Follow Your Dream

HOW TO UTILIZE YOUR WEALTH EFFECTIVELY

A friend of mine recently told me that his (Christian) minister had delivered a sermon on the subject, "How to Sin Effectively." I was rather intrigued by the title, and although I have no idea what the gist of his sermon was, I presume that he was suggesting that if you are going to "sin" at least get the most pleasure or benefit out of it. This would be sound advice, if that is what he advised.

In any case, we of The Church of the Creator suggest that course of action in most effectively utilizing your financial assets. Right at the outset many of our readers will undoubtedly interject with "Wealth? What wealth? I don't have any wealth."

Well, I am speaking of the collective wealth of the White Race, and although in financial assets it is exceeded by that of the parasitical Jew (only because we were dumb enough to allow them to rob us blind) **we are in many respects the most wealthy race on the face of the earth. Potentially we could own it all, and rightfully we should.** But even as it is, we do have a tremendous amount of physical and financial assets. There are among our race many financial giants. To name a few: The Hunts of Texas; the Fords of Detroit; the late Howard Hughes; the Coors of Colorado; the late J. Paul Getty; the DuPonts of Delaware; the Rockefellers of New York and elsewhere (no, they are not Jews, merely Jewish stooges); the Astors and the Vanderbuilts, who after eight or nine generations of hedonist dissipation still own massive wealth; there are the MacArthurs, one of which owns MacArthurs Milk, and the other the late insurance tycoon, John MacArthur, whom I met personally and tried vainly to enlist in the White Man's cause before his recent demise at the age of 82. He left a fortune of over a billion. Then there is the billionaire shipping magnate, K. Ludwig, whose assets are reported to be in the billions.

These are just a few of the better known public figures who are White and whose fortunes range in the hundred million to a billion category. The good news is that **any one of them could easily bankroll the CREATIVITY movement over the top in a matter of a few years and forever break the Jewish death grip on the White Race.**

This is a most encouraging thought and just as we will find the Great White Promoter (see RACIAL LOYALTY Issue No. 10) so too, sooner or later, will we find the Great White "Angel".

Then there are countless other White millionaires in the 100 million category whom I have not listed, who are not so well known to the public, but they are there in the wings, nevertheless. I repeat, they are numerous. Added to the above there are a host of other White tycoons who have made multi-million dollar fortunes in electronics, in computers, in beer (August Busch), in construction (George Steinbrenner) in real estate (MacArthur), in insurance and in a host of other endeavors. As I have said in RACIAL LOYALTY No. 9, **we are not helpless. Wealth is power if used effectively.**

If It Works, Go Do Thou Likewise

Last week we received a letter from a young man in South Florida who had written a letter to the editor of a paper in his area. His letter is published under BRICKBATS & BOUQUETS. On the same day as his letter arrived there were three different orders for NATURE'S ETERNAL RELIGION, each order accompanied by a check. Each succeeding day we received one or more orders for a total of eleven at this writing. Here is the text of the letter he wrote to the editor:

EDITOR:

At one time I was very confused as to why Christianity was so divided against itself into so many factions (denominations).

I was also very confused by all the apparent contradictions between the various denominations.

I say was, because I found one book that exhibits the whole confusing situation better than a thousand Jerry Falwells could ever hope to.

The names of many church publications have appeared in your newspaper during the past year (I don't object to that) and so I am hoping you will find it in your heart to mention my favorite book.

The title of the book is "NATURE'S ETERNAL RELIGION". It is based on the laws of Nature, fact not fiction, logic not fear. It is a thinking man's book not meant for people who are content with superstition, spooks and threats of hell-fire and damnation. It is for those who refuse to toe the line and buckle under.

The author of the book is Ben Klassen, the price is \$5.00 and it can be ordered from The Church of the Creator, P. O. Box 400, Otto, North Carolina 28763.

The Church of the Creator is not a cult. It is merely a vehicle for the promotion of factual information. The book is a real mind-blower, not for the squeamish.

UTILIZING WEALTH*(Continued from Page 1)*

The main point of this article is that we have not been using the tremendous wealth at our disposal effectively. On the contrary, we have been dissipating it stupidly, yes, wantonly, and not for the benefit of the White Race, but rather overwhelmingly to aid and abet our most treacherous enemies, enemies whose insane obsession is the destruction of us.

It is the object of this dissertation to thoroughly analyse this strange situation, to suggest a sane and constructive course of action and to so utilize and channel the tremendous wealth and power of the White Race that it will serve our own best interests. **We want to break the Jewish stranglehold on the White Race, no matter what the cost,** and again become masters of our own destinies.

The key to the solution is a matter of attitude. In this respect the White Race has been led around by the nose by its own most destructive enemy, the piratical Jew. To solve the problem we must first of all change the White Man's basic attitude towards money and wealth itself. We must explode the Jewish attitude that wealth is an end in itself, but rather that it is only a powerful means. It is the end towards which this means is channelled that we must clarify.

In this respect, I am reminded of a story that my daddy told me at least 50 years ago. It is so old that I have forgotten the details, but I have not forgotten the essence. If my memory serves me right it concerns a system the British in India utilized in catching wild monkeys, in which they placed visible chestnuts in a fixed trough. Over this trough they had a barrier with holes just barely large enough for the monkey to slip its hand through in order to grasp the nuts. However, once it had the nut in its hand and closed its fist, it could not retract it through that same hole and it was stuck. Of course, the monkey could open its hand and let go of the nut, and make its getaway. But somehow they were either too stupid or too greedy to do so, and remained trapped. In the end they lost not only their nut, but also their liberty.

Similarly, the White Man of today, by being either too stupid to utilize his wealth for his own best interests, or too crassly commercial to let go of it, is losing both his nut and his liberty. He is squandering and dissipating his wealth and power wantonly and foolishly. This is a major calamity and we will pay dearly for this insanity. Let me therefore suggest a few simple, basic guidelines as to what you as an individual can do, whether your fortune is modest or tremendous.

GUIDELINE No. 1. Realize that money is power. It is a means, not an end in itself. **DECIDE WHAT YOU WANT TO ACCOMPLISH WITH WHAT YOU HAVE.** This is the first and most important step.

GUIDELINE No. 2. Don't hoard your money to leave to heirs. Spend it on your most cherished goal or goals (whatever they are) while you are still alive. The most ideal (but probably unattainable) situation would be to have made millions, but die broke, having spent it all wisely, while still alive, on the goals that were most important to you. (This reminds me of a joke about the rich uncle's will, when opened, read: "I, John Smith, being of sound mind and body, spent every dime of it while I was still alive.")

These guidelines are simple as A B C, but they are tremendously important, and I am going to cite a few glaring examples of well-known people who were financial wizards, highly intelligent, but when it came to utilizing their tremendous wealth effectively, they were stupid as hell.

Case A. HENRY FORD. As we all know, old Henry was a mechanical and financial genius. He left a fortune of several billion, most of which went into the Ford Foundation. He intended it to be used for philanthropic causes of rather nebulous description. Little did he realize that after his death that his vast fortune would be utilized to destroy every principle he stood for. But history shows that is exactly what happened. In short order it fell into the hands of his enemies, the Jewish establishment, whom he bitterly opposed during most of his adult life. The Jews have ever since been shrewdly utilizing Henry's vast fortune to promote communism, the destruction of free enterprise, to promote race-mixing and the mongrelization of the White Race, to promote international wars and revolution, to promote the state of Israel, to increase the Jewish stranglehold, and in general, every cause that was abhorrent to Ford himself.

In the early 1920's he did start exposing the Jewish conspiracy, and not only was he well aware of it, but well informed, having spent (a mere) five million dollars researching it. Had he followed through and used the bulk of his vast fortune while he was still alive and in control, he could have built a White racial movement fifty years ago. Instead, he backed off, concentrated on building up a bigger and bigger fortune, only to have the fortune fall into the hands of his enemies to be utilized to destroy everything he stood for.

Case B. HOWARD HUGHES. He was undoubtedly a technical and financial genius of the first calibre. He left a vast fortune. To whom did he leave it? Apparently he left no will, because he didn't care about anybody or any cause enough to designate an heir. His near billion dollar fortune was dissipated in legal fees (the lawyers were his biggest beneficiary) and finally distributed to some distant relatives none of whom cared for him, or he for them during his lifetime.

Did he enjoy his fortune during his own lifetime? I doubt it. He said he didn't and I believe him. He was forced into becoming a recluse and an eccentric, shuttling from hotel to hotel, country to country. He did not have a normal family life, nor did he leave any known offspring. What a waste! What the man lacked was what I point out in Guideline No. 1. He had no meaningful purpose in life.

Case C. A young man in Fort Lauderdale was left a fortune by his grandfather who had made it in the insurance business (not MacArthur). This young fellow, spoiled, brash and hedonistic, took to fast cars, fast women, alcohol and drugs. He smashed up in an accident or two and had his driver's license lifted. After that he was involved in another accident in which he killed three teenagers, including the 16 year old daughter of a doctor I knew. After many legal battles and altercations with the law the young man died of an overdose of self-administered drugs at the age of 23.

Did his grandfather do him a favor by willing him a fortune? Not really. More to the point, it contributed to wrecking his life.

Case D. Again, in Fort Lauderdale, we have another case similar to the above. It concerns the son of a furniture magnate worth tens of millions. The son's life ended at an

(Continued on Page 3)

age similar to the previous case, and just as tragically. Being brought up in the lap of luxury, he was spoiled, arrogant and insufferably obnoxious. He married a beautiful girl and they had two children, but they were not happy. In fact, they were quarreling incessantly, and one night when he threatened to kill her, she pulled out her gun and shot him dead. He was only 25. The court absolved her as having done so in self-defense.

Did his father's money make him happy? Obviously not. It was, in fact, the cause of his early destruction.

Case E. TOMMY MANVILLE. Except perhaps for the younger generation, most of us have heard of Tommy Manville, who was heir to the Johns-Manville asbestos fortune. The most notable thing about Tommy is that he had twelve wives. He led a meaningless, insecure and dissipated life. Was he happy? I don't know, but I doubt it, and suspect that he had a low opinion of himself. Did his inherited fortune do him good or did it undermine his ability to become a man of purpose or ability? I would say that it contributed in making a derelict of him and utterly destroyed his self-respect.

Alright, we have had sufficient case histories for the time being to draw some significant conclusions.

1. Money does not make people happy.

2. Subsidizing young people and bringing them up in the lap of luxury is counter-productive and usually interferes in the natural development of building character and self-confidence. Let me add here that self-respect and self-confidence are extremely important.

3. Individuals who inherit rather than make it on their own are usually incapable of handling money, managing their affairs and building a meaningful life.

4. As in Nature, **eternal struggle is the essence of life**, and to deprive one's children of that struggle is to seriously undermine their future ability to cope with building a worthwhile life of their own.

We can sum up these four points into:

GUIDELINE No. 3. Leaving your life's earnings to your children is not necessarily a constructive choice, from either their point of view, or yours.

Let me move on from the negative to the positive. It is my conclusion that giving your children every luxury and putting a silver spoon in their mouth does not necessarily make them happy, but can easily be their undoing. By so doing, you are robbing them of the most important lesson in life: that **struggle and hardship make the man, or the woman.**

If I have learned any one thing in life it is this: I would much rather be poor when young and wealthy in later life, than the other way around. In fact, I thank my lucky stars that for the first thirty years of my life, my family, and I personally, were as poor as a church mouse. However, at no time did I feel deprived or destitute. I have been on my own since I was 19, and when my dad died, I inherited nothing. Nevertheless, I managed to put myself through college and make my own way. By the time I was 30 I managed to go into business for myself, and although the road was rough, it was a continual (although erratic) upward climb from thereon out. Never again was I to be on the edge of poverty. I will make another observation. I would sooner be rich than poor, not so much because I want to live in the lap of luxury, but it enables me to do what I want to do. And at this stage, what I want to do more than anything ever in all my life is to work for the

survival, expansion and advancement of the White Race. Therein now lies my whole satisfaction, my whole purpose in life.

I repeat — **money is power.** A vast fortune is a lot of power. It is a criminal act to dissipate it pointlessly, as most of our White Racial Comrades are doing. The next question we want to consider is what is the right move financially to make regarding your children. If leaving them your life's savings might do more harm than help, should you invest it in giving them a super education? This is an important question, and not easy to answer. Let me cite another case history.

Case F. I have a good friend who is now 70 years old. He apparently has leukemia and does not expect to live too much longer. He worked hard all of his life trying to do the right thing by his family, by his country, and account to his own conscience and self-respect. He is a model citizen and served his country proudly in WW II. He reared three fine intelligent sons and gave them the best educations. All have university degrees (one has a Bachelors, one a Masters, and one a Ph. D.). As the years went on and he became more and more aware of the Jewish conspiracy, he finally realized (too late) that he had fought on the wrong side, that he had fought for the benefit of the Jews and to the detriment of the White Race.

He now feels he has been betrayed by the very country for which he "proudly fought." His sons are now all professional men with families of their own, but having been processed and programmed by a Jew-oriented university (Berkeley in the 60's), they now totally disagree with him philosophically and with his understanding of what is going on in the world today. Politically and racially they are totally alienated from their father, who scraped and sacrificed to send them through all those expensive years of "education". In desperation he asked me, "What is there for me to fight for if even my own children are alienated and on the side of the enemy?" It is a tough question, but there is an answer to it for other parents.

My answer is this: rather than sending our children to Jew-oriented universities and to become enemies of the White Race **that same money might well be spent far better in investing it in the future of the White Race.** After all, what future do our children have in iron-clad Jew-communist countries like Russia, Poland, Cuba etc. even if you left them millions. The answer is none. In fact, when Castro took over in Cuba, those with wealth ended up as dishwashers in Jewish hotels in Miami Beach. Those were the luckier ones. The others were stood up against the wall. So, my next guideline is this:

GUIDELINE NO. 4. The most effective use you can make of your wealth is to invest it in the future of your own race.

How can you do this? Well, in just the same way as the Jews do it. True, they get the goyim to carry most of the freight if they can, but nevertheless **they shell out, and shell out heavily of their own money as well in every Jewish cause** they believe will help promote the survival, expansion and advancement of their own race. The Rothschilds spent hundreds of millions of their own money setting up the state of Israel. Jacob Schiff of Kuhn, Loeb and Company spent 20 million dollars of his own money training Trotsky and his 3,000 Jewish cutthroats and then sending them over to Russia in 1917 to topple the Czar and set up Jewish communism. The Rosenwalds (of Sears, Roebuck) have been, and still are, spending tens of millions promoting

Mr. Klassen:

I just finished looking through your February issue of RACIAL LOYALTY, and my conclusion is that you are a sick man and consequently to be pitied. Not only are you sick, but you're also woefully uninformed in regard to the Person Jesus of Nazareth. May God have mercy on your eternal soul!

(Editor's Note: I realize that you Christians are all just exuding with so much concern and Christian love that you would like to see all of us unbelievers sizzling in your fictitious Jew-concocted hell, just for our own good, of course. Now fortunately for us, we don't believe in that garbage either, and one of the unbounded FREEDOMS we CREATORS enjoy is FREEDOM FROM FEAR OF HELL.

Now Reverend, the recognized yardstick as to who is sane and whose mind is sick has generally been judged as to who has a firm grip on reality in contrast to those who can no longer distinguish between reality and fantasy. By this well accepted measure, Reverend, you are very sick indeed. Your fictitious stories about spooks, ghosts, spirits and your favorite circumcised Jew working his far-fetched hocus-pocus are in the same category as the story of Santa Claus, or the story of Mother Goose and hi-diddle-diddle, the cow jumped over the moon. There is not a shred of evidence to support any of it. Like a drug junkie, you are playing games on Cloud Nine and want to drag others into the same sorry mess. It is your treacherous type of spook peddler that would gladly sell the White Race into mongrelization in order that you can pursue your sick obsession of playing silly games with non-existent spooks. Furthermore, anyone who peddles this kind of spookcraft for a living is either a first rate con-artist, or has completely lost his marbles. But don't feel too badly about it. Reverend. After all, you didn't invent that. The Egyptians were already deep into this spookie racket thousands of years before you ever rolled out your first "Amen". Read all about it in this issue.)

Dear Pontifex —

I feel compelled to write to you to express my unbounded admiration for your magnificently written book, "NATURE'S ETERNAL RELIGION".

I am a White, English, male, 57 years of age. I was born into a "working class Christian educated" family, in East London. Though my parents were never "church goers" as such, they passed on to me in the natural order of things, Sunday School, the Lord's prayer, and bedtime prayers as a child. Even as a child I found myself unable to accept the teachings of the Bible, and when I reached my teens, I rejected it completely, even to refusing to swear on it in a court of law. In my three and a half years of military service in the R.A.F. refusing to attend church parades, on the grounds that I was an atheist. To my eternal regret your book, of what is to me the true book of Revelations (literally) only came into my hands last week at a political meeting. Reading it I realized page by page why the Bible which I have always described as a book of "Yiddish fiction" had no meaning for me. I do not have your incisive and dissective mind. I could never unravel that tome of "Jewish gobbledy-gook", that is until I read your comprehensive work.

I am a member of the British "National Front". I realize only all too dearly the concentrated effort to smash the White Race that is taking place in my once proud little island. An island whose people have been duped by "Solly" into fighting two devastatingly disastrous world wars against our European brothers and which at the present moment seems to be inhabited by an indigenous population struck by some kind of madness, with eyes which can see, but cannot see, and ears which can hear, but cannot hear.

I do not know if this letter will reach you because people of my political persuasion seem to have mysterious problems with air mail from time to time.

I cannot personally come out and see you for I have been unemployed for seventeen months, and do not have the necessary finance. I do have however, many "Nationalist" contacts who will help to spread "the word".

Once again, my sincere thanks for your marvelous work. I shall

Fifteen dollars plus one dollar fifty postage equals sixteen dollars fifty, and at today's rate of exchange this equals eleven pounds and forty-five pence which I enclose herewith, my cheque for that amount, made payable to Ben Klassen, as requested.

Incidentally, I am now reading a book about Oliver Cromwell, "London Goes to Heaven", the author is Jane Lane and she is well known in this country for books of that period, and is, in fact, a direct descendant of the original Jane Lane who helped Prince Charles escape after Worcester.

I thought Mr. Klassen would be interested in the following excerpt from pages 180/181, and the words that Miss Lane puts into the mouth of Mr. Guffin, a London innkeeper:

"And now they tell me the Jews are to be let in, which will altogether ruin our trade."

"My friends among the merchants tell me," said he, "that for some years past, in truth ever since the execution of the King, divers Spanish and Portuguese Jews have been creeping privily into the city, not admitting to their religion, nay, some of them attending Popish services at the Embassy, and living very retired. But now, I'm told, one of their number hath most boldly petitioned Cromwell to have his Leave to worship openly, and to come hither without let or hindrance, nay, even that they have sundry of our churches given them

to be their synagogues, that all laws against 'em be repealed, that they have free trade, a separate body of laws for their protection, and I know not what besides. Passion o' me!" cried Mr. Guffin, his face crimsoning with his indignation, "here is a fine thing, that those who are the chief enemies of our religion and our trade, who live by the beastly practice of usury, and who have even been wont to intrigue against whatsoever nation would give them shelter, should be let in by the Protector because he is straitened for money and hoped to get it from them in return for his favours. For near upon five hundred years have we been free of this plague in England; the great Plantegent, the First Edward. He it was that rid us of these lice, holding the honour of Christ and the weal of his own subjects to be at stake, and now —"

He broke off abruptly, partly from lack of breath, partly because he saw one of the redcoats looking in his direction. End of excerpt.

Many thanks for sending me the books.

Dear Pontifex —

Your article in the No. 10 issue describing the School for Gifted White Boys fascinated me.

It is of course, a marvelous idea. What a wonderful way in which to inculcate our positive values in some young minds.

It, very probably is not all that original an idea. As you pointed out in the article, the Jews have been doing this thing for centuries. And our "own" Christian leaders (race traitors) have been doing the very opposite, that of teaching our young people to hate their race.

It is commendable that The Church of the Creator should take the lead in establishing a school such as you describe.

It is my desire to make a \$50.00 donation at this time and to continue to do so as my own personal economic conditions permit.

Dear Pontifex —

Greetings and White Power! Enclosed is a copy of the editorial page of our local paper. In it you will see a letter to the editor recommending your book, "NATURE'S ETERNAL RELIGION".

Since I do not have the money to donate or subscribe at this time because I just quit my job. I got fed up with waiting on Jew customers and I told my boss that's why I quit.

Anyway, I felt that the least I could do was get your book plugged in the local paper. I hope it brings in a few orders for the book.

The letter was written using a pen name. Perhaps you recognize the name? It should give the A.D.L. jerks a few fits trying to find the author. Naturally, a fake address was used too.

Tell all of your members and readers to write similar letters to the editors across the country. This is an inexpensive way to advertise.

The circulation of the News Tribune is estimated at 20,006 average daily readers.

Well, that's all my news for now.

Good luck! Glad to be of help!
Give the Jews hell!

Your friend for a free White America!

Florida

P.S. I have just learned from a friend that the book sells for \$8.00.

I am sorry for the error. When I bought the books I got them two for 8 or 10 dollars, I'm sure. Now that accounts for my error.

Anyway, I believe my idea is good and it should be used nationwide. (*Editors' Note: Thanks a million, John. I assure you, it will.*)

Plough money back into your own race. It's the best investment you can make for your own future and that of your children.

UTILIZING WEALTH

(Continued from Page 3)

race-mixing. All this, and much, much more, is done for the cause of the Jewish race, by millions of Jews.

Why can't the White Race do the same? After all, some White Racial Comrade who is worth say, 5, 10, or 50 million dollars can't possibly spend anywhere near that amount sensibly on himself or his family. He or they can only eat so much food, wear so many clothes and utilize so many rooms of any house. Any man that is worth 100 million dollars could comfortably give away 95 or 98 million dollars to the cause of the White Race and still not suffer in the slightest in living a full and affluent life. The surplus represents only so many useless digits on a balance sheet that do nothing for him personally except probably beef up his ego. But ego or no, if the White Race goes down the drain (as it is now headed) the wealthiest will be the first to go down with it. Strangely, it is the very wealthy who have the most to lose if the White Race is destroyed and would suffer the least if they threw the bulk of their wealth into the cause of the White Race. Strangely, it is they who are the deafest in listening to reality. But sooner or later we will get through to some who are willing to see the light. We must make sure we do.

In the meantime, there are millions of White Racial Comrades in the middle class, and even in the lower financial brackets who are our staunchest supporters, some of them giving until it hurts. We say more power to them!

If all this sounds like a call for support of the CREATIVITY movement, well, my friend, you are so right. We solicit your support and we need all the help we can get. But let me quickly add that all the above advice is completely valid no matter what White Racial movement you prefer to support. It is valid

even if you want to support none, but if your cherished goal is to blow it on wine, women and song, the key idea is spend it wisely while you're alive. Don't hoard it for your heirs or for the hereafter. In the first place, the heirs will probably neither appreciate it, nor deserve it, and in the second case, **you can't take it with you.** In fact, it probably won't be any good to you, or your children, or anybody else in a few years. Remember, Cuba, etc. **So use it now and use it effectively.**

In summation let me briefly recapitulate:

1. Make a cold and sober decision as to **what goals are most important to you** in your life.

2. Don't hoard your money to leave to some heirs. Spend it on your own cherished goals while you are alive, and in control.

3. Leaving your assets to your children is not necessarily in the best interests of either your children or yourself.

4. **The best and most enduring investment is in your race.**

Remember: Not only can you not take it with you, but if you don't act now **it may soon be too late to spend it at all.**

Remember — money is power. Your money is your power to follow your own dream. **Don't let some scurvy bandit talk you out of your dream or take it away from you.** You earned it, you deserve to spend it as you see fit.

Exercise your options to do what you want to do while you still have control of your own assets. You can't take it with you, but even while alive the Jewish IRS or other thieves can take it away from you. Therefore, I say: **take action now and utilize your wealth effectively while you still can. FOLLOW YOUR DREAM NOW. No one knows what tomorrow brings, but by investing in the White Race you will be investing in the best future possible.** W

Lessons We Can Learn From Egypt As They

The history of Egypt is extremely rich and covers a time span longer than that of any other major White civilization. There is much, much we can learn from it if we will keep our eyes and ears open and somewhat sharpen our perceptivity. I have been a long-time student of the history of White civilizations and have set down some of my observations and conclusions about them in NATURE'S ETERNAL RELIGION twelve years ago.

Whereas in my travels I had previously visited most of the locales of the other White civilizations such as Rome, Greece and Constantinople, I had never been to Egypt. Understandably, because of its rich and extensive history, because of its wealth of archeological monuments and artifacts still well preserved, I have always been fascinated with Egypt, and some day wanted to see it for myself.

Last fall my wife and I decided come February we were going to see Egypt. Since no one knows what the future holds and what with the world being blown to bits by the Jews, esp. in the Middle East, we thought that such an opportunity might never come again, and the sooner the better.

Weil, on February 11, we finally did it. We got packed and left for a relatively short but exciting 10 day tour of Egypt. I have related in more detail the itinerary and sites seen on the Egyptian tour in a continuing article to be published next month. In this dissertation I want to re-analyze the story that is Egypt and derive what lessons we can learn from that first great White civilization and its demise.

When you take a guided tour these days you not only have your regular tour guide, but in order to create extra business most countries force the agency to have a second, a local guide, as well. Egypt is one of those who require a second guide, since they, too, are anxious to extract the last tourist dollar possible from its visitors. But before I describe the local guide, let me say a word about the regular guide.

His name was Tom. He was a handsome, well-built man, of Swiss nationality, and of German descent.

As usual, he spoke a number of languages. He listed his home address as California, but actually domiciled in Spain. He was 51,

single and as apolitical as you can get. He represented the perfect cosmopolitan, or should I say polyglot?

Our local guide was an Egyptian girl of 25, named Shareen. She was tall, had a good figure and a dark muddy complexion. She pointed out that she was half Italian and had studied the guide business at the University of Cairo, that Italian was her first foreign language and English her second. I don't know how good her Italian was, but her English left much to be desired.

One of the first things she told us about Egypt that impressed me was the **whereas the Egyptians spoke Arabic and it was their national language, there was a vast gulf of long standing between the Egyptians and the Arabs.** She drew a sharp line of demarcation between themselves and the Arabs, pointing out that **whereas the Egyptians had a long history of civilization and culture, the Arabs were nothing more than uncouth, uncivilized Bedouins off the desert, whom Mohammed had mobilized and polarized to become ruthless conquerors.** She then lapsed into an interesting dissertation about Egypt's 4,000 year history of civilization before the Arabs came, about the multifaceted gods of Ancient Egypt, about the conquest of Alexander the Great, and then by the Romans; how Egypt was prosylitized by the new Christian faith and by the fourth century A. D. Alexandria was the world's foremost center of not only Christianity, but also of culture and learning; how the Arabs came along in the 8th century, overran Egypt and converted it to the Moslem faith by force of the sword.

There was one sinister and insidious change in the Egyptian evolution that Shareen seemed to ignore, and that was the racial disintegration of the once proud, intelligent White Egyptians.

As any student of Egyptian history knows, **when the Egyptians first built their mighty empire and illustrious civilization beginning some 6,300 years ago, they were a unique species, a most outstanding race of gifted White people.** Further up the Nile and to the south of them were the Nubians, black as the ace of spades.

As the Egyptians expanded their empire, it was inevitable that they would come into confrontation with the Nubians. This, of course, they did, and stupidly, like all other White civilizations since, looked upon these inferior black creatures as excellent material for slave labor. They not only enlisted them as workers, but also took them into the army. **The result was predictable** and as I have pointed out in both NATURE'S ETERNAL RELIGION and The WHITE MAN'S BIBLE, **when there is a geographic mixing of the races there is inevitably a mixing and contamination of the gene pool, and as time goes on, again inevitably, the bad genes outbreed and pull down the good genes.** As a result, the average Egyptian today is a conglomerate mongrel, and a bad mongrel at that, on a level with that of the average run of Mestizo Mexican. But I will have more to say about that later.

The ultimate horror is the mongrelization of the White Race.

As the bus rolled on and Shareen proceeded in telling her story of Egypt, my mind wandered off and I speculated about her own ancestry. I wondered **what IDENTITY, if any, she herself could cling to,** being a conglomerate composite of Ancient White Egyptian, black Nubian, Bedouin Arab, Early Roman and a proliferation of the slaves the Romans dragged into their Empire and through which they miserably dissipated their genes. On the cultural and the religious side she was an heir and a composite hodge-podge of Ancient Egyptian culture and religion (of which they are so proud, but of which no vestige remains in the present day Egyptians); of the Coptics (Christian) Egyptians who held sway for five hundred years, and whose churches, temples and monasteries still remain in isolated pockets; and lastly, the Moslem creed to which she now professes adherence. But what is she really? **She shares the same sad dilemma as do all mongrels, a botched-up, hodge-podge of race-**

mixing derelicts, whose ancestors wantonly and criminally flouted the laws of Nature. She is neither White, nor Nubian, nor Arab, nor Roman. Culturally and religiously too, her loyalties would be torn between the Ancient Egyptian gods, Coptic Christianity, Roman Catholicism and the Moslem creed. What a shameful hodge-podge of a heritage has been slopped upon her by criminally irresponsible ancestors! How much Whiter and Brighter Egypt could have been today had the original creators of its civilization practiced the basic precepts of CREATIVITY! If only they had had a racial religion!

The next statement made by Shareen that deeply impressed me was a political one. Whereas our German guide was completely apolitical, Shareen was not. She ventured the following opinion: "We have all been told that King Farouk was a wastrel and a scoundrel, and that Colonel Nasser was a hero who came to our rescue and gave us democracy and independence. Now, I may be thrown in jail for what I am about to say, but a lot of Egyptians think differently. The fact is that under Farouk Egypt had a population of 17 million people and most of them worked on the land in their primitive way as they had for generations. But Nasser changed all that by pursuing modernization and industrialization, by giving the people the vote, something they did not know what to do with. Egypt now has 47 million people. A large portion of these are crowded in Cairo and Alexandria. **They are not better off, but are worse off, and with the subsidies of foreign aid we are receiving we have a runaway population explosion and the situation is rapidly getting worse.**"

Indeed it is. Cairo, which now has an explosive population of 12 million people, has facilities for a city of no more than 3 million. The streets are clogged with cars and people, the telephone system is a shambles, everything is patched together with chewing gum and haywire. One of the main reasons for the population explosion is U.S. foreign aid. Egypt, next to Israel, gets the largest chunk of foreign aid from the U.S. of any country in the world.

Apply To The Present

Why is the U. S. so generous to Egypt? Well, mainly it is bribe money, to keep Egypt at peace with the miserable bandit state of Israel, all again at the expense of the American taxpayer. But it cannot go on. As Shareen pointed out — it is a one-way street to disaster. Egypt is increasing more than a million a year, and most of them are flocking into Cairo. Like Mexico City, it is a time bomb.

When we landed in Cairo I took a good look at the people. They were darker than I had expected, being more or less the color of a mulatto in America. They are decrepit looking physical specimens, having all the worst characteristics of the mongrel. Yet, their Arab and some White characteristics are still discernable.

Then we flew south to Aswan and to Abu Simbel and finally embarked on a delightful and relaxing 4 day cruise down the Nile, from Aswan to Luxor. The big surprise to me was that whereas the natives at Cairo were a mud color, those at Aswan and north, and all along the banks north to Luxor, were out and out kinky-haired niggers, black as the ace of spades!

Watching the banks of the Nile, I had an opportunity to observe the natives, the native housing, and their primitive means of tilling the soil. Much of the housing out in the country (and even the environs of Cairo) is extremely crude, being built of primitive mud bricks and often nothing more than just plain reeds patched with mud. They tilled the soil much the same way as they did 2,000 years ago, after their civilization collapsed. Time and again I would see a team of water buffalo hitched to a primitive plough, with a fellahin in a dirty white robe following behind. When I compared their primitive housing to the magnificent and grandiose temples and palaces built by their Ancient predecessors, I could only be astounded and ask — how could a people sink so low from such an auspicious heritage?

This brings me to the subject I want to discuss next — **the Ancient Egyptian religion.**

The history of Egypt is a prime example of what I am talking about in Creative Credo No 45 of The WHITE MAN'S BIBLE when I say that Superstition and Gullibility are

the Achilles Heel of the White Race. There is hardly a civilization in history that was more overwhelmed with gods and spooks than were the Ancient Egyptians. They feared their gods, they idolized them, they supplicated to them.

In general, they were the most powerful force that controlled the life of the individual and set the course of the nation. This brings me to several other observations.

1. Because of their obsession with spookcraft and their neglect of nurturing their gene pool, they became mongrelized.

2. The trip to Egypt convinced me that the **mongrelization of the White Race (whether local or global) is the ULTIMATE HORROR.**

3. **It also firmly polarized a basic conviction I have had for a long while. That conviction is this: The White Race has been in dire need of a Racial Religion from the beginning of its civilization, and needs it more than ever today.** Had the Egyptians had it, we would have a more beautiful, a Whiter and Brighter World today.

4. That all the fictitious concepts promoted by both Judaism and Christianity were already invented by the Ancient Egyptians. These fictitious concepts were first copied by the Jews and then transplanted into the Christian creed, which the Jews originated and promoted. Some of these basic concepts were:

(a) The idea of a "soul" (b) the idea of "eternal life" (c) the idea of "gods", both evil and good (d) the idea of "one god" (Ikhnaton) (e) the idea of "offerings" to appease the gods or god (f) the idea of "baptism" (purification by ablution) (g) the idea of **building magnificent and grandiose temples** to honor and supplicate their gods. In fact, the whole program of controlling the masses by awing them with belief in hocus-pocus and the supernatural was already well advanced in the Egyptian religious system.

5. That the Egyptian obsession with preparing for death and immortality thereafter is, and was, one of the most destructive and wasteful ideas that helped to bring to an end not only a most illustrious and glorious civilization, but also a most unique and exemplary race.

If those gifted (and at the same time demented) idiots had only had

a racial religion such as CREATIVITY!

Instead, all the efforts of the Pharaohs were directed towards providing for the comfort and well-being of the immortality of their fictitious "souls". Each Pharaoh wanted to outdo his predecessor in leaving a monument and a tomb in which his remains resided, ensconced in a grandiose physical enclosure that they hoped would last into all eternity.

That their bodies were embalmed by a process still not understood by modern science, that we all know. That their mummies were then entombed in an elaborate set of sarcophagi which were then sealed in secret chambers in a huge pyramid or other structure, that too, is well known. What surprised

whose tombs have been found, the grave robbers of ancient times got to them first, with the lone exception of that of the boy king, Tutankhamen, which was discovered by British archeologist, Howard Carter, in 1922. It is suspected that the architects who designed these hideaways and who generally outlived the Pharaoh, were the key villains in either aiding the robbers, or doing the job themselves.

It is the tomb of King Tut that gives us some idea of the size of the national treasury that was poured into one of these tombs and then buried, supposedly for all time. I had the pleasure of going down into the tomb of King Tut where his mummy still lies, and also of viewing the treasures that had been

The bottom line of all this intensive Egyptian religiosity is this: it was entirely based on self-deception, hocus-pocus, and deliberate lies.

me however is the extent to which they exerted themselves to "provide the soul" with all the thousands of goodies on its journey to eternity. They practically poured the wealth of the kingdom into this last rites project as if life here and now was inconsequential, but in contrast, the nurturing of the soul in the eternal hereafter was overwhelmingly the obsession of their living days. **Does this have a familiar ring with the Christians who profess "seek not treasures on earth, but store up treasures in heaven"?**

Such an astounding collection of wealth went with the sarcophagus and the tomb of a dead Pharaoh that they became the prime target of grave robbers in ancient times. It was almost like robbing Fort Knox, provided you could find it. No wonder the Pharaohs went to extreme lengths to make their inner tomb either physically inaccessible by sheer massiveness of sealed stone structures, such as the pyramids, or resorted to subterfuge, such as burying their tombs, goodies and all, far underground in a remote ravine such as the Valley of the Kings at Luxor. (Sixty-four Pharaohs' tombs have been found in the Valley of the Kings, and fifty-seven tombs in the Valley of the Queens, opposite Luxor.)

In either case, they succeeded badly. Of all the Pharaohs buried

found in the tomb, and now reside in the Cairo Museum.

Let me first try to describe the treasures, which are displayed in the Egyptian Museum, also called the Cairo Museum.

Whereas the exhibit that was brought to the U.S. in 1976 displaying the treasures of King Tut drew huge crowds in every city where it was held, it only included 55 pieces. On display at the Cairo Museum are 3,500 pieces, all brought out of the tomb of King Tut. It includes chariots, benches, bowls, chests, chairs, a gold face mask, gold sleeves for each of King Tut's fingers, 180 stone statuettes of his favorite servants, and such a list of varied knick-knacks that it is impossible to catalogue here. Suffice it to say that so much gold was encrusted on so many of these items and so many jewels were studded into them that it was like an open invitation to Fort Knox, provided you could find it.

Making it extremely hard to find or to get to is what the kings and their architects expended considerable labor and ingenuity in doing. I had always imagined the Valley of the Kings, and the Valley of the Queens, where a number of these underground tombs are located, as a beautiful valley with well marked ruins of the different

Part 1. RACIAL SURVIVAL IN AMERICA

The U.S.A. Is Unique and Must Stay That Way

By Gen. R. Never

The destiny of man is to survive, select the best mate of his Race he can, procreate children of his Race and raise them to maturity to be the next generation of his society and Race. That is the Natural destiny of every "normal" person born. This destiny should show every man that his life is all important if he is to survive to fulfill his destiny.

As the Race's genetic heritage improves -- meaning -- the Races "average" persons' intelligence, abilities, capabilities and character improves, so too his societal heritage and culture improves. The two are interdependent and concomitant. The "society" is the people and the "people" are the Race. Thence, the "society" is the measure of the advancement of the Race.

Advanced Racial genetic heritages produce advanced societies. Highly advanced Racial genetic heritages produce "civilizations."

A Race's societies are a direct measurement of the Race's genetic advancement. Primitive Racial genetic heritage must and will produce primitive societies while advanced Racial genetic heritage must and will produce advanced societies and civilizations.

Remember, it is the "average" of the Race's people's genetic heritage that determines whether they will have primitive or advanced societies.

Therefore, the "integration" of primitive people into any advanced society will lower that "average" genetic heritage of the advanced society thus, this "integrated" advanced society must and will decline and fall. This is a Natural Law and is irrefutable and immutable. INTEGRATION IS GENOCIDE!

When an advanced civilization permits "integration genocide", it does so for one of two reasons -- ignorance or treason. If a society is "ignorant" of the Natural Law of Genetics, and thence, is ignorant of the consequences of "integration genocide" that integration must and does produce, then that society pays "the price of genocide"-- which is death and extinction. In

fact, any integrated society will die and the founding Races genetic heritage will be destroyed -- which is extinction.

This destruction of a Race's heritage and culture by "integration genocide" is not a "gradual" happening. Every integrated mating is an act of genocide that destroys an irreplaceable part of the Race's priceless genetic heritage "instantly" at conception. This is due to the fact that integrated children do not have a Racial genetic heritage and thence are not the next generation of the Race or its societies. And thence, with each integrated mating, the society and Race loses a part of their genetic pool that it took thousands of generations of "breeding pure" to create. Every integration mating is an act of genocide against the society and Race and thence those who integrate and those who support and promote this "integration genocide" are "enemies" and traitors to their societies and Race AND THEY MUST BE TREATED AS SUCH.

It is a Natural Law that every society is created by a people of one Race. These people live that Race's heritage and culture. Therefore, it is simple common sense to understand that, if a society and its founding race are destroyed by acts of "integration genocide" then the survival and progress of that society and Race depends upon its stopping this heinous crime of "integration genocide" before it takes place.

There is only one sure way to assure the prevention of this deadly crime and that is -- the total absolute separation of the Races.

For "integration genocide" to take place there must be at least two Races present/involved. If a society is "restricted" to its founding race then this "integration genocide" crime against humanity cannot take place. Total separation of the Races is MANDATORY if the society and its founding Race are to survive.

It was noted above that an advanced civilization, like the U.S.A., permits integration for one of two reasons -- ignorance of treason. Because the U.S.A. is, or was, an advanced White Racist civilization whose scientists have the "proven knowledge" that integration of the Races IS genocide. Then the integration -- THAT IS NOW BEING FORCED UPON THE WHITE

PEOPLE AND THEIR WHITE RACIST SOCIETY, IS A DELIBERATE ACT OF TREASON TO DESTROY IT AS IT WAS AND IS MEANT TO BE.

The irrefutable truth that the U.S.A. was created to be a White society, of White people only, is history. The U.S.A. whether we like it or not, was created in accord with Natural Law by being created a White Racist society to live their White Race's heritage and culture and it can only survive and exist as it was created and meant to be -- a White Racist society living White Racism.

Every State had "Constitutional Laws" supporting this American White Racist philosophy and lifestyle. Yet today, the alien internationalist Federal government has deliberately passed "alleged" laws (?) whose purpose is, to "force" the U.S.A. to integrate alien (colored people/Races) into its White society thereby destroying the White society, and the White people therein, by this deadly treasonous crime. These deliberate "acts" of "integration genocide" were made with the knowledge that this "integration genocide" will destroy the U.S.A. in the sense, meaning and intent that the U.S.A. was created and ratified by its White Racist founders. Therefore, the perpetrators of these laws, and of this ignorance of "integration genocide," are traitors.

*There is no group
in the world that is
more productive than
the White American
Taxpayer, nor is
there any other group
that is more flagrantly
looted and pirated.*

When the leaders of the U.S.A. deliberately pass laws (?) that are created to destroy the U.S.A. as it was created, those leaders are not only "enemies" of the U.S.A., they dishonorably break their sacred oath of office, wherein they swear to faithfully support and defend the U.S.A. without any reservations, and they commit treason against their country by adhering to and aiding the enemies of its people who are constantly doing everything they can to destroy the nation as it was created, using the

deadly crime of "integration genocide."

It is simple common sense to understand that if White Racism is destroyed in the U.S.A., then the U.S.A. as it was created and became great will be simultaneously destroyed.

Those citizens who pass these alien enemy's laws (?); those who enforce them; AND THOSE WHO PERMIT THEM, ARE TRAITORS.

THEY ARE TRAITORS TO THEIR SOCIETY/COUNTRY, THEY ARE TRAITORS TO THEIR FAMILIES, AND THEY ARE TRAITORS TO THEIR RACE. THEY ARE TRAITORS, THUS, THEY MUST BE TREATED AS TRAITORS, IF THE U.S.A. IS TO BE RESURRECTED FROM THEIR TREASON.

Every White American who considers himself a patriot, who pledges his allegiance to the U.S.A., must do whatever is necessary to do, whatever the cost, in order to resurrect our beloved U.S.A. in the sense, meaning and intent for which it was created, namely, a White Racist society living White Racism. The way to do this, is to (1) UNITE with our White kinsmen citizens. (2) Exert our Rights and do our duty, as stated in our White peoples, Declaration of Independence. (3) Throw out these White Traitorous leaders. (4) Redeclare OUR DECLARATION OF INDEPENDENCE IN THE SENSE, MEANING AND INTENT THAT IT WAS CREATED. (5) RETURN OUR WHITE PEOPLES OF THE U.S.A. TO THE WHITE RACIST SOCIETY FOR WHICH IT WAS CREATED AND IS OUR WHITE PEOPLES TRUE HERITAGE AND CULTURE.

ARE YOU A PATRIOTIC WHITE AMERICAN? PROVE IT -- BY DOING THE ABOVE!

Part 2

Priorities for the Survival of the U. S. A.

Let us set up a list of priorities that we White Americans must recognize and follow if "we" are to survive. "We", meaning the White Race and the U.S.A. in the sense meaning and intent that it was created and ratified. (1) The number one priority on the list of survival is the White Race. Let us cut out all the extraneous things that we give our faith, loyalty, support, love, etc., to and face the facts

(Continued on Page 11)

tombs. Not so. To my surprise it was one of the most desolate, god-forsaken, desert ravines anyone could imagine. Despite all the elaborate and highly decorated tunnels; stairways, ante-chambers, storage rooms and the burial chambers themselves, there was not a vestige of a green blade of grass, or even the slightest indication above ground of anything of the grandeur lying beneath the ground. Until the modern diggers got to these tombs there was nothing but desolation, the most beautiful of purple skies above and sand, sand, sand.

But once underground the amount of tunneling, carving, chiselling and wealth of decorations on the walls of the passages and chambers is truly astounding. Besides visiting King Tut's and a few other underground tombs, we had the pleasure of visiting the King Ramses VI tomb and exploring it to the very end. Just the physical aspects of it are overwhelming. It consisted of a series of sloping stairways, straightaways, more stairways and more chambers. Just to climb in and out would tax all but a seasoned mountain climber. I asked the guide what the total vertical drop of these stairways amounted to, and she replied that it was a total of 40 meters. This is an equivalent of 125 feet, or a twelve story building, a good morning's climb, down and up.

The conclusion of all this obsession with providing for the hereafter is, of course, that it is extremely wasteful and patently stupid, but, of course, no more so than the Christians' cry of "store up treasures in heaven", or the U.S. program of subsidizing all the mud races of the world. Since King Tut was a boy king who only reigned 9 years and died at the age of 18, and virtually left a national treasure in his tomb, we can only speculate how much more abundant were the treasures buried by such kings as Ramses II who was tremendously more powerful, much more egotistical, and reigned for a total of 67 years.

When we speak of Ramses II we come to another strange characteristic of the Egyptian Pharaohs that probably was highlighted by the king with the huge ego, but was shared by most of them. This was the obsession of not only being in "right" with the gods and the immortal life of the hereafter, but they each wanted their name and their statues and

their monuments to overshadow all others and to prevail for all time.

The Egyptian kings' (Pharaohs') **obsession with immortality** evidently knew no bounds. **They wanted immortality in the hereafter.** To aid and abet that ego trip they built themselves grandiose tombs and stocked them with so many expensive goodies as to practically wreck the national economy as I have already stated before. **But they also wanted earthly immortality,** combined with earthly fame and acclaim as well. In order to do this they built monuments, statues, pyramids and temples in their own honor. The surface of practically every wall, facade, column, and what have you, was covered with hieroglyphics telling about themselves, about their heroic deeds, consorting with the gods, pointing to themselves in one way or another. All this was interlarded with their own "**cartouche**" which was their brand, or trademark, or signature. It consisted of a parallelogram with rounded ends, inside of which was the particular ruler's individual name in hieroglyphics.

So popular are these cartouches that they constitute a major souvenir business in Egypt today. You can get your own cartouche made up in gold or silver by a local jeweler, with your name spelled out in raised hieroglyphics. It can be worn as a charm and is one of the few worthwhile purchases you can find in Egypt today.

To get back to the ancient pursuers of the big ego, a powerful king like Ramses II had a marvelous temple built in his own honor at Abu Simbel. It was cut into the face of a solid rock cliff on the banks of the Nile in a godforsaken place 168 miles south of Aswan and 768 miles south of Cairo. On the outside are four colossal statues of Ramses II in a seated position. Each is over 65 feet high. Inside, in the first room, the Great Hypostyle Hall has a ceiling supported by eight columns faced with huge statues of our hero, Ramses II, in the pose of the god Osiris. The second hall is supported by four pillars, with reliefs on the walls of Ramses, his wife Nefertari, his horse and chariot. A similar glorification is again repeated in the third chamber. In fact, Ramses II is all over the place, always with his cartouche, saying: This is Ramses.

But he wasn't the only one. Most of the kings followed the same course, only were not quite as successful because they did not reign for 67 years, and the times were not as propitious.

Now there were two ways to outshine and overshadow their predecessors. One was to outdo the others, and the second was to destroy and obliterate the previous rulers name and/or works. Whereas the history of Egypt has many pieces missing, we nevertheless can find much evidence of both tactics — to outbuild the rival and to obliterate their predecessors' name and fame. Sometimes this was simply achieved by cutting out the previous rulers cartouche (on the monument, in a temple) and replacing it with his own. Ramses II is known to have done this in several cases.

There are two particular cases that I believe are especially interesting examples.

*Only a better people
can build a better world.*

*Without an uncon-
taminated White Race
this is unthinkable.*

One was the case of **Queen Hatshepsut**, one of the most remarkable women in history. Hatshepsut was married to Thutmose II, her half brother — not an unusual practice in Ancient Egypt. When Thutmose II died after a short rule, she took over the government as temporary regent for Thutmose III, the legal heir to the throne, who was still a child. I might explain that whereas Thutmose III was the son of Thutmose II, he was not the son of Hatshepsut. Anyway, so enamoured did Queen Hatshepsut become of the power she now wielded that she stayed on and on and kept a very impatient Thutmose III under wraps in the background, even after he had reached manhood (not unlike today's British monarchy). Hatshepsut proved to be a capable and powerful ruler. She wore a false beard like a man, which is reflected in her many graven images. Like her predecessors she also assumed godhood. She built the famous Queen's temple at Deir al-Bahri and also the great temple of Amen at Karnak, as well as several other monuments to her future immortality. Replete on the walls of these temples were engravings of the queen in her manifold heroic scenes, usually consorting with the

gods.

Well, eventually the queen died, as all good queens finally do, and Thutmose III came to power. So angry was Thutmose III of having been treacherously suppressed all these years that he disfigured the image of Queen Hatshepsut's face on every monument, wall, and column, he could find. Tut, tut, Thut. What a wanton despoilment of precious art for those of us who came along a few thousand years later. We wish you wouldn't have done that, Thut.

A second interesting case is that of **Amenhotep IV** during the XVIIIth Dynasty, circa 1,350 B.C. He was an ascetic, a religious reformer, a philosopher and a theologian. He changed his own name to Ikhnaton, meaning, "Aton (the sun god) is satisfied." He abolished all other gods and proclaimed the "One God" idea — his god, Aton. So obsessed was this first fanatic monotheist that he indulged in an orgy of iconoclasm. He had the plural word "gods" deleted from all monuments, destroyed images of rival gods and relentlessly persecuted the priests of Amen.

Ikhnaton's monotheistic sun god religion finally failed and he was deposed. Although it exerted a great influence on the art and thinking of his time, Egypt soon returned to its ancient, well-entrenched, labyrinthine religion of polytheism and the old priests were again back in power. As a side comment, it should be noted that it was from Ikhnaton that the Jews copied their idea of Jahweh and monotheism. When the Jews now proclaim with great fanfare that they gave the world the first monotheist religion, they are lying, as usual. Remember, the Egyptians had it first.

In any case, after Ikhnaton was deposed, the priesthood returned to their ancient system with a vengeance. They in turn smashed all statues of Ikhnaton, chiseled out his image wherever it appeared and tried to stamp out every vestige of his idea.

While we are on the subject of icon smashing, it might be well to point out that this was a subject also vigorously pursued by the Egyptian Christians (known as Coptics) during their 500 year sway in Egypt. As in Greece, as in Rome, the Coptics in Egypt were hell-bent on smashing "pagan" images, and concentrated on destructively smashing off the noses of more

A Friendly Word from Your Editor

In publishing this paper we have a multitude of purposes in mind, but there are two that predominate:

1. To inform and encourage our existing members and supporters to build the White Racial movement known as CREATIVITY, and,
2. To act as an effective flyer for mass distribution to our White Racial Comrades who have never heard of us before.

Of these two, we are placing major emphasis on the second objective. This paper is designed basically for the purpose of alerting and recruiting new members to our Cause. Whereas, not every White Racial Comrade may at present be receptive to our Cause, nevertheless there are millions out there who are receptive, who are fervently looking for a solution for which we have the answer — the real answer. There are millions out there who have never heard of CREATIVITY or of The WHITE MAN'S BIBLE or any of our other publications. It is our beholden duty to reach those millions and the best way to do so is to distribute copies of RACIAL LOYALTY. It is one of the most constructive actions you can take.

Order 100 copies of either this issue, or any combination of issues. Distribute them to your friends, your relatives or anyone who is inclined to be receptive. Distribute them to places such as, laundromats, airports, colleges, shopping centers etc. You'll be doing yourself and your White Racial Comrades the biggest favor of a lifetime.

Do it now! Order 100 copies for \$15.00 or 50 copies for only \$8.50.

Remember, the future of the White Race now hangs by a thread. If you do not take action, who will? A mere 10 million White Man's Bibles in the hands of our White Racial Comrades would see us well on the road to victory, which is an extremely small price to pay in comparison to the billions of dollars the Jews loot from us each year. We have to get these first 10 million Bibles out, and the paper which you now hold in your hand is the most effective vehicle with which to do the job. **We can do it. Your sacrifice and dedication are the keys to victory. Become a mini-distribution center for our material, including RACIAL LOYALTY.**

Remember the Alternative — It is the fiendish obsession of the Jewish Establishment than no more White babies be born. Remember — that is the alternative to CREATIVITY.

The Three Basic Books of Creativity

NATURE'S ETERNAL RELIGION

508 Pages, 49 Chapters

by Ben Klassen, P. M.

Published in 1973

This book for the first time in history sets forth the fundamentals of a basic RACIAL RELIGION for the Survival, Expansion and Advancement of the White Race. It is based on the Eternal Laws of Nature, the Experience of History, Logic and Common Sense.

It exposes the whole panorama of the dastardly worldwide Jewish conspiracy, aimed at the genocide and extermination of the White Race. It lists the five Jewish books that have had devastating influence on the thinking and course of the White Man's history.

Best of all, it not only sounds the alarm, but blueprints a specific plan and program of how to extricate the White Race from its present predicament. It presents a EUGENICS program for the future of the White Race to uplift it to the glorious heights of the Superman and beyond.

statues than any other group in history.

Despite their obsession with religion and despite the thousands of years they labored at it and under it, the Egyptians never really put together an organized, well-structured religion, as did the Roman Catholic church under Christianity. Instead, theirs was a confused, shifting and polyglot plethora of gods, gods, gods, varying both in time, in name and in geographic location. Besides some of the principal gods, there were in addition also the minor local gods that the natives of certain cities or areas held in high esteem.

One of the dominant gods was Amen-Re, also known as Amon-Ra, also known as Ra, also known as Horus, in which guise he appeared with the face of a hawk on a human torso. Ikhnaton changed this multi-faceted sun god, Amen to Aton and made him the one and only. Today, when you hear the "Amens" resounding down the corridors of Christian churches, remember, the Egyptians had it first.

Other major and universal gods beside Amen-Ra were: **Anubis** who had the head of a jackal and presided over the dead and guarded the tombs; **Hathor**, who had the head of a cow with long horns cradling the sun. She was the goddess of love and childbirth; **Thot**, the god of wisdom and truth, had the head of an ibis; also **Ptah, Hapi, Isis, Maat, Imhotep, Min**, and others. What a stupid, silly, hodge-podge!

The subject of Egyptian religion is, of course, endless, and I do not wish to pursue it any further. I believe I have given enough background of my observations so that we can come to some meaningful conclusions and derive some lessons from the 6,300 year old Egyptian experience.

1. Because the White Egyptian race was geographically sheltered by vast stretches of desert to the east and to the west, by the sea to the north, and by the cataracts on the Nile to the south, it had an opportunity to nurture and evolve an ever-advancing species of a fine race without the intrusion of foreign pollution for thousands of years.

2. Religion can, and did, play an enormously decisive part in the life of the individual, of the nation, and of the race, and the Egyptians pushed it to a veritable mania. Religion is still a tremendously important factor in their lives today.

3. Religion, as I have stated many times before, is like fire. It can be extremely constructive or destructive, depending on the nature of the religion, by whom it is used, and, on whom.

4. The Egyptians did not have a good religion but a rather stupid religion based on purely fictitious concepts and outlandish hocus-pocus. The thrust of their religion was the preparation for a non-existent life in the hereafter, a pointless obsession that uselessly dissipated their resources and labor, and poured it down a hidden rathole, to be buried forever.

5. The White Race six thousand years later is still without a meaningful, constructive religion, and probably will be until such time as CREATIVITY becomes universally accepted.

6. The White Race of Egypt was able to stay on a steady course for about 3,000 years (a long time) for two reasons:

(a) It was geographically protected from racial contamination as mentioned earlier.

(b) Its religion, economy, and government stayed out of the hands of the Jews until probably about 1,300 B.C.

From that time on, race-mixing, racial, cultural and economic disintegration set in and completely destroyed all — race, nation, culture and economy until we now have the dismal polyglot mess of mongrels visible today.

7. Had they had a racial religion, such as CREATIVITY, instead of the hocus-pocus plethora of fictitious spooks, the history of not only Egypt, but the world, would read differently today. Undoubtedly, they would within a period of a few centuries have conquered all the viable lands of the earth and settled it with an ever increasingly superior breed of men. We can only vaguely speculate what the magnificence of such supermen might be. In any case, it would be so far above the decrepit mongrels of today that there would be no recognizable kinship.

8. If there is one thing that the trip to Egypt has done for me, it is to overwhelmingly reinforce a basic conviction. **That conviction is that the White Race direly needed a good racial religion in Ancient times, has needed it throughout history, and needs it more than ever today.**

In fact, we are reaching the End of the Line. It is now or never.

The ULTIMATE of all horrors is the mongrelization of the great White Race. Mongrelized Egypt stands today as a living

of reality. OUR WHITE RACE IS ALL IMPORTANT! IF WE LOSE OUR WHITE RACE'S GENETIC HERITAGE, WE LOSE EVERYTHING! If our White leaders cannot think clearly enough to recognize and accept this all important fact of life, then there is no hope for the survival of the White Race. We can prate all we want about our many religions -- Protestant, Catholic, Mormon, diest, atheist or whatever, or our many philosophies of life -- Constitutional Republic, National Socialism, International Socialism, limited monarchy or whatever, our demand for our personal Rights, our love of our family, lifestyle, society, nation, et al, but if we do not recognize that all these things are absolutely dependent upon our priceless White Racial genetic heritage then there is no hope for our survival. If our leaders refuse to accept the fact and truth that -- "all that we are and all that we can be is absolutely dependent upon our heritage of our White Race's genetic pool" -- THEN THERE IS NO HOPE FOR OUR WHITE PEOPLE.

If there is no White Race -- meaning no White Racial genetic pool -- then there is no White people and no White societies and none of the things -- religions, governments, Rights, etc., etc., that are dependent upon the White Racial heritage. Either our White people accepts this truth or they are "unfit to survive and they will not survive." Hence, our first priority must be the survival of the White Race. This being a common necessity for all of our various White societies, governments, religions, political parties, philosophies and lifestyles, whatever -- all White people can and must UNITE for this one all important purpose -- putting all else secondary. First things first!

(2) Recognizing that our White Race is fighting for its survival. It thence is mandatory that its

reminder of the ultimate horror. Let us dedicate ourselves anew to the fight to reverse this process and cleanse the world of the scourge now engulfing it.

peoples "unity" is necessary and all important if the goal of the survival of our White Race is to be realized. This means "Traitors" to our Race cannot be tolerated. The present danger of our White Race's extinction is due to Racial Traitors within our Race. It is a fact we must understand, accept and fight with everything at our command. Our White Race's present decline and fall is due to White Traitors. Unless we recognize this truth, and do everything necessary to eliminate these White Traitors, our Race will continue being betrayed until its extinction. Our White Race cannot survive if these White Traitors are permitted to continue their Treason of "integration genocide." Integration IS genocide! To assure no misconception, or misinterpretation, or misconstruing, or misrepresentations, as to who is a White Race Traitor, the definition of a White Race Traitor is presented here as a doctrine of the White Race. "A White Race Traitor is anyone or group who supports, and/or promotes, integration genocide, or who integrates with colored people, AND anyone or any group that is against the total separation of the Races." THERE IS AND CAN BE NO COMPROMISE AND NO NEUTRALITY! The issue of our survival is clear. NO integration genocide can be or will be tolerated. All Racial Traitors must be and will be, eliminated from the White societies by ANY means necessary. To assure that this White Race survival doctrine is understood let it be noted that any White person that will not support and carry out this White Race survival doctrine is thereby supporting the Traitors and is, by that support, knowingly or unknowingly, a Traitor and will be so treated.

* * * * *

Our White Race has a great and glorious future and destiny if -- I say, IF -- our White leaders/people recognize that our White Race, our White societies and our White people are in a total war of survival and will UNITE to do whatever is necessary to survive. We need to: (1) eliminate all White Racial Treason and Traitors and (2) eliminate all integration by repatriating all Races not White to nations of their own Racial heritage and culture. It is up to our White leaders to lead us in this holy war for our White Race's survival. To White People there is nothing more important.

The Need for Simple Meals

by Dr. Herbert M. Shelton

The eating of complex mixtures of foods is not seen in nature. Animals not only stay strictly with the foods to which they are constitutionally adapted (those to which their digestive secretions and processes are specially adapted), but they refrain from mixing these indiscriminately. The carnivore confines his meal to flesh; he never mixes his flesh with bread or potatoes or fruit. The opossum, which eats flesh foods, but is very fond of persimmons, does not mix these foods. If he eats a meal of flesh, he makes his meal of this food; if he eats persimmons, he makes his meal of this fruit.

Man mixes foods from all sources. He will combine in one meal the diet of the tiger (carnivore), that of the pig (omnivore), that of the sheep (herbivore), that of the bird (graminivore) and that of the primate (frugivore), and expect such a combination of foods to be as speedily and as efficiently digested in his stomach as the tiger's diet is digested in the tiger's stomach and the sheep's diet is digested in the stomach of the sheep. On the face of it, it would seem that however great is the adaptive capacity of the human digestive tube, it would not be capable of adjusting its digestive secretions to so many different types of diet at one and the same time.

Why should we expect the human digestive tract to be able to efficiently digest such meals? It is often asserted that "normal (human) digestive tracts have been coping with such combinations for centuries without a whimper" but such a statement is based, not on fact, but on ignorance of the facts of contemporary human suffering. Present-day eating practices are not centuries old. The meals of man, until very recent times, have been very simple and have consisted of but two or three articles of food. With several notable exceptions, even the meals of the wealthy classes have been very simple when compared to the eating practices of today.

That the human digestive tract copes with such combinations today without a whimper is simply not true. Indeed, the whimpering assumes the proportion of a loud national groan. Baking soda or some equivalent is our favorite dessert. We spent millions of dollars a year for drugs with which to palliate our after-meal discomforts and pains.

Every student of the eating practices of humankind knows that the eating practices of present-day Americans are very modern and that the indiscriminate jumbling together of all kinds of foods in the stomach seen today has not been practiced by humans in the past. The further back we can push our studies of the eating practices of people, the simpler we find them to have been. We also know, as a matter of everyday current experience, that simple meals provide for better digestion.

Viewing the eating practices of the lower animals, we observe the utmost simplicity. "Every animal keeps to one dish — herbs are the food of this species — fish of that — and flesh of the third," wrote an early Hygienist, who advised: "Be content with one dish at a meal, in the choice of that, consult your palate." In general, as I pointed out at the beginning of this article, animals tend to eat but one food at a meal, even those animals that eat a variety of foodstuffs make each meal of but one item of diet. It would probably be impossible to induce an ape to eat a seven-course meal, much less to induce him to eat a twenty-one course dinner.

Our predecessors in Hygiene, as indicated by the foregoing quotation, often avoided incompatibilities of foods by eating one food at a meal, but they also tried to discover and use compatible food combinations. They were feeling their way and they made mistakes and fed combinations that were not compatible, but their experiences and their studies led to better understanding of food combining. Truth is always in the process of being born; it is never matured. It would not be correct to say that we know, today, all that there is to be known about the subject of food combining. We are still learning. The important thing is that we are learning and have refused to settle for conventional practices, which

IF IT WORKS

I believe that is a good model letter, and what's more important, it evidently is effective in contacting and bringing in new people into our movement. So we say — if it works for somebody else, why not utilize the same formula in you area?

Actually, this is an excellent time to put forward this particular issue what with "Prayers in Schools" being hotly debated up and down the land (really an idiotic issue, when the White Race is slowly being murdered) what better time to let the world know that all this contradictory confusion and nonsense

has finally been cleared up in your own mind? True, there will be some editors that won't print the price, name and address, but apparently since it's a religious issue some will.

So we work on percentages. And remember, you are not limited to writing to the editor of your one and only local paper. You can send the same letter to 5, to 10, to 50 different papers throughout the country, and many people do.

So why not get busy, get yourself a list of newspaper names and addresses and write a similar, or even the same letter. (the \$5.00 price is acceptable to us). But hurry, before the Jews get into the suppression gear and pass the word to their lackeys not to print your letters.

We, of The CHURCH OF THE CREATOR, have not the slightest interest in saving and uplifting "HUMANITY" with all its niggers, scum and parasites. Our entire goal is: the survival, expansion and advancement of the White Race, period.

are the obvious causes of so much discomfort and distress.

Just after the turn of the century Thomas J. Allen, M. D. of Battle Creek, Michigan, gained a wide reputation as an advocate of the one-food-at-a-time diet, the so-called mono diet. He based his practice upon the discovery of Pavlov that each particular food requires for its digestion the secretion of a particular digestive fluid, and attempted to establish a new school of healing which he called natriopathy. This school laid great stress upon the evils of indiscriminate and excessive food mixing. When this was coupled with worry and "undue mental strain," he found or thought he had, the cause of most of man's ills.

He asserted that he had "demonstrated absolutely" that "cancer is due to a multiplex diet" and that the mono diet is the "physical factor in the cure."

Allen insisted that mixing foods differing in character disorganizes digestion and nutrition. He was not, however, as fanatical as some of his professed followers. He permitted a "rational combination" of "harmonious foods" instead of a mono diet. By actual test he found that certain foods, when combined with each other at the same meal, do not digest well. Unfortunately, he did not carry his work to the completion of a system of food combining that was all-inclusive, but emphasized most the mono diet.

He advised his critics to do a little experimenting for themselves; saying, let them eat beans only six times in succession, then eat rice for ten meals, noting the gradual adaption to the rice. Then he advised, eat half rice and half beans a few times. He told his readers that if they would make a few such simple experiments, they would know more about diet and have more authority for writing than certain of his critics. Perhaps this is an oversimplification of the case, but the principle he here stated is valid.

Pavlov showed unmistakably that when a food is taken to which the body has not been accustomed, the digestive system has to "learn" to secrete the proper juice for its digestion. The adaptation of the juice to the new type of food requires time.

Those who insist on eating but one food at a meal (what they incorrectly call a mono diet) have much in their favor. Certainly the human digestive tract, like that of the lower animals, can make a far more complete and efficient adjustment of its secretions to the character of the food eaten if but one food is eaten at a time than it can if two or more foods are eaten at the meal. It may turn out in the long run that all of our efforts to work out compatible food mixtures is an effort to stray away from the simple path of nature without suffering.
