FAX: 231 / 348-1067

9-8-2003

Received a run review request for a 911 call that came into CCE Central Dispatch Authority at 1957 hrs on 9-7-2003. The call came from [REDACTED] E Brutus Rd., the original call was placed by Becky W [REDACTED] stating that male subject had cut himself and was not breathing, after a few moments of obtaining information another female got on the line and reported that the subject was outside that he had cut himself, was unconscious, breathing. On the tape is the recording of that call and radio traffic between dispatch and the units responding. There is a second 911 call that came in at 2003 hrs on 9-7-2003 from Adam reporting that the male subject was outside and that he is not breathing and that the wife was outside doing cpr. After this there is radio traffic between dispatch and units responding. If you have any further questions please contact me.

Sincerely,

Kimberly Idalski  
Team Leader  
CCE Central Dispatch
