecules? What laws do they operate by? Do they live forever? Are they the same as souls? Just where is such a vast accumulation of souls stored?

If a spook-loving Christian thinks he has the answers to all or any of these questions, the next question is this: How does he know? How does he know anything about spooks? Has he ever seen, heard, felt or smelt any? What evidence does he have? And the obvious answer to all these questions is he has absolutely no evidence whatsoever. He "knows" absolutely nothing. It is all merely childish superstition, unsubstantiated hearsay, mixed in with a strong dose of gullibility and a wild imagination. Since there is no evidence, anything goes.

I once had some fun with a spook-loving Zen. Although he was White, he had been to India and had his mind polluted with a lot of Oriental garbage. One of his "beliefs" was that not only do people have "souls" all animals do as well. So I started questioning him. Do dogs have souls? Yes. Horses? Rats? Yes. If all animals have souls, why not birds? They have "souls" too. What about snakes and reptiles? They, too. What about insects? They, too. Mosquitoes? Yes.

Then why not the trillions of germs, bacteria, viruses? By this time he was too confused and at the end of his rope. But he still clung to his "all creatures have souls" theory, not having the slightest

Jews were barred from teaching, government and money. Life was beautiful. But, after 1000 years they too were destroyed. The Jew still remains.

How can we best render the Jew harmless so that he will never again be able to threaten the survival of the White Race?

The first step is for the White Man to organize with a common philosophy. We MUST keep our BLOOD PURE. And with a strong and correct philosophy we will overcome the Jew and we WILL survive. Then we must organize, so we will have something tangible to fight our enemies with. Let us fight and let us win this war — it is a war of SURVIVAL!

evidence for his claim, or the foggiest idea what a soul is, or what, in fact, he was talking about.

Which brings up the question — if you don't know what it is, isn't it silly to claim that it exists?

So what is a soul? A spirit? A ghost? A spook? Nobody has the foggiest idea, really, nor do they have the slightest shred of evidence that what they can't define exists. So, we might as well call it "Quantity X" instead of God. So why do we attribute such miraculous powers to "Quantity X" — super wisdom, the magical powers to just saying hocus-pocus fliederbush, and lo, there was light, lo, there was heaven and earth, etc. Isn't this rather silly? Yes it is. It is stupid as hell.

We CREATORS take the sane and sensible view that Nature (not a conglomerate of spooks) is real; that we ourselves are a creature of Nature, endowed with certain unique characteristics; that like all other creatures of Nature we live, reproduce and die; and in the long term, all life on earth will phase out even as our source of all life and energy, the sun, dies out and becomes a lifeless cold cinder.

Furthermore, we believe that it is a thousand times more constructive to face reality and live the natural life Nature has programmed for us than to fly in the face of Nature into an artificial and unreal dream world. It is far better to accept Nature's Laws, to observe them and understand them and utilize them for the benefit of ourselves, our families and our race. We CREATORS will have no truck with all this superstitious nonsense of spooks, souls, gods, demons and all the rest of that silly garbage that is a holdover from our primitive and ignorant ancestors. These silly aberrations of the mind have not helped solve our problems, but on the contrary, have aggravated and exacerbated them, until we find ourselves in the mess we are in today. And that mess is overwhelming, culminating in the dire and imminent extinction of the White Race itself.

We CREATORS make a clean sweep of all this spook garbage and throw it overboard. Instead we go back to sane, logical understanding of Nature itself. We let Nature be our teacher, and Nature tells us loud and clear that our first duty, our first concern is the survival, expansion and advancement of our own kind, our own precious White Race. We CREATORS make this the heart of our new religion, which is really as old as life itself. It is, in fact, Nature's Eternal Religion.
