How the Early Texans Cleansed the Muds out of their Territory

Red Niggers in Texas

by Ben Klassen, P.M.

No state has a more colorful and glorious history than does the State of Texas, and no state more clearly exemplifies the eternal struggle of the White Man against his deadly racial enemies – the Indians, the Mexicans and JOG, the Federal government itself.

Today that struggle goes on, more deadly than ever, in Texas, and on a national basis, and in fact, on a worldwide basis. The only situation that has changed is that the White Race now has more racial enemies pitted against it than ever, namely Asiatics, Haitians, South American and Central Americans, mud peoples, and a host of others. In the meantime, JOG had become more powerful, more vicious and hostile, and the boundaries of the racial war have become more confused and obscure in the White Man's vision. Nevertheless, the war today is very real and more ferocious than ever. Whereas the early Texans took direct and effective action and won their racial war more than a hundred years ago, today the opposite is unravelling before our eyes. The White Race is losing, is leaderless, confused, and rapidly on its way to extinction.

* * * * *

Let us review some stages of the interesting and heroic history of the White Man's conquest of the great Lone Star State, how he was beset with the same evil forces we are today, and how he took direct and drastic action to triumph over his mortal enemies.

* * * * *

I have read a number of books on the Texas Rangers, on the battle of the Alamo, the heroic battle at San Jacinto, and Texas history in general. Most of them downplay and/or de-emphasize the historic fact that the Conquest of Texas was essentially a racial war – a long drawn out three cornered struggle between the White Man, the Mexicans and the Indians. It was not until recently, however, that when Rev. John Brooks sent me another book on Texas that I realized how fierce and intense that racial battle was. The name of the book is "The Lone Star – A History of Texas", and what especially piqued my interest was a chapter in the middle of the book entitled "Red Niggers", a term of contempt used by the early White settlers for the ever marauding Indians.

For two hundred years the area known as Texas had been claimed by the Spanish conquerors of Mexico. However, by the time the

first White settlers arrived in this area under the auspices of Empresario Stephen F. Austin during the 1820's, the Spanish and Mexican

colonization of Texas had been a colossal failure. As in South America, and in Mexico itself, the Spanish conquest, although preceding by almost two centuries that of their rivals, differed significantly from that of the Anglo-Saxon colonization. The Spaniards did not conquer to colonize. There were three major forces in play that determined the course of Empire. They were the Crown, the army, and the Catholic Church, not all three necessarily on the same course. They came to exploit the land and the native labor, mine the gold and silver and enrich the coffers of the Crown, and in the process expand the domination of the Catholic Church. But as colonizers they were a total failure. They did indeed strip the land of its gold and silver, shipping its wealth across the ocean to make Spain the most affluent domain in Europe during the sixteenth and seventeenth century.

Over the centuries of unabated effort, the attempt by the Catholic church to Christianize the Indian heathen was a total failure. They did build a number of missions with Indian slave labor, but the Indians did not embrace this alien creed as their own. In fact, only the more docile tribes could be domesticated at all, and during the process they invariably declined in numbers and eventually died out. The more warlike tribes, such as the Comanches, the Apaches and others, rejected Catholicism in toto, and kept up their raiding, scalping and thieving.

As we come to the first half of the 19th century, there were a string of five Spanish

Devenney

Smith

Matt Devenney died as he lived, feeding the hungry at a community kitchen in a black section of Jackson, Mississippi.

Devenney, age 33, was shot twice in the chest by John D. Smith, a derelict nigger savage with a long history of violent and aggressive behavior and a hatred for the White Race. "John D. Smith was a time bomb waiting to explode," said Calvin Rogers, admissions manager at Gateway Rescue Mission, a Jackson shelter for the homeless and unemployed.

Matt Devenney was shot for little more than the color of his skin. There is no question that Devenney would be alive today had he directed his energy and concern towards his fellow kinsmen instead of aiding and comforting a hostile racial enemy.

We must realize that the survival of the non-White races is not our concern and we are not obligated to look after their welfare. We must get our priorities straight, support and defend our own precious White Race, and continue to expand, build and create as nature's finest.

missions in Texas, of which San Antonio de Bexar was the most prominent, but all were in a state of decline and decay. By the 1820's the Mexican revolution had aborted from Spain, the country was in chaos and the now mix-breed Mexican settlers in Texas were only a few, subject to the terror and raiding parties of the warlike Indians to the north and to the west. Not only was Mexican colonization not advancing, it was retreating.

When Moses Austin, followed by his son Stephen F. Austin, approached the Mexican government with an offer of bringing in 300 Anglo-American families on a given tract of choice Texas land, the Mexican government was receptive. This they were not because they liked the Anglos, but because they hoped that these more durable Americans would act as a buffer zone and thus protect the territory behind them for the Mexican settlers to expand upon.

Moses Austin soon died after the initial application, but his son carried on and the Anglo-Celts, Anglo-Saxons, and Anglo-Americans were indeed tough, and a more durable breed. When the new settlers were offered tracts of one sitio of legua (4428 acres) of good land at 12-1/2 cents an acre, the rush was on. The first wave came from the Trans-Appalachian South – Louisiana, Alabama, Arkansas, Tennessee and Missouri. The main motive was economic improvement – an opportunity to own and settle on good land at approximately one-tenth the going price in the United States. First came the farmers and hardy frontiersmen, soon followed by merchants, lawyers and townsmen. By 1825 his original 300 patents were used up and Austin applied for more. In the next ten years Austin succeeded in locating more than 1500 families. But he was not the only Empresario. There were soon 25 more, although none as successful as Austin. In a single decade these White Americans had more children, raised more crops and built more towns than the Spaniards had in the previous three hundred years.

Although these American frontiersmen were subjects of the Mexican government and had to "profess" to Catholicism in order to obtain the patents to their land, they brought with them their European culture and American ideas of freedom. As such they were soon on a collision course with the chaotic and ever-changing Mexican government, who by 1830 began to view the Anglos with hatred, envy and fear. Further immigration of Americans from the north to Texas was restricted, and whereas the early settlers had enjoyed almost unlimited freedom from taxation and Mexican government bureaucracy, now they became subjected to both. Nevertheless, the White Anglo settlers from the American north and east kept on coming in ever increasing numbers. A rebellion and a racial war was inevitable and it was soon to come.

Not only were the White settlers faced with the hostility of the Mexican nation of whose territory they were a part, but the depredations and hit and run raids from the war-like tribes on horseback to the north and west kept increasing. Whereas the Austin colony had settled in an area that had only a scattering of unwarlike Indians, as the numbers of White settlers increased so did the repeated raids from the fierce Comanches, Lipans, Apaches, Karankawas and other Indian warriors on horseback. Stephen F. Austin early in the settlement had organized "companies of ranging volunteers" that were soon to become the notorious Texas Rangers, the scourge of the Indians and the Mexicans, the latter calling them the "Diablos Tejanos", the Texan devils.

A three cornered racial war was facing the ever expanding White settlers, between the Indians, the Mexicans and the late arriving

White settlers. It was a war that was to continue for more than sixty years.

IT'LL BE A NICE PLACE TO SETTLE,
ONCE WE CLEAR ALL THOSE DIRTY
RED NIGGERS OUT.

It is not our intent here, nor do we have the space, to give even a concise resume of the colorful history of Texas in the 19th century. Suffice it to say that by 1835 the independent, freedom-loving White Texans had had enough and were ready to revolt against the Mexican tyranny. This culminated in the thunderclap at the Alamo when the then President and General of the armies, Santa Anna marched north and decided to teach these Americanos a lesson they would never forget. After 13 days of siege, on March 5, 1836, Santa Anna and his 5000 regulars stormed the walls of the improvised fortress and within a matter of a few hours it was all over. The 182 heroic defenders of the Alamo were all slaughtered and mutilated beyond recognition. But the Mexicans had won only a Pyrrhic victory at best, and the Americans exacted a heavy toll of at least 1600 dead Mexicans and more than 500 wounded, and it was here that the legend of the Diablos Tejanos was spawned.

The shock-waves of the Alamo spread terror throughout Texas and sent the American colonists fleeing eastward with their families, as Santa Anna, despite his heavy losses, was determined to wipe out every last Americano in Texas.

Soon thereafter Sam Houston was given charge of a rag-tag army of 800 volunteers by the then interim government of President David C. Burnett, who headed up a sorely divided cabinet. Houston, too, kept retreating eastward, gaining additional volunteers as he went. Some of his men began grumbling that he, Houston was afraid to fight, but Houston consulted no one and kept his counsel to himself. Then, at the appropriate moment on the afternoon of April 21, Houston attacked. While Santa Anna's army was camped at the San Jacinto bayou only a mile from the Americans, and enjoying an afternoon siesta, Houston launched his attack on the surprised Mexicans.

The shout **Remember the Alamo!** went up as the Americans ran screaming at the disorganized Mexicans. It was all over in about 18 minutes and the carnage that ensued was indescribable. By nightfall 630 Mexican corpses lay scattered in clumps across the grassy field, with more than 200 wounded, as the disoriented Mexican remnants surrendered. The Americans had lost only two killed in action, with about 30 wounded, of whom seven more would die later.

General and Presidente Santa Anna had fled, but was captured the next day, disguised in a private's uniform.

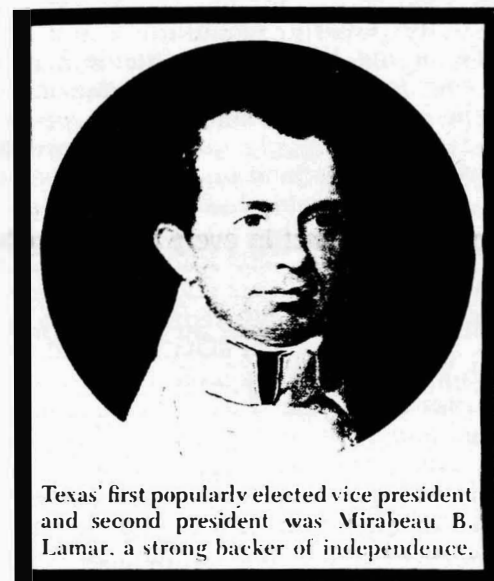

As the news of San Jacinto spread, great cheering went up all over Texas and the pioneers and their families returned to their farms. Houston had not only won a most decisive battle

in the history of the White Race, but he had also Won the West. Texas had won its independence.

* * * * *

Nevertheless, the three-cornered racial battle between the Indians, the Mexicans and the White Texan settlers continued. The hit-and-run marauding raids by the fiercest Indians on horseback in North America – the Comanches, the Lipans, the Apaches, the Karankawas – not only continued but increased in intensity. So also did the intensity of the hatred of the Mexicans, now that they had lost Texas. The United States government in Washington took a strictly hands-off policy and was of no help. They had made a treaty with Mexico in 1819 in which they conceded Texas was Mexican territory. Although the new Republic of Texas wanted to join the United States, the festering slave issue, the eastern bankers and politicians rejected their White brothers who had conquered Texas by sheer blood, guts and colonization.

The White colonists carried on. They formed an independent Republic. The hero of San Jacinto, Sam Houston was its first president, limited by the new constitution to a two year term. The Indian raids increased. The new Republic was bankrupt and badly in need of not only money, but material goods of every kind. It could not afford a regular army. Having spent three years of his youth among the Cherokee Indians, Houston had a soft spot in his head about the Indian attacks. Houston was succeeded by Mirabeau Buonaparte Lamar, also a hero of San Jacinto, as president of the Republic in 1838.

Texas' first popularly elected vice president and second president was Mirabeau B. Lamar, a strong backer of independence.

Unlike Houston, Lamar had no soft spot or illusions about the racial war that freed the colonists. He faced the reality: Texas had to fend for itself. Rejecting the hypocrisy of the bleeding hearts of the North, Lamar took a forthright stand on the racial problems that confronted him, a stand that was strongly supported by the colonists themselves. As far as the Mexicans were concerned, he advocated the Mexican government should be given a final chance to negotiate a boundary and peace with Texas. If they did not, the Mexicans should be brought to their senses by knocking them to their knees. As far as the Indians were concerned, he considered them as merely trespassing red vermin on Texas soil. In this outlook, Lamar invented nothing new. The notion that these savages were tenants at will, without inherent title to American soil, and the White Man might dispossess them without formal legal action, was already firmly imbedded in American thought that had already acquired the legitimacy of two hundred years of history.

Lamar stated bluntly that the Indians, the Mexicans and the White Man could never live peacefully in the same territory. "Nature forbids it." He revived the Texas Rangers and inaugurated a firm policy of driving all the Indians and Mexicans out of Texas, a policy eagerly supported by the majority of the White

Brian Kozel Memorial Patch

This attractive new five color patch which commemorates the death of our fallen Creator Comrade Brian Kozel (1971-1990) can now be obtained and will make a handsome addition on the jacket of anyone in the white racial movement. Price \$10.00.

Brian Kozel, a dedicated White activist was gunned down in Milwaukee at the age of 18, shot in the back by a group of savage muds as he walked down the street. Wear this patch with pride and let enemies of the White race know that we never forget the loss of one of our own! RAHOWA!

with no racial or cultural integrity. Our movement must restore racial idealism in every field where liberal greed and deceit have intimidated and victimized us. If we are to grow at a rate that will insure that our movement will include the best political, labor, academic, military, business, and student leaders, we must do more to train, organize, and create new circles in every state. Our centers can study, distribute literature, and collect donations. Even small groups of active recruiters can organize vast regions that lack solidarity and need good leadership. We can pressure government to respect us, instead of using terror, coercion, and disinformation to exploit us. We can create institutions to meet our needs and safeguard our rights. Our political programs represent the interests of the White race. Whites want to think for themselves, work in their chosen occupations, and preserve their national sovereignty. Whites who think that their rights are not threatened are living in fantasy world!

We have a sacred and historic mission. It is our duty to save our race from conspiracy, treason and miscegenation. We must insure the survival, expansion and advancement of our race worldwide. Everyone of us must double and triple our efforts. We must be more watchful that those who enter our ranks neither obstruct our progress nor dilute our programs. I suggest that everyone who reads *Racial Loyalty* order our first book *Natures Eternal Religion* and/or our eight book combination package. They should familiarize themselves with the creativity creed and program. Those who have not heard about Creativity, the one and only White racial religion or read an edition of *Racial Loyalty* or the Creativity books, are failing to keep up with the struggle for the survival of our White race.

Before concluding this letter I would like to say that it is a great honor and privilege to be an active member of Creativity, the one and only White racial religion! We will Win!

Against the Evil Tide

Last month we published "A Revolution of Values through Religion" which received enthusiastic acclaim from both our supporters and also our enemies. (See B & B on page 4 of this issue.) Now, just off the press, is Ben Klassen's **magnum opus**, his autobiography of 512 pages, complete with several photographs. It has been four years in the making. The title is "Against the Evil Tide," and details his life history, starting with day one. It goes even further back and includes an incisive and concise history and background of his Mennonite ancestors.

This book is for the current record and also for future historians. It lays to rest forever the malicious lies, smears and slanderous attacks launched by the multitude of vicious enemies trying to impede the onward march of the White Man's most dynamic religion -- Creativity, the only real and comprehensive racial religion the White Race has ever had in its tumultuous 6000 year epoch of civilization.

A must reading for every Creator who is interested in learning about the historic beginning and evolution of Creativity.

Liberals have created a powerful dictatorship. In the final analysis, the Jewish liberal Establishment has enslaved Americans. Pro-White activists must develop new strategies to smash the liberal bureaucracy. Foreign interest groups have destroyed popular sovereignty. This subversion of White American politics is total. Liberals allied to foreign interests, to an international elite, and to leftist political movements make open debate and fair elections impossible.

The liberal Establishment has an international leadership. Bankers and corporate bosses buy politicians, beside rigging the markets and the media. Liberals perpetuate un-American propaganda and un-American values. How long will Americans allow Liberals to poison the innocent minds of American youth and instill in them a hatred for Western civilization? Who now fails to recognize this? Our Congress has perpetrated an outrage against our political heritage. No political freedom remains in our so-called democratic institutions. We must restore national idealism. The White Race must now wage counterrevolutionary war or perish forever! There is no option but bloody reprisals. We must confront Jewish world control and terrorism and the unrestrained population invasion and miscegenation of all alien non-white races that infect our society and threaten our gene pool. We must not deny the brutal crimes and bans against us. We must punish the traitors who have exploited our nation and are now prepared to destroy our race and culture.

How can we defend ourselves against Jewish dictatorship, except by means of antidictatorial civil war? Jewish liberalism has perverted our faith in decent conduct in every field. They have indoctrinated us that we are no better than savages. And they have set savages over us who rob, rape, and murder in the name of democracy. Liberalism has deprived us of our Constitutional rights, opening our nation to hundreds of thousands of strange immigrants. Other aliens unlawfully enter everyday without resistance from our government.

When we speak out against the anarchistic, Jewish world government dictatorship we are slandered, persecuted and imprisoned. Liberals see to it that, even under "peaceful" conditions, we are displaced in every way. We exist without employment, without housing, without everything necessary to live productive lives. Are we being true to our consciences by avoiding bloodshed? Shall we do as the Liberals order and turn over our guns, letting the liberal Establishment have its final victory?

Pro-White activists now have an internal enemy more dangerous than any that White Americans have ever confronted. Our enemy wants to direct our anger for their own interests, and they will as long as none avenge! The White race must take back control of America, the country our forefathers built for our race alone and clean house on all the treasonous congressmen and other politicians that have sold us out to the Jews. We must rise to the defense of the White race and the United States. We must not hesitate to take drastic measures because they may not bring us easy and perfect results. The sacrifices we make in the name of our sacred honor will paralyze political opportunists, parasites, and usurpers! We are unlike the enemy in race, consciousness, and spiritual values. Let the enemy shed no more White blood. We must boycott the enemy and discontinue any further subsidization. Creativity promises us victory, honor and glory, most of all it insures our survival as a species!

The Jewish Occupation Government, the corporate elite, and the Jewish controlled education system are liberal and materialistic, that is, they consider our nation as a system

BRICKBATS & BOUQUETS

A Call for Justice

Dear Hasta,

On September 18, 1991, at Fernindina Beach High School (in Florida) a 16 year old White student was nearly beaten to death by a horde of nigger savage thugs. All witnesses, teachers and students alike, agree that there was a racial motivation.

According to spectators, the small 16 year old boy was attacked by the nigger mob as a consequence of his refusal to succumb to their bullying and intimidation. The niggers encircled him as they commenced kicking, punching, and pounding the victim's head into a galvanized steel garbage can until he went unconscious for over two hours. Witnesses say the kicking ensued even after the victim lost consciousness! The hapless victim was then hospitalized with a concussion, which very well could have caused his demise!

Upon reporting the incident, the Jewsmidia deliberately made no specification of "race" being the determining factor, nor did they even make mention of the fact that the culprits were black.

I need not remind the readers that such atrocious behavior is typical among the lower, inferior races, who have been inflamed to hatred of Whites as a direct result of Jewish media agitation.

My files are filled with a plethora of such occurrences happening all over Florida, an overwhelming number of which are so disgusting, so lascivious, so repulsive that they would be non-permissible for publication.

Over 85% of all violent crimes are committed by niggers and other racial low-life. According to government statistics, a minimum of 500 White women are raped, assaulted and sometimes murdered every week by non-whites. However, criminal investigators say that the number could very well be as high as 3500 per week, as six of every seven rape victims do not report the crime.

Has anyone seen or heard any reaction from their senators, congressmen, state representatives, etc., to impede this unmitigating

Freedom for Rev. Stanko, now!

The Jewish Occupational Government is breaking its own "mandatory parole guidelines" by arbitrarily, maliciously and tyrannically keeping Rev. Rudy Stanko in prison past the two-thirds of his term. **Therefore, we ask all White Racial Loyalists -- Creators to renew and redouble the letter writing campaign to their senators and congressmen.** Also, please write to our future leader, Rev. Rudy Stanko, and express your support of his struggle against the JOG tyranny:

assault on ourselves and our women? The answer is an emphatic **Hell, No!**

On the other hand, these Jew-rented prostitutes are oh so ambitious and adamant in their pursuit of enforcing more "anti-hate" laws, which arbitrarily deny White people the right to self-defense against these vile creatures that rape our women and turn our cities into jungles; thereby leaving our people procumbent and defenseless before an implacable enemy who seeks nothing but our blood.

It seems so abundantly clear that even the most obtuse yokel can not deny that the heritage, culture and dignity of nature's finest -- The White Race -- is being trampled on by the world's inferiors under the auspices of the Jewish Occupational Government that contrives to mongrelize the White Race into extinction and oblivion. Even more treacherous is the White traitor JOG puppets who ambitiously aid and abet them in this diabolical, sinister conspiracy.

When we, the elite White Race, retain complete and unconditional control of our own destiny, it is my inexorable belief that there must be a time of retribution for those White Racial Traitors who have deliberately infringed upon our destiny and worked towards the destruction of our great White Race and culture.

If we allow such vermin to go unpunished and to further infect our society, it would be an unmitigated obstruction of justice, as well as an inexcusable dereliction of duty on our part. Let the buzzards feed on those White traitors who have willfully participated in the destruction of our race! **RAHOWA!**

Affirmations

Fellow WRC's,

Well, it's 3:20 in the morning, and I've just awakened after reading some of the *White Man's Bible*.

I believe Creators should imbue themselves with the Sacred Books on a daily basis. Mine have become so underlined that I will need a new set soon. Some sort of activism should be engaged in every day by Creators.

Yesterday I began to stand in line at one of my favorite restaurants when I noticed that the nigger and the pretty blonde girl were together. I point-blank asked if they were together, and when they replied in the affirmative, I said, "I just lost my appetite," and walked out. **RAHOWA!**

Unveiling Christianity

To: Pontifex Maximus
Ben Klassen

Thank you! Thank You!

I have read your paper for a year now and I enjoy very much the way your paper attacks the Jew spawned Christianity, exposing Christianity for what it is. I praise you for it.

Christianity was forced upon the White Race

by the Sword of Constantine and the "western civilization" suffered an "Identity Crisis."

The grandeur of the Greco-Roman Civilization fell into ruin rapidly after "Christianity" became the official religion of the Roman Empire. This fate, I believe, will soon face Western Nations again. By exposing the Christian religion you are doing the White Race a service.

Perspicacity

Dear Creators:

Enclosed is \$15 for a copy of PM Ben Klassen's *"Against the Evil Tide."* There is no doubt in my mind that our leader is a genius. We heard praise for Wm. G. Simpson, it took him though, half of a life to get off Jesus juice and he never offered anything like Creativity.

I myself was raised in a Pentecostal home, became a Hitlerite at 12 and rejected Christianity at 16. Creativity has all the answers!

Racial Greetings to:
Rev. Steve Thomas

I received my copy of *"Racial Loyalty"* for September and as usual, it is great and informative. I'm glad to see the news about the new book *"Against the Evil Tide"* and am looking forward to reading it.

How is the "School for Gifted Boys" going? I sure wish I had the opportunity to attend something like that when I was a boy. I had to learn the lessons of Race the long, hard way through trial and error.

I am continuing to read and study and learn as much as I can in regards to our true history and the realities of the Race and the challenges we face ahead of us. This past year has been a real education and an eye opener for me as I have gained new insight into the nature of the real issues of our day and the true way to solve and resolve them. I owe much of my reeducation and redirection to the fine books and materials published by the Church of the Creator. Thanks for putting me on the right track back to nature and reality and letting me know that I am not alone in our struggle for the restoration of our proud White Race to our rightful place in nature's tapestry and order. You have helped to make me proud once more to speak out loud and clear with renewed hope and pride in what and who I am, and what I am a part of...Nature's Finest!

Undaunted Dedication

RAHOWA!

I have been receiving Racial Loyalty for awhile and always read it. I still did not know much about Creativity (even though I enjoyed the newspaper) I never really considered furthering my interest. Then I came in contact with Rev. Richard Thomas from New York who, I must admit, is a great example of the Church. Because of him I started reading *The White Man's Bible* and could not believe there was actually somewhere to turn and that people I might call "normal" don't believe in Hocus Pocus Gods and do believe in might is right. I have been in the movement for a couple of years and I guess the reason I never considered Creativity is because – well – people say that Jew wives gossip. We should really look into our movement. Not that everyone talks bad about Creativity. (As a matter of fact I have already started getting a couple of other people very interested) but you know how people are, you hear one person say something wrong with another and you accept it. Well, I'm glad I finally learned to find things out for myself. People play too many games. One can only trust his own opinion and judgement. It is time to grow up and spend more time on the advancement of our Race and Racial Movement. My wife (who is actually my hands in writing this letter since I am not able after I was shot by mud scum leaving me in a wheelchair) is interested as well.

Well my main reason for writing is to thank you for the newspaper, which has been greatly appreciated. I am just about finished with *The White Man's Bible* and I've read *The Little White Book* and will be starting *Nature's Eternal Religion* soon. I am interested in getting more involved with Creativity.

Brain Pollution

Sir:

I purchased *The White Man's Bible* in November 1989 but never got around to reading it 'cause I lost it in my files. I recently found it and was surprised to find out that your way of thinking is exactly what I've been trying to tell everyone I knew for years and years.

I am now an outcast in my wife's circle of friends, her relatives (I have two brothers who only think of themselves) and even our five children (three girls and two boys -- the youngest 26). Their favorite response to my trying to educate (sic) them is "Who cares? We don't want to hear about the crap you're reading. You're being brainwashed with all that crap!" I instilled into their petty brains the word "brainwash" by citing TV and the daily newspapers, etc., and now they use the word in retaliation.

How brilliant can they get if I did not talk to them? Oh! They are Catholic (sic). Hey...get that! Sic Catholic!!! Oh well...to continue.

I've always contended that there is not one shred of evidence that Jesus ever existed. Not even a milking stool since he was supposed to be a carpenter. He only wrote in the sand one time and I presume some oaf tread through it.

Swamp Toads

Greetings Aryan Kinsman:

I thought I'd kick down these Jew/hate prison gates and goose-step your way via the U.S. Mail for a few moments of inter-action with some righteous White Folk! Times are hard here along the Mississippi River for a White man's spirit, living amidst these nappy-haired porch monklies and spindle-legged swamp toads is just too much at times. That's why I want to reach out to you from within my J.O.G. Cage and tell you just how much you are appreciated and respected.

I received the *White Man's Bible* you sent and it was great for this Viking Warrior's heart. I agree with so much that you say, especially on the Jewish conspiracy. I have studied and researched all these points going on 17 years now and am well aware of the desperate situation that we are in. Your efforts to awaken our folk to the enemy within the gates is a sign of the obvious love in your heart for your Race, your courage to stand when so many keep silent for fear of the Jews is to be respected and honored. No greater heroes in years to come will be those who, in love and courage, spoke truth when everyone else believed in the lies of the Jews. The contempt of so-called respectable society for our message of truth is indeed sad. They have been put to sleep by their Jew masters, the culture stealing scum of the earth will in the end taste the steel and lead of the awakened knights of light and truth. Tomorrow Belongs to Us!

Please add me to the mailing list for your newspaper and keep in touch. I remain, Forever Faithful and Loyal to the Cause. My Heart is True!

Perceptively Correct

To: The Church of the Creator

I have been trying to get in touch with a White rights' movement group for a long time, but to no avail. Yet after catching a glimpse of the address on the TV show "Now it can be told," I knew I just had to contact you.

Needless to say, I am descended from an Aryan background (as a matter of fact, part of my family fought on the good side in Germany during WW II). The problem is, I live in Canada, where, to my knowledge, most everyone is in love with what they call "human rights' equality" and I call garbage. Thus far I have yet to meet someone who isn't over 70 and shares my viewpoint. The other problem is, I'm a girl. But, I figure if there's ever going to be a racial holy war (which I'm sure is eventual), we'll need all the help we can get. All our brothers and sisters will have to unite in order to exterminate the vermin that's infecting our pure White society.

I'd be willing to do just about anything to help out the cause, including writing articles,

spreading materials, taking donations, fighting, etc., but I'm only close to seventeen and do not know anyone to direct me in the right direction.

I'm sure you've heard of Aryan Women Movements and have outposts of your Church in Canada. I'd be forever indebted if you could forward their addresses to me, so I could contact them.

My biggest goal is to start recruiting other girls to the movement. As Honorable Mr. Hitler had in mind when he organized the Hitlerjugend and Bund Deutscher Madel, the Nazi Youth groups, and it would be a great pity not to follow his ideals and have male and female organizations.

As I've already mentioned, I have been looking for the right group for a long time, and only your church fits my ideals EXACTLY. Personally, I don't think anyone should go out on the street and shoot niggers or other trash, no matter how great the temptation is. We should be more organized, build huge underground military outposts and perhaps then...

Anyway, I hope you can help and offer me some suggestions and addresses of groups in the USA or preferably Canada.

Sincerely,
E.H.

About Skunks and the Big Lie Technique

Imagine the following scenario. You and your family are having a pleasant barbecue lunch in your backyard with your neighbors and an uninvited skunk intrudes upon the scene. You hope it will leave but the filthy varmint persists in remaining to stink up the place. What can you do? About the only way to end it would be to get your gun and blast it into oblivion. But even that doesn't solve the problem. The stench lingers on. Such is the case with a skunk called Harold Covington.

**EVEN IF YOU KILL THE
STINKING VARMINT
THE STENCH LINGERS ON.**

Hitler, in his book, *Mein Kampf*, described the "big lie" technique used by the Jews, which in essence says that if you tell a big enough lie, at least some people will believe it. Evidently Harold is following the big lie technique and using the sleaziest form of slander possible. He is making a major campaign out of it and no doubt somebody is paying him good money to do it. Who would be so treacherous as to pay this miserable race traitor to do such a vicious smear job? The Jewish ADL immediately comes to mind.

Man Rapes Sexy Sister

Amnon for his pretty sister
Has a burning desire.
He contrives to get her in bed
To put out his fire.

II Samuel describes a case of incestuous rape as King David's son Amnon takes advantage of his half-sister, Tamar:

II Samuel 13:

1. And it came to pass after this, that Absalom the son of David had a fair sister, whose name was Tamar: and Amnon the son of David loved her.

2. And Amnon was so vexed, that he fell sick for his sister Tamar; for she was a virgin; and Amnon thought it hard for him to do any thing to her.

3. But Amnon had a friend, whose name was Jonadab, the son of Shimeah David's brother; and Jonadab, was a very subtil man.

4. And he said unto him, Why art thou, being the king's son, lean from day to day? wilt thou not tell me? And Amnon said unto him, I love Tamar, my brother Absalom's sister.

5. And Jonadab said unto him, Lay thee down on thy bed, and make thyself sick: and when thy father cometh to see thee, say unto him, I pray thee, let my sister Tamar come, and give me meat, and dress the meat in my sight, that I may see it, and eat it at her hand.

6. So Amnon lay down, and made himself sick: and when the king was come to see him, Amnon said unto the king, I pray thee, let Tamar

my sister come, and make me a couple of cakes in my sight, that I may eat at her hand.

7. Then David sent home to Tamar, saying, Go now to thy brother Amnon's house, and dress him meat.

8. So Tamar went to her brother Amnon's house; and he was laid down. And she took flour, and kneaded it, and made cakes in his sight, and did bake the cakes.

9. And she took a pan, and poured them out before him; but he refused to eat. And Amnon said, Have out all men from me. And they went out every man from him.

10. And Amnon said unto Tamar, Bring the meat into the chamber, that I may eat of thine hand. And Tamar took the cakes which she had made, and brought them into the chamber to Amnon her brother.

11. And when she had brought them unto him to eat, he took hold of her, and said unto her, Come lie with me, my sister.

12. And she answered him, Nay, my brother, do not force me; for no such thing ought to be done in Israel: do not thou this folly.

13. And I, whither shall I cause my shame to go? and as for thee, thou shalt be as one of the fools in Israel. Now therefore, I pray thee, speak unto the king; for he will not withhold me from thee.

14. Howbeit he would not hearken unto her voice: but, being stronger than she, forced her, and lay with her.

15. Then Amnon hated her exceedingly; so that the hatred wherewith he hated her was greater than the love wherewith he had loved her. And Amnon said unto her, Arise, be gone.

16. And she said unto him, There is no cause: this evil in sending me away is greater than the other that thou didst unto me. But he would not hearken unto her.

17. Then he called his servant that ministered unto him, and said, Put now this woman out from me, and bolt the door after her.

18. And she had a garment of divers colours upon her: for with such robes were the king's daughters that were virgins apparelled. Then his servant brought her out, and bolted the door after her.

19. And Tamar put ashes on her head, and rent her garment of divers colours that was on her, and laid her hand on her head, and went on crying.

20. And Absalom her brother said unto her, Hath Amnon thy brother been with thee? but hold now thy peace, my sister: he is thy brother; regard not the thing. So Tamar remained desolate in her brother Absalom's house.

21. But when King David heard of all these things, he was very wroth.

22. And Absalom spake unto his brother Amnon neither good nor bad: for Absalom hated Amnon, because he had forced his sister Tamar.

Amnon is subsequently slain for his misdeed by his brother Absalom's command and to his father David's relief, as recounted in verses that follow:

24. And Absalom came to the king, and said, Behold now, thy servant hath sheep-shearers; let the king, I beseech thee, and his servants go with thy servant.

25. And the king said to Absalom, Nay, my son, let us not all now go, lest we be chargeable unto thee. And he pressed him: howbeit he would not go, but blessed him.

26. Then said Absalom, If not, I pray thee, let my brother Amnon go with us. And the king said unto him, Why should he go with thee?

27. But Absalom pressed him, that he let Amnon and all the king's sons go with him.

28. Now Absalom had commanded his servants, saying, Mark ye now when Amnon's heart is merry with wine, and when I say unto you, Smite Amnon; then kill him, fear not: have not I commanded you? be courageous, and be valiant.

29. And the servants of Absalom did unto Amnon as Absalom had commanded. Then all the king's sons arose, and every man gat him up upon his mule, and fled.

30. And it came to pass, while they were in the way, that tidings came to David, saying, Absalom hath slain all the king's sons, and there is not one of them left.

31. Then the king arose, and tare his garments, and lay on the earth; and all his servants stood by with their clothes rent.

32. And Jonadab, the son of Shimeah David's brother, answered and said, Let not my lord suppose that they have slain all the young men the king's sons; for Amnon only is dead: for by the appointment of Absalom this hath been determined from the day that he forced his sister Tamar.

39. And the soul of king David longed to go forth unto Absalom: for he was comforted concerning Amnon, seeing he was dead.

Thus is related a gory tale indeed, "X-ish" both in sex and in violence.

The Purpose of this Series

Our purpose of this series is to expose and destroy the myth of the sanctity of the Jewish scribblings which have been foisted through deceit and terror by the perfidious Jews upon the White People as the "ultimate and immutable word of God". The fact is that the Jew-spawned Christianity (centered on the anti-natural, absurdly illogical and suicidal legends about a mythical Jewish bastard) is the deadly mind poison which destroyed the glorious White Roman civilization and is currently destroying all of the White Race; therefore Christianity must be exposed, defeated and eliminated in order to save the White Race. By using ridicule and unmasking this idiotic age old spooks-in-the-sky swindle, we believe we can best help lead the White Race back to sanity, common sense, and a healthy, constructive attitude towards its own best interests. *Delenda est Judaica!*

From Ancient Rome to the New Dawn

The Metamorphosis of the Pontifex Maximus

by Eric Hawthorne

"When I was nineteen years old, by my own deliberation and at my own expense, I raised an army by which I brought the Republic, oppressed by the domination of a faction, into a condition of freedom. I was triumvir for the constitution of the Republic for ten continuous years. I was the leading member of the senate up to the day on which I wrote these words...I was Pontifex Maximus..."

- Augustus Caesar

The Sacred Creed of Creativity emphasizes that we must learn from the lessons of history, so that the White Race shall never again repeat the tragedies of its splintered and fratricidal past. There is an immense and paramount lesson that we must learn from the Ancient Romans, so let us study and remember well.

As *Imperator*, Augustus ruled the army and the treasury and administered the laws of the State. Indeed, in him was manifested the collective spirit of the Roman people, for not only was he a lawmaker and legislator, a political figure and a military strategist; but also a religious leader. **In one man the perfect unity of Church and State presided.**

Although the Roman people knew full well that he was human, they *deified* his genius. He was confident, yet humble; strong, yet understanding; wise, yet curious; he was a true leader. From the turbulence of a motley youth was born adulthood, which flowered forth in glory and brilliance. Through his leadership of all aspects of life, Rome enjoyed the fruits of Augustus Caesar's toils. At the age of 31, he was undisputed master of the known world.

The decades that preceded Augustus were particularly turbulent. Julius Caesar had forged the Empire into a mighty force, only to find it sent wheeling into chaos by revolution and treachery. But under the able leadership of Augustus, Rome was to embark on a majestic epoch.

According to historian Will Durant, Augustus was the integral key to the Pax Romana, an unprecedented period of peace and stability. In his work, "The Story of Civilization III", Durant says "...having made the Empire secure, he would return to Rome laden with honor and spoils, rich enough to end economic depression, powerful enough to ignore all opposition, free at last to name his successor, and to die with the Pax Romana as his supreme legacy to the world."

The State Religion

Much has been written about the polytheistic religion of the Ancient Romans, but prior to Creativity, little analysis has been made of its ultimate value to the Roman people. We know

that the religion included a plethora of gods and goddesses, each of which covered some aspect of daily life, be it the explanation for unexplainable phenomenon, or the cause of natural forces. When a need arose, a god was erected to provide a justification.

Although the Roman indulgence in spookcraft and superstitious nonsense did have some pragmatic benefit to the Roman people, any benefit derived can be considered superfluous in retrospect. For although it contented their restlessness and satisfied their graphic imaginations, it acted as a roadblock towards a recognition of their racial uniqueness and the development of a secular racial religion.

Natural Course

There existed, during the time of Augustus and Pax Romana, whispers of an awakening of the Roman people. Evidence suggests, that if left undisturbed by the Jewish presence, Ancient Rome would have risen from its pagan stupor and developed a creed based upon the undeniable truths of Race. Although a minority, there did exist in Rome a faction of atheists, who were quite vocal in their disbelief in the spooks-in-the-sky mythologies. Durant contends that "the ancient faith, which had once served family discipline and social order, had lost its hold on the educated classes of Rome...". Even many of the poorer classes rebuked and denied the superstitions of their forefathers, as is witnessed by the following inscriptions found on tombstones:

"What I have eaten and drunk is my own; I have had my life."

"I believe in nothing beyond the grave."

"There is no Hades, no Charon, no Cerebus."

(It is interesting to note that even the peasants that lived crude and ignorant lives chose to bury these spooks with their own corpses, but the Odinists wish to resurrect some similar nonsense in Twentieth Century America.)

Sounding much like a Creator, the Roman philosopher Lucretian wrote:

"The elements out of which he was formed take possession of their own again. Life is only lent to man; he cannot keep it forever. By his death he pays his debt to Nature."

As the above sufficiently illustrates, had Rome survived, it would not have wallowed in superstition and gullibility for long. In the ensuing centuries, as science and philosophy progressed, the Roman people may have given birth to a new creed, one based on the principles of Natural Law, logic, history, and common sense. Instead, the unsuspecting Romans were fed an alien religion, spawned from the bowels of the depraved Jew, known today as Christianity. Once Constantine made Christianity the official State religion of the Roman Empire in 313 C.E., it undermined all of the natural instincts of the Roman people, it destroyed their will to survive, it dismantled their creative spirit and plunged the White Race into a thousand years of chaos and degeneracy. Gone forever was the glory of Rome and the Roman people, as the Jew had succeeded in perpetrating the most heinous act

of deceit and destruction that he has yet realized until this day. As Durant so candidly notes, "Rome died in giving birth to the Christian Church."

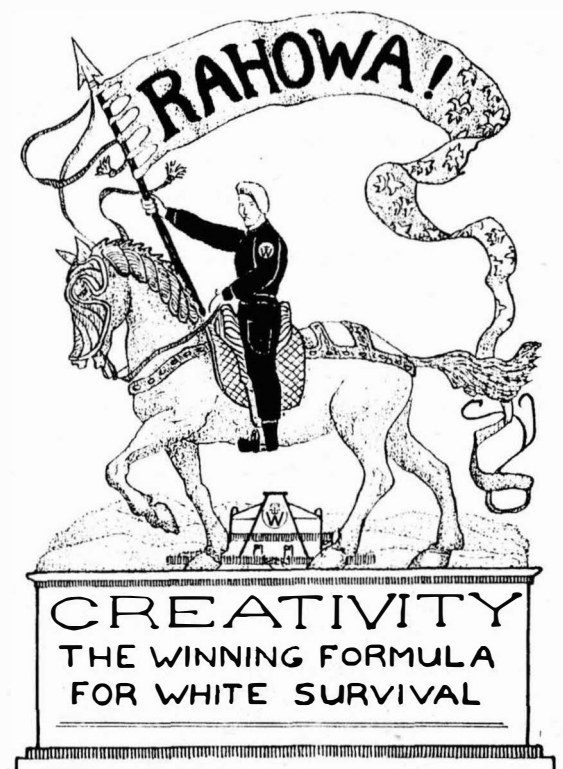

Our Pontifex Maximus

Although we can only speculate the dizzying heights that the Roman Empire would have reached if they had shaken off the Jewish menace and developed their own racial religion under the leadership of their own Pontifex Maximus, we can learn from their most grave errors. For once again **the tentacles of the Jewish monster is tightening its grip on the lifeline of the White Race.** But it is not happening in a distant land, or in an ancient world. NO! It is happening again, right here in America, and across the White world. In the past, the beautiful White Romans were defenceless and impotent to stave off the Jewish psychological onslaught. But this time, **we are in possession of our very own Racial Religion, a harbor in the midst of a tyrannical tempest...this time, we have the weapon necessary to arouse the slumbering White behemoth.**

Under the leadership of our Pontifex Maximus, Ben Klassen, we have been given another chance to rectify the outrages of the past, in this, the final hour of the White Race. With the Jewish Occupational Government working feverishly towards our destruction, **we once again have hope! United and organized, the White Race is ten times more powerful than the rest of the world combined.** There is no secret to our Salvation. Now, for the first time in 6000 years of the White Man's civilization, we do have a racial religion of our own. **We have Creativity, which is based on the Eternal Laws of Nature as revealed through science, history, logic, and common sense.** Creativity has the Total Program, the Final Solution, the Ultimate Creed for the salvation, redemption, and resurrection of the White Race - Nature's Finest.

In Ancient Rome, the Pontifex Maximus was the chief administrator of the state religion.

Through our Pontifex Maximus, we have found our Racial Soul. Since the dawn of civilization, there have been many great philosophers, builders, conquerors, inventors, creators, and achievers; but now, here in modern day America, a great man has come that has spoken the absolute truths of eternity. He is our Leader, he is our hope, he is our *Pontifex Maximus*.

Texans. Not only was it his objective to drive out the more peaceful Cherokees living on Texas soil, but it became governmental policy to pursue and destroy the more warlike Indians who made repeated forays from the north and the west. The attitude of the Texas settlers was to exterminate all Indians, that the only good Indian was a dead Indian. They called them red vermin, red niggers, and realized that their farms and settlements would never be safe until the Indian menace was completely destroyed once and for all.

WELL, WE RAN ALL THOSE INDIANS OUT OF TEXAS. NOW WE'LL HAVE TO DO THE SAME WHEN THOSE JEWS AND NIGGERS START ARRIVING.

From its very beginning, the Texas Republic had been campaigning for annexation into the United States, only to be spurned by such abolitionists as John Quincy Adams and other eastern anti-slavery advocates. When, in 1844, James K. Polk was elected president, a new hero entered the arena in Washington. Polk favored American expansion "from sea to shining sea" and in late December of 1845 the aspiration of most Texans was realized. Texas became a state of the Union, much to the relief of its inhabitants.

By this time, the Mexican threat on Texas' southern borders had become more abrasive and the Texas financial situation was in chaos. Soon after annexation, the United States, under President Polk, declared war against Mexico. In the ensuing war, 1846-48, the White Americans thoroughly trounced the Mestizo Mexicans on their home territory, although the White Man was repeatedly outnumbered in men and artillery in every battle. The Treaty of Guadalupe Hidalgo ended the war, and President Polk, whom we Creators regard as the greatest of American presidents, gained for the White Man the western third of the United States, including California, Arizona, New Mexico and other territories, as well as assuring the security of Texas.

President Polk died (1849) shortly after the end of his one term. After the war with Mexico, in which the Texas Rangers played a heroic and significant part, the people of Texas re-assessed their situation. Instead of the government helping to protect the White colonists from the marauding Mexicans south of the Rio Grande and from the fierce Indian raids from the west and north, the policy of the Feds in Washington was to do neither. The government in Washington, in fact, made the slavery issue its main preoccupation, and since Texas was a slave state, Texas was looked upon with disfavor. It made arrangements for Indian reservations on Texas territory, and forbade Federal troops from pursuing Mexican raiders across the Rio Grande. Meanwhile, the Texans and the Texas Rangers beefed up

their own limited forces, wondering all the while whose side their "new" government was on.

* * * * *

This abrasive situation continued for another 13 years. For 30 years the Jews, the Rothschilds, and the eastern bankers had fomented a virulent campaign of hatred against the slave-owning southern states. The Jews were now orchestrating one of the most notorious and successful examples of their "Divide and Conquer" techniques, the North against the South. After a whole generation of detailed planning, conniving and conspiring, they found a most willing spokesman to lead their assault. Shortly after Abraham Lincoln was elected, the Civil War broke out in April of 1861. As planned, it proved to be the most tragic, destructive and insane war in American history. It devastated the South, including Texas, and changed forever the mentality of the White Race.

Although only a small portion of the war took place on Texas soil, nevertheless the Texans contributed heavily to its efforts and incurred disastrous losses in men killed and wounded. When it was over, Texas, along with the other Southern states, became occupied territory, occupied by a hostile, hateful, Jew-controlled Federal government. On June 19, 1865, General Gordon Granger of the Union Army landed in Texas. Some 52,000 bluecoats were sent to the border (southern) area alone, to rule, humiliate and tyrannize the White population. Their Texan former government was declared null and void, their plantations and farms were devastated. The niggers, of which there were now 200,000 in Texas, ran rampant. Although these niggers were illiterate, dumb and savage, they, along with the northern carpet baggers became the electorate and the rulers. Texas was now under military rule, whether they liked it or not. Niggers now terrorized cities such as Victoria, burned down some towns such as Brenham. The Union troops jeeringly stood by and condoned such atrocities. The White Texans, it seemed were now helpless to defend themselves and were ruled by the most vicious and hateful enemies - the niggers and the Jew controlled JOG, the Jewish Occupational Government.

* * * * *

For nine years these stalwart Texans endured these humiliations, atrocities and thievery of their liberties and their properties. Then by 1873 they finally got their act together and having thoroughly learned their lesson of fraud, manipulation and chicanery from their oppressors, they finally ousted JOG's tyrannical Governor E. J. Davis, and replaced him with their own man, Richard Coke, although they had to break down the door of the Governor's office to do so. They also now replaced the legislature with members of the former rebel army, they abolished the dreaded "state police" of the JOG, and wrote themselves a new constitution.

One of the notable features of this new constitution was its limitations of powers of the government. The Texans had learned a hard lesson and they instinctively distrusted government, all government. They now no longer looked to government and what it could do for them, but agonizingly realized what government could do to them. The powers of the governor of Texas were now one of the weakest in the country.

The Indian and the Mexican problems were still very real in this badly devastated state. The Indian raids, severe during the war, continued with increased fury after the surrender of the Confederates. From 1865 to Aug. 5, 1867, reports from county judges show that 163 persons were killed by

Important Note:

Dear participants in the White Racial Match-Making Service, please be patient!

It takes time and effort to develop a good match-making master list. The problem is that most of our responses are coming from men. But, we are sure, with time we will reach a more diverse group of eligible White people, not only in the U.S., but also Europe, Australia and South Africa.

Harold is making it a full time slander campaign to compose the filthiest, sleaziest accusations against me that are so vile, so vicious I couldn't imagine anyone being able to invent such filthy episodes. However, Harold did support a convicted sex pervert and child molester by the name of Frank Collin in Chicago. For five years he funded him, ate with him and slept with him. Strangely, Hemorrhoid Harold seems to be obsessed about anal sex, and revels in endlessly recycling such filth. The only conclusion I can come to is that he is vicariously re-living his own sexual perversions and experiences with Frank Collin and other homos, by putting them in writing and attributing them to someone else. As Carlos Porter, who knows Hemorrhoid Harold, has testified, Harold Covington used the same type of sexual smear and slander campaign for 10 years against Commander Matt Koehl of the N.S. White Peoples' Party, trying to besmirch his reputation by means of the big lie technique. This swine of a Covington has now invented an alter ego by the name of Charles Williams who supposedly

may be, we are not going to let filthy Hemorrhoid Harold and his Jewish promoters slow down the expansion of Creativity in the slightest. Delenda est Judaea! Delenda to skunks!

visited me for a few minutes at some unspecified date. This too is a vicious lie. I have never met any Charles Williams and doubt that he exists.

Nobody really believes Harold's filthy lies. Furthermore, I have never met Harold, and he has not the slightest evidence or reason to launch his tirade of sleazy lies. However, for those prurient few who may have some lingering doubts and want me to make a forthright denial just for the record, I will reluctantly oblige, although it is extremely painful for me to do so. I categorically and vehemently deny associating with any homos or sex perverts in all the 73 years of my life nor have I ever had the slightest inclination towards any form of sexual perversion. I regard such creeps as an abomination against Nature and they are highly repugnant to me. In fact, I hardly took note of their existence until about 15 years ago when singer Anita Bryant confronted the homosexual brigade. I was shocked when watching a television interview and saw one of those creeps sneak up and smash a lemon pie in her face - in full view of the TV cameras. Neither the cameraman nor the interviewer rushed to her aid, but calmly kept her on camera. That brought home to me the fact that these miscreants had not only escaped from the closet, but were now highly organized.

I also vehemently deny another vicious lie being spread by Covington, namely the accusation that I am a Jew. My Mennonite ancestry and genealogy is fully chronicled, not only in my 500 page autobiography, but also by the Klassen family Genealogy, compiled earlier by one of my uncles, and numerous other official records. Repugnant as these foul, vicious lies

(IMPORTANT NOTE: At this point we Creators would like to clarify a very prevalent misconception that one cannot join the Creativity Movement without changing his eating habits. That is simply not true! Our goals of Salubrious Living, Latin as a universal language, organic farming, Eugenics, etc., are the long-term ADVANCEMENT-stage goals. Therefore, their immediate implementation is not necessary for becoming a Creator. We Creators recognize that even the longest journey starts with the first steps! We urge every White person to read our books, join our Movement and take the first steps in the long and glorious journey towards a New White Renaissance, a Whiter and Brighter World, and a Glorious Era of the White Superman.) \$5 each / Carton of 12 -- \$30 / Carton of 48 -- \$100. Racial Loyalty -- November 1991 -- Page 11

America is Fallen

by Charles Schauf

America has become a whore,
Who has not had her?
All the races of the earth have come to
sniff cocaine in her gaudy bedroom.
America began as a beautiful 17 year old
Nordic from New England,
And she ended as an ugly sixty year old
Zionist from Los Angeles.
Come away from her,
Do not share in her infected bed.
This time there must be no concessions to
Babylon.

We must perfect ourselves in evolution's
upward path.

Prostitutes and bastards can not be
carried forward into the next Aryan order.

Godlike men were defeated not for being
too ruthless but for not being ruthless
enough.

Real Resistance

by Charles Schauf

Political philosophy is a front for
biological drives.

Multi-racialism is the will-to-power of
minority races.

Nevertheless, every autumn the children
are brought to the sacrificial altars of school
integration.

White parents have watched non White
races assaulting our proud race and culture,
And when lunch money is stolen, or
virginal breasts are grabbed, the children are
called bigots for complaining.

But poor whites cannot run away to the
exurbs like the Yuppies.

White pride rises among the poor, who
shave their heads, gird their loins, and
defend themselves.

Laws are silent in the midst of arms.

-Cicero

Dare to do your duty always; this is the
height of true valor.

-C. Simmons

The first loyalty is loyalty to ones own kind.
Nothing is more important than that ones own
kind survive. The race is the real thing.
Governments are books and papers and man
made laws. Governments can be created
overnight and destroyed overnight. But the race
has continued from the dawn of time and will
continue forever so long as people remain loyal
to it. And if it passes from existence it can never
be remade again.

-Anonymous

Racial preservation is the first law of
nature; racial sacrifice the highest rule of grace.

-Anonymous

(Continued from Page 8)

Indians, 43 carried away into captivity. In this matter, too, the Texans took a firm hand. They re-invigorated their Texas Rangers, and under the capable leadership of Colonel Randal Mackenzie on the western frontier with 1000 Rangers in command of the Frontier Battalion, he destroyed the Indian tribes, using the tactics of hot pursuit wherever it would lead. They organized a Ranger Special Force on the Rio Grande under the leadership of the famous Leander H. McNelly to bring the Mexican depredations to a halt on that frontier.

By 1880, these heroic Texas Rangers had done their job and done it well. The last settler had been killed by Indians and the last Indian shot by the Texas Rangers. The frontier was secure.

* * * * *

We now come to analyze the situation as it exists today in Texas, and in the United States.

The Civil War put the Jews and their money power in flagrant control in Washington and in the state Capitals. They have remained in power ever since, the sinister and hidden enemy of not only the Southern Whites, but all White people. They have been diabolically clever in using their vast financial resources to expand that power and to enslave the White Race all over the world, using the White Race itself as a tool in their vicious technique of Divide and Conquer.

Today our main enemy is still JOG, and not much has changed, except now the Indians and the Mexicans are not our only threat. Now the Mexican horde has been increased to flood proportions, but it has also been augmented with Cubans, Haitians, Hindus, Pakistanis, Chinese, Japanese and hordes of other alien mud races. Like the situation in Texas a century ago, JOG is doing nothing to stop the invasion. On the contrary it has opened the doors wide and is encouraging the mud flood, rewarding it with welfare and subsidization after these parasites get here. All this at the White Man's expense, and aimed at the destruction of the White Race.

What can we do about it? What can we learn from the Texans who cleansed the muds out of their territory by 1880?

1. The first thing we can learn is that the cleansing action, heroic as it was then, was not permanent. Today there are more Mexicans in Texas, (as well as California, Arizona, New Mexico and other states) than there were in Mexico a century ago. And they are still coming in droves.

2. The reason we have not stopped the mud flood is because the White Race has never gotten their act together to extirpate the real cause - the Jewish virus which was the cause of the Civil War, and a host of other wars (W.W. I, W.W. II), all of which have been devastating to the White Race.

3. The reason we, the White Race, have succumbed to the deadly Jewish virus is because of our blindly clinging to the destructive Jewish mind-scrambler, namely Christianity, which teaches us that we must love our enemies, and that the Jews are God's chosen.

4. The solution is what the C.O.T.C. has advocated repeatedly: we need a racial religion of our own, based on reality and the survival, expansion and advancement of our own kind. With Creativity we now have such a religion, one around which we can now rally the total White Race and cleanse the world of the expanding mud races with the same zeal and determination as the Texas Rangers did in the last century.
